Associations

American Criminal Justice Association/LAE

I currently serve as the Vice President of the American Criminal Justice Association-April 2020 to Present.

Today's American Criminal Justice Association/Lambda Alpha Epsilon shows more than 145 chapters throughout the 50 states, comprising over 4,500 members, including "at-large" membership throughout the world. Truly the ACJA has grown beyond the wildest dreams of the small group of "Founding Father's" who met in Hayward in December of 1937. The world has changed, a profession has emerged and each of us, over the years, by the joining of hands and acts of mutual cooperation and understanding, has helped to forge a better community.

LAE has served a valuable purpose over each of the decades of its existence: It is this writer's hope that each future generation will be as successful in their own time as have been those of the past.
