Office of  
The President

Dear Dr. Hogan:

Thank you for your letter of June 14, 2012, transmitting a modified prospectus for the off-campus site in Belgrade, Serbia, where the M.B.A. degree program was offered, effective summer 2011.

The location of the site is as follows:

Faculty of Economics  
University of Belgrade  
Belgrade, Kamenička 6

The program (Belgrade Graduate Business Programs) represents a partnership between A&M-Commerce and the Faculty of Economics of University of Belgrade. FLAG International will serve as the University's "local agent," coordinating the programs' promotions, events, administration, and classes.

Instruction will be delivered by full-time faculty members from A&M-Commerce and full-time faculty members from the Faculty of Economics at the University of Belgrade. The program is the same as the program offered on the main campus. All faculty members are selected and evaluated by the A&M-Commerce Graduate School. The faculty roster documented appropriate qualifications for faculty members teaching in the program.

Students have access to learning resources through the University's virtual private network. Electronic and print discipline-specific learning resources to support the program were listed. Classes are offered face-to-face on the Belgrade University campus and online via eCollege at A&M Commerce. Physical resources appear adequate. Admissions and registrations are available through an integrated web interface. Technical support is available to students. Advising takes place through the College of Business and Entrepreneurship Mentoring and Advising Center.

**We approve the off-campus site in Belgrade, Serbia, and request no further information.**

Approval of an off-campus site is effective for a maximum of five years. The site will be reviewed again as part of the institution's fifth-year or decennial review.

The institution submitted a policy and procedure for timely submission of substantive changes which was reviewed by the Commission's Board of Trustees at its June 2012 meeting. It will submit a monitoring report for review at the December 2012 meeting.

Enclosed is an invoice for \$300 to help defray the cost of reviewing the prospectus.

Best regards,
