COURSE INFORMATION

Required Textbook

Creating Sustainable Work Systems, 2nd edition
Peter Docherty, Mari Kira, and A.B. (Rami) Shani (2009), Routledge.
ISBN: 978-0-415-77272-3 or eText (978-0-203-89002-8).

Course Description

This is an advanced course on creating sustainability in the contemporary enterprise. It includes the consideration of human and material resources and how they are required for maintaining, supporting, and managing a business or industry in the global environment with emphasis on the principles and strategies for maintaining sustainable practices and materials over the long-term. Additional topics may include: resource management, consumption, product development and production, distribution, packaging, and waste management, and other ecological issues and concerns. Student will be expected to conduct research on assignment topic(s) and to prepare written documents for evaluation.

Emphasis will be placed on professionalism, etiquette, and awareness of a multi-cultural environment in both internal and external communications. MS Word, MS Excel, MS PowerPoint, and E-mail will be reviewed as tools of information exchange.

Course Objectives

- Develop an awareness of the vision and values for sustainability in personal and business settings.
- Develop an awareness of personal and company identity transformation for sustainability.
- Develop an awareness of work and work system solutions for sustainability.
- Identify the development phases and tipping points toward sustainability.
- Recognize the indicators of sustainability in order to measure the outcomes.

TECHNOLOGY REQUIREMENTS

First time eCollege users:

Students taking online courses are required to familiarize themselves with eCollege by going through the eCollege tutorial or orientation process. This will ensure that each student will have sufficient knowledge on how to accomplish the requirements of the course. It is NOT the Instructor's responsibility to teach students how eCollege works. **The Instructor assumes that each student has a working knowledge of eCollege and has a MyLeo e-mail address.** Students can access the online eCollege Orientation by selecting the link to **Online Student Tutorial** before you enter your course.

Hardware/Software Requirements:

As the course is conducted totally online, students will be expected to have basic computer literacy skills, access to a reliable computer with a reliable Internet connection, and Microsoft Office 2007 or later. Also, back-up access to required electronic resources is necessary for successfully completing this course. College and public libraries are a great resource for back-up technology and Internet resources. For those students in doubt about the necessary technology, refer to the following website: <http://online.tamuc.org/index.learn?action=technical>

Email:

As a student enrolled at Texas A&M University-Commerce, you have access to an email account via myLeo. All emails sent by me from eCollege (and all other university emails) will go to this account, so please be sure to check it regularly. Conversely, you are to email me via the eCollege email system or your myLeo email as our spam filters will catch yahoo, hotmail, etc. and I will not check for your email in spam.

ACCESS AND NAVIGATION

Technical Support:

If at any time you experience technical problems (e.g., you can't log in to the course, you can't see certain material, etc.) please contact the eCollege Help Desk, available 24 hours a day, seven days a week. The Help Desk can be reached by sending an email to helpdesk@online.tamuc.org or by calling 1-866-656-5511. Additionally, you can click on the "Help" button located at the top of each page for more information.

Course Concerns:

If you have questions pertaining to the content of this course (e.g., questions about an exam, about course due dates, etc.), please contact your instructor via email or through the "Virtual Office".

COMMUNICATION AND SUPPORT

The **first** way to contact me is by email. This is an online course; therefore, expect most communication to be online as well. **All emails must include BAAS 355 in the subject line, student name and CWID, and use proper email etiquette.** The instructor will make every effort to respond to emails within 24 to 48 hours Monday-Friday, provided the correspondence follows the requirements listed above. **NOTE: Leo-Mail will be used for all communication for this course! You must check your Leo email on a regular basis!**

In order to avoid duplication of questions and answers, I prefer that you post all class related questions in Virtual Office. It is likely that your peers will have the same question. Questions or concerns of a personal nature should be sent to my email address via eCollege.

COURSE AND UNIVERSITY PROCEDURES/POLICIES

Student Responsibilities:

- Stay active in the course by logging into the course on a regular daily basis. Any student who will not be able to log into the class web site for more than **five (5) days** (i.e., because of an extended business trip) should contact the instructor in advance
- Complete assignments as specified
- Always read every course **announcement** at the top of the course. Feedback for assignments, university announcements, and major department announcements will be posted to this forum. These announcements are placed in your course to help you so please take the time to read and understand each announcement. Announcements are time sensitive so they will only be available for a limited period of time.
- Learn to **proficiently** use the eCollege system

Every student has the right to drop the course without penalty until the drop-date listed in the university academic calendar. Students dropping the course during this period will be given a 'Q'. If a student stops attending class, or is not satisfied with his/her grade in the course and wishes to drop, it is the student's responsibility to drop the course. A student may drop a course by logging into their myLEO account and clicking on the hyperlink labeled 'Drop a class' from among the choices found under the myLEO section of the Web page

Professional Conduct:

The instructor reserves the right to manage a positive learning environment and thus will not tolerate inappropriate conduct in the course. Students must contribute appropriately to the class. I expect every student to maintain a professional level with respecting opinions of the instructor, students, and guest speakers. In extreme cases where professional conduct is not observed, the instructor reserves the right to **administratively drop** a student from the class with a final grade of 'F'.

Academic Integrity:

If you are to excel in this course, the need for collaboration is undeniable, even in cases of individual work. There is a fine line in this process. You are encouraged to seek the help and advice of others. However, you **must** do your own work. My policy, which will guide this course, is this: **I trust you to behave honestly and ethically in all circumstances**. Please ask me if you have questions about what is proper and what is not.

Academic Honesty: Plagiarism and other forms of academic dishonesty will not be tolerated. All students must complete, submit, and adhere to the Academic Honesty Policy of the College of Business and Entrepreneurship. No assignments will be graded until the completed honesty policy has been submitted.

