---

**Academic Background**

**Academic Degrees**

Ph.D. University of Mississippi, Oxford, Mississippi, Production & Operations Management (Quantitative Methods, Organizational Theory and Behavior, and Economics Emphasis), 1971.

M.B.A. The University of Memphis (formerly Memphis State University), Memphis, Tennessee, Business Administration, 1965.

B.B.A. The University of Memphis (formerly Memphis State University), Memphis, Tennessee, Business Administration (Education Emphasis), 1964.

**Other Credentials & Relevant Courses Taken**

**Relevant Courses**

**Post-doctoral courses and seminars:** Computer Science, Psychology, Statistics, Organizational Development, Leadership, Quality Management, Operations Management, Change Management, Taguchi Methods, Quality Function Deployment, and Six Sigma. Post-doctoral Courses and Seminars by Dr. W. Edwards Deming, Dr. Joseph Juran, Dr. Peter Block, Philip Crosby, et al. Studied Organizational Transformation at National Training Labs (NTL), Bethel Maine.

**Doctoral courses:** Production and Operations Management 10 hours dissertation (plus 12 hours - 3 hours quantitative); Quantitative Methods (9 hours); Organizational Theory and Behavior (12 hours); Economics (12 hours - six hours Quantitative); Accounting (3 hours)

**MBA courses:** Management (5), Finance (2), Managerial Accounting (1), Economics - Investments (2), Business Education (2)

**Work Experience**

**Work Experience**

Professor (progressed from Assistant to Associate to Full Professor, Texas A&M University-Commerce (August, 2002 - Present), Commerce, Texas.

I am a Texas A&M University System Regents Professor.

Also, I am a full professor in the Management Department, College of Business at Texas A&M University-Commerce. My responsibilities are in the areas of Teaching, Research, and Service.

Co-Owner, Golden Pryor Consulting and Training (January, 1999 - Present), Commerce, Texas, United States of America. Training and consulting expertise includes: Strategic Management, Leadership Development, Operations Management, Performance Excellence/Process Improvement, Six Sigma, Statistical Process Control, Organizational Development, Systems Improvement, Self-Directed Work Teams, High Performance Teams, Teambuilding, and Quality Award Criteria and Assessments.

Director, Organizational Development and Training, Campbell Soup (January, 2000 - July, 2002), Paris, Texas, United States of America Responsible for implementing High Performance Work Teams focused on improving safety, quality, productivity, and cost. Responsible for organizational development, training, staffing, and process improvement activities **Wrote, acquired, and administered State grants (\$134,000 Smart Jobs Grant and \$500,000 Skills Development Grant) that were used to support cross training and operator certification, a new concept at this union facility.**

Director and Executive in Residence, E-Systems, Raytheon (now L-3) (June, 1992 - December, 1999), Greenville, Texas, United States of America.

Served as Executive-in-Residence, responsible for the design and operation of the Center for Excellence, a Texas A&M University-Commerce and E-Systems (Raytheon) partnership which offered courses, workshops, seminars, applied research and consulting, as well as benchmarking and networking opportunities. Missions included: (1) To implement Continuous Process Improvement at TAMU-C and (2) To provide workshops and consulting to other organizations in the improvement mode of operation. For Mission One, I served as an internal consultant for the design and implementation of a continuous improvement system at TAMU-C, worked with teams focusing on improving processes and relationships and eliminating process constraints and non-value activities, and assisted with strategic planning. For Mission Two, I achieved significant positive visibility for the University and played a socially responsible role as I assisted K-12 schools, healthcare institutions, factories, banks, and other organizations with process and relationship improvement. I also assisted with Six Sigma and other continuous improvement efforts for the I<sup>2</sup>AIS Division of Raytheon.

Director (previously Manager), E-Systems, then Raytheon (now L-3) (December, 1985 - June, 1992), Greenville, Texas, United States of America.

Responsible for the design, implementation, and operation of the Continuous Improvement System at E-Systems, Greenville Division (Raytheon, L-3). Responsible for significant savings through the involvement of (and improvements in) areas such as Engineering, Finance, Human Resources, and Materiel, as well as Quality, Hangar Operations, and Manufacturing. Baselines improved include safety, quality, cycle time, and overtime, as well as the elimination of process constraints and non-value-added activities. This enabled us to submit aggressively lower bids and win new programs in an era of shrinking defense budgets and fierce competition. In addition, I was a consultant for process improvement, people and organizational development, succession planning, change management, statistical methods, and organizational restructuring. I was also responsible for interface with military and non-military customers, suppliers, and sister Divisions. This included assistance with the design and deployment of their improvement initiatives. Military customers included: Andrews AFB, Tinker AFB, Wright Patterson AFB, DCMC Dallas and San Antonio, and Air Force Intelligence Command.

