

University Executive Council  
October 4, 2017 | BA 290 | 3:00 p.m.

- Workday Update (Tammi Thompson)
  - EPA's must be completely routed by November 20
    - After that date, EPA's will be frozen until December 31
    - If a hire is needed for a department, HR will work with The A&M System to manually create an EPA
  - Training assignment emails have been sent
    - Completion rate is higher than that of the rest of the System
    - First trainings due in October
    - Merit and Performance Management trainings will take place in March
    - Admin webinars will begin the week of October 16
      - Five weeks of training
      - Options for Tuesday, Wednesday, or Thursday each week
      - Limited seating
      - Can be completed at their desk
  - Contact [Workday@tamuc.edu](mailto:Workday@tamuc.edu) with any questions
- General Update (Ray Keck)
  - Homecoming Events
    - Professor Mayo's Dream Celebration
      - Friday, October 13, 2017
      - Free event to say "thank you" to donors
      - Bring together donors and recipients of scholarships
      - Focus on creating excitement about giving
      - Rethinking scholarship award process
        - Many scholarships have gone without being awarded to anyone because the recipient never accepted the scholarship
        - Considering allowing a limited amount of time to accept the scholarship before awarding to another student
    - Will not have a Homecoming Parade this year
    - Multiple organization/affinity breakfasts across campus
    - Sigma Chi breaking ground for their chapter house
    - Buildings will be unlocked to allow alumni to visit Department Heads and faculty across campus
  - Sam Rayburn Speaker Series (Dr. Philip Bobbitt) – October 11
    - Moved from 11:00 a.m. to 10:00 a.m.
    - All signature course students will attend
  - Both Rebecca Skloot and Dr. Pedro Noguera events went very well
- Virtual Campus Tour Demo (Scott Cason and Paul Bryan)
  - Promotional at Homecoming for signing up to be Pride Ambassadors
  - Campus Bird software
    - Capable of creating campus map renderings, self-guided tours, 360° walking tours, aerial views
    - Possible integration with shuttle service for bus tracking and stop location identification
    - Building-to-building and room-to-room directions available
    - Parking, construction, safety, and other information can be added which can also be embedded into webpage
    - Event-based overlays are possible (for example, Homecoming events)
    - Custom printable maps

- Announcements
  - Phase 3 rewiring cut will be completed this evening
  - Fill the Field House (basketball) is scheduled for Senior Day
  - Basketball will be free for faculty and staff
  - Professional Development Day is taking place tomorrow
  - DACA meeting is taking place tonight with SGA and other student organizations: 6:00 p.m. in BA 221
