PROFESSIONAL EXPERIENCE

Environmental, Health and Safety Director / QHSE Manager

Oil and Gas, Industrial Services, and Nuclear Operations

Over 20 years of professional experience

- More than 20 years of progressive leadership experience in environmental, health, safety, quality, and risk management.
- Directed EHS programs supporting oil and gas, refinery, petrochemical, pipeline, industrial construction, heat-treatment, and nuclear operations.
- Developed and implemented corporate safety programs, regulatory compliance systems, employee training, incident-prevention initiatives, and risk-management strategies.
- Provided leadership in OSHA compliance, environmental management, DOT/FMCSA requirements, emergency preparedness, contractor safety, auditing, and corrective-action management.
- Conducted and led investigations involving workplace injuries, motor-vehicle incidents, near misses, equipment failures, and operational events.
- Served as a TapRoot® Team Leader/Lead Investigator, applying structured root-cause analysis to identify causal factors and develop effective corrective actions.
- Delivered safety, environmental, and regulatory training to employees, supervisors, managers, and contractor personnel.
- Worked with leadership teams, clients, and regulatory stakeholders to improve safety performance and strengthen organizational compliance.