Chairman, Management and Marketing Department and tenured Full Professor, Stephen F. Austin State University (September, 1979 - August, 1984), Nacogdoches, Texas, United States of America. Responsible for the management of all resources including faculty, budgets, etc. Numerous assignments as chairman and/or member of various committees, teams, and cabinets with major responsibility, interacting with and/or reporting directly to the president or vice president of the university. Examples are: President's Cabinet, Long-Range Planning Team, Research Council, Faculty Senate, and Chairman's Forum. Developed an Executive-in-Residence Program and acquired the first donation to be designated to the Management and Marketing Department. CONOCO provided the first Executive-in-Residence and the first donation.

Tenured full professor (promoted from Assistant in 1968 to associate to full), East Texas State University (now Texas A&M University-Commerce) (August, 1968 - August, 1979), Commerce, Texas, United States of America. Taught Management Courses, Developed new Management Courses, Served on a variety of committees and teams in service to ETSU, the College of Business, and the Marketing and Management Department.

Management courses included Production and Operation Management, Production Control, Business Strategy, etc. During 195-1976, I took a leave of absence from ETSU and taught the military in England, Germany, and Turkey.

Professor, Troy State University (European Division) (September, 1975 - August, 1976), England, Germany, and Turkey, England. Through the Troy State University European program, I served as professor at various military bases, including Alconbury England; Bentwaters/Woodbridge, England; Wiesbaden, Germany; and Karamursel, Turkey. I taught graduate courses to United States Military Officers. Courses included Quantitative Methods, Organizational Theory and Behavior, Personnel Management, and Operations Management.

Teaching Awards were championed by the CEC of the TAMU System. [Type: Award] [Category: Teaching]  
[Status: Received]

2010-2011: Teaching Excellence Awards (2012, 2011, 2010), Texas A&M University System. Students chose professors they wanted to receive the Texas A&M University System Teaching Excellence Awards. These System Teaching Awards were championed by the CEC of the TAMU System. [Type: Award] [Category: Teaching]  
[Status: Received]

## Teaching

### **Courses Taught**

MGT 594 Transforming Organizations  
MGT 585 Management and Organizational Behavior

### **Teaching Activities and Efforts toward Continuous Improvement**

2017-2018 - MGT 527 Strategic Management (Graduate course).

**Course Description:** A study of administrative processes and policy determination at the general management level through the use of case analysis. Course is open to Business majors only. Course should be taken during semester of graduation. (Required for MBA and MS Management Degrees).

**Global Course:** MGT 527, a Texas A&M University-Commerce Global Course, seeks to prepare students for an interconnected world through a focus on improved global competence. As a part of their respective Strategic Audits, students will demonstrate ability to apply their knowledge of the interconnectedness of global dynamics as they analyze organizations, their industries, and their internal and external environments. After grading, students will submit their Strategic Audits to ePortfolio, ManeSync tab. This course meets QEP Global Objectives 1 and 2. Final grades are input AFTER Strategic Audits are submitted to ePortfolio.

One innovation was: Student teams are required to develop team strategic plans and execute them during the semester. I now require this in all classes that I teach.

Innovations in Course Content / Presentation.

2017-2018 - MGT 591 Quality Management.

**Course Description:** Quality Management is a course in which students learn continuous improvement philosophies and methodologies. The focus is on the continuous improvement of processes, relationships, products and services. Students completing this course will be able to establish and improve process baselines in educational institutions, engineering and manufacturing organizations, health care facilities, financial institutions, governmental agencies, and service organizations, Examples of process baselines are safety, customer satisfaction, quality, cycle time, and on-time delivery.

One innovation was the requirement that each student will design a Strategic Quality Management system and implementation plan and include the plan for the culture and infrastructure required to make it work.

Innovations in Course Content / Presentation.

2017-2018 - Institutional Effectiveness Plan and Results for the MBA Degree (Annual).

As the IE author for the annual MBA Degree Plan and Results, I am responsible for coordinating and assessing the degree program goals. I am involved in data collection, creation and standardization of rubrics and streamlining feedback between learners and faculty to help build a culture of continuous improvement.

Program Assessment Projects.

2017-2018 - Global Supply Chain Management.

Global Supply Chain Management explores the key issues, theories, and tools associated with the design, management and improvement of integrated global supply chain systems. It focuses on the strategic, tactical, and financial aspects of supply chain management. Also, it provides an overview of concepts and decision processes that can be used to effectively and efficiently manage the flow of goods, services, and information in a global environment.

Firms are procuring, producing, and selling globally which requires ever increasing amounts of coordination within the firm and with supply chain partners. This course will be included in the MS Management Degree.

Course (New) - Creation/Delivery: Online.

2017-2018 - Operations Management (Graduate Course).

A study of the use of Operations Management concepts, models, methods, and tools to ensure effectiveness and efficiency in for-profit and not-for-profit, private and public organizations. The focus is on the transformation of inputs (e.g., labor, materials, machinery, and methods) into outputs (i.e., goods and services) for customers and other stakeholders. This course will be included in the MS Management Degree.

Course (New) - Creation/Delivery: Online.