UNIVERSITY SPECIFIC PROCEDURES

Student Conduct:

All students enrolled at the University will follow the tenets of common decency and acceptable behavior conducive to a positive learning environment. See Student's Guide Handbook, Rules and Procedures, Code of Student Conduct at <http://www.tamuc.edu/studentLife/documents/studentGuidebook.pdf>.

ADA Statement:

The Americans with Disabilities Act (ADA) is a federal anti-discrimination statute that provides comprehensive civil rights protection for persons with disabilities. Among other things, this legislation requires that all students with disabilities be guaranteed a learning environment that provides for reasonable accommodation of their disabilities. If you have a disability requiring an accommodation, please contact:

COURSE REQUIREMENTS

Discussion Board (6): 5% each – 30% of total course grade - Each student is required to post and reply to every topic for full credit. Merely making a post to the topic will not ensure full credit. **You must discuss the topic, which, at the very least, requires an initial post and two replies.** Discussions will be graded on content – in other words – quality control. I expect to see that you are actively participating and actually thinking about your posts and responses. For a discussion to take place, you must make posts as well as respond to each topic. The grammar, spelling, punctuation, and capitalization must be correct in order to receive full credit. **In order to give students a chance to reply, an initial post cannot be done on the day the Discussion Board is scheduled to close.** You will not receive full credit if all posts for the module are submitted at one time. To help you stay on schedule, **suggested posting dates are in BLUE**, and **final due dates are in RED on the course calendar.**

Discussion Board Grading Rubric			
Max Score	Proficient	Needs improvement	Unacceptable
70	Engaged in a professional conversation with colleagues. (51-70 points)	Conversation lacks substance (35-50 points)	Did not engage in a professional conversation with colleagues (0-34 points)
30	No spelling, grammar, or formatting errors (30 points)	Minor errors in spelling, grammar, or formatting. (20-29 points)	Major errors in spelling, grammar, or formatting. (0-19 points)
Total: 100			

Quizzes (2): 15% each – 30% of total course grade – Each quiz will be open for four days and will cover specified chapters. Quiz question format will be multiple-choice and True/False. **Open date (quiz opens) is in GREEN on the course calendar.** **Due date (quiz close date) is in RED on the course calendar.**

Sustainability PowerPoint (1): 10% of total course grade – Each student will use the online library databases to find and read a **peer reviewed journal article** related to sustainability in work systems. Next, each student will create a basic PowerPoint presentation that briefly summarizes the “sustainability issue” the article was about (use brief phrases on each slide). The PowerPoint should have a minimum of six slides and a maximum of nine slides (includes Title Slide and Ending Source Slide). A Grading Rubric will be used to grade the PowerPoint. **Due date is in RED on the course calendar.**

PowerPoint Grading Rubric			
Max Score	Description		
	Proficient	Needs improvement	Unacceptable
30	Utilized appropriate information to meet the objective of the assignment (21-30 points)	Minor errors in utilization or application of information (10-20 points)	Did not utilize information (0-19 points)
60	Appropriately addressed each assigned areas (40-60 points)	Addressed some of the assigned areas (20-39 points)	Did not address the assigned areas (0-19 points)
10	No spelling, grammar, or formatting errors (10 points)	Minor errors in spelling, grammar, or formatting (5-9 points)	Major errors in spelling, grammar, or formatting (0-4 points)
Total: 100			

Team Research Paper: 25% of total course grade – Students will form teams to complete and submit a research paper on sustainability. Details of the assignment will be posted in eCollege. A Grading Rubric will be used to grade the Research Paper. *The instructor reserves the right to reduce a student’s grade on the team research paper if the student receives a “poor” evaluation on the Team Member Peer Evaluation from his/her teammates.* **Due date is in RED on the course calendar.**

Research Paper Grading Rubric			
Max Score	Description		
	Proficient	Needs improvement	Unacceptable
40	Utilized appropriate information to meet the objective of the assignment (28-40 points)	Minor errors in utilization or application of information (15-27 points)	Did not utilize information (0-15 points)
40	Appropriately addressed each assigned areas of research (28-40 points)	Addressed some of the assigned areas of research (15-27 points)	Did not address the assigned areas of research (0-15 points)
20	No spelling, grammar, or formatting errors (20 points)	Minor errors in spelling, grammar, or formatting (10-19 points)	Major errors in spelling, grammar, or formatting (0-9 points)
Total: 100			

Team Member Peer Evaluation: 5% of total course grade – Each team member will submit a peer evaluation form showing their perception of other team members’ participation and contribution to the finished project. The peer evaluation grade is an average of the points that each team member assigns to other team members. The evaluation is due at the same time as the research paper. **Due date is in RED on the course calendar.** *The instructor reserves the right to reduce a student’s grade on the team research paper if the student receives a “poor” evaluation from his/her teammates.*

Team Member Evaluation			
Max Score	Description		
	Good	Average	Poor
25	Dependably completed his/her share of the project responsibilities (21-25 points)	Completed most of his/her share of the project responsibilities. (16-20 points)	Completed little to none of his/her share of the project responsibilities. (0-15 points)
25	Cooperated well with other team members. (21-25 points)	Mostly cooperative with team members. (16-20 points)	Non-cooperative with team members. (0-15 points)
25	Completed his/her assignments on schedule. (21-25 points)	Completed his/her assignments as scheduled, but did not always do so in a timely manner. (16-20 points)	Did not complete assignments on schedule, or completed assignments late. (0-15 points)
25	Communicated in an effective way throughout the project. (21-25 points)	Communicated during the project, but often had to be prompted by other team members. (16-20 points)	Did not communicate effectively throughout the project. (0-15 points)
Total: 100
