PERSONAL SUMMARY

I am a highly motivated professional possessing a natural drive with proactive, strong work ethics and also a clear understanding of how to establish, maintain and develop effective working relationships with teams. I have comprehensive knowledge of civil engineering works – structures and energy. Interestingly, I also have a keen interest in finance specifically investment banking and portfolio management. I am excited about new roles that offer opportunities to work with and learn from industry experts.

KEY SKILLS

- Quick Thinking: I pick up new ideas and process information quickly and easily. Skilled at analyzing and interpreting complex information
- Written and Oral Communication: A good writer and speaker, I express ideas and positions clearly.
- Technical competence: Especially in the creative and logical thought process involved in resolving [design] problems
- Financial Analysis: Competence in Macroeconomic research, Financial Analysis of Sectors (Oil & Gas, Banking) and Specific Companies.

EDUCATION

Bachelor of Engineering with Second class (Upper division) in Civil Engineering **July 2015**
Covenant University, Ota, Ogun

Senior School Leaving Certificate **June 2010**
Immaculate Conception College, Benin-City, Edo
