SUMMARY

The pursuit of knowledge is a rewarding adventure full of curiosity and satisfaction. Although we never stop learning, education itself allows us to work together so that we may uncover the wonders of our world. I want to encourage people to see these discoveries as a means to positively impact those around us in a lasting way.

EDUCATION & RELEVANT COURSEWORK

2022-Present **PhD in English; Emphasis in Rhetoric & Composition**

Texas A&M University-Commerce
