TECHNOLOGY REQUIREMENTS

The following information has been provided to assist you in preparing to use technology in your Internet based course.

The following technology is required to be successful in this course.

Internet connection – high speed recommended (not dial-up)
Word Processor (Microsoft Office Word – 2007 or 2010)
Access to University Library site
Access to an Email

Our campus is optimized to work in a Microsoft Windows environment. This means our courses work best if you are using a Windows operating system (XP or newer) and a recent version of Microsoft Internet Explorer (7.0, 8.0, or 9.0).

Courses will also work with Macintosh OS X along with a recent version of Safari 2.0 or better. Along with Internet Explorer and Safari, eCollege also supports the Firefox browser (3.0) on both Windows and Mac operating systems.

It is strongly recommended that you perform a “Browser Test” prior to the start of your course. To launch a browser test, login to eCollege, click on the ‘myCourses’ tab, and then select the “Browser Test” link under Support Services.

COURSE REQUIREMENTS

Activities / Assessments

Knowledge of the substantive material covered in the course is of central importance. Grades in BAAS 444 are based upon a student’s work in content areas that reflect the course objectives and the core communication skills that students are expected to learn. Each of these content areas represents a fixed percentage of the course’s content.

Since this is a senior level course, grading will include consideration of content as well as grammar, spelling, style, and organization. In addition late submission to any of the requirements in this course will not be accepted. Therefore, students are responsible for adhering to the scheduled due dates for all requirements in this course.

Academic Honesty Policy: Students are required to acknowledge the Academic Honesty Policy (found under Module 1 in the eCollege course). The purpose of the acknowledgement is to confirm that you have read and understand the Academic Honesty Policy. Grades for future assignments will receive a zero until this requirement is met.

Online Class Discussions – 55%: Each student will participate in online discussion forums on chapter topics. The discussion will only be available for a limited time period. Merely making a brief post or reply to each discussion thread will not ensure full credit. Discussions will be graded on quality of content. Discussion postings and replies should be reviewed for correct spelling, proper grammar, punctuation, and capitalization.

- The Chapter Discussion Boards are worth up to 55% of your grade. Each student is required to make thoughtful posts as well as replies to other students’ posts for the assigned chapter(s) and follow explicit instructions for posting requirements.
- The discussion board will count for the class participation component of your grade. If you were attending class, you would be expected to contribute to each class session, so you should treat the bulletin board as you would treat class participation. Keep in mind that *failure to post at all will result in student not receiving any participation points*. Plan to participate throughout the semester.
- It is the responsibility of each student to keep up with the scheduled readings and discussions for the chapters. In order to achieve the highest possible score for discussion participation, students should post more than the minimum replies to show active engagement in the discussion. **Once the chapters have been closed, they will not be reopened.**
- To help you understand the method of grading for discussion posts, please review the following:

Each Discussion Board will contain a discussion thread topic pertaining to a specific chapter in the textbook. Students will need to do an **Initial Post** to each Discussion Board topic along with the appropriate number of **Replies**:

Initial Post: Student provides thoughtful and thorough responses to each topic for discussion and uses an appropriate critical thinking level. Student gives particular attention to increasing their knowledge as they relate to concepts from the text as well as personal experience. Student is timely with providing appropriate responses so the class and/or group members have an opportunity to participate.

Replies to other students are also thoughtful and thorough and uses an appropriate critical thinking level. More than required replies to other students reflect actively engaging in class discussion.

1 Post + 1 Reply = “C”

1 Post + 2 Replies = “B”

1 Post + 3 or more Replies = “A”

Posting an initial response and one reply to another student for a Discussion Board topic is a minimal requirement and this can put you in the ‘C’ range for a grade. Additional points will be reduced for not relating discussion to appropriate concepts in the textbook, not relating discussion to relevant experience, and not posting according to time schedule. Students who do not apply critical thinking (add value by being thoughtful and thorough) to the discussion may earn a grade of zero for the discussion.

Students should complete a spelling and grammar check on all of their posts and replies.

Follow the **Assignment Calendar** due dates for Posts and Replies for each chapter Discussion Board. It is critical that students read ALL the postings for each topic. This will ensure that you not only respond to the topic questions but to your colleagues’ comments as well. Also, it will help in ensuring against anyone plagiarizing your work.

Course Objective/Learning Outcomes #2/3/4/5/6: The learner will confirm learning objectives presented in Chapters 1 through 11.

Quizzes (4): 4 at 5% each – 20% total: Students can access each quiz only ONCE and must adhere to the schedule for each quiz. Failure to complete a quiz by the due date will result in the student earning a grade of zero for the missed quiz. **Quizzes will not be reset. Please be sure you have a secure Internet connection before beginning a quiz.**

Assessment Method: True/False/Multiple-Choice

Course Objective/Learning Outcomes #2/3/4/5/6: The learner will confirm learning objectives presented in Chapters 1 through 11.

Final Case Exam: 20% total: The Final Case analysis is worth 20% of your final grade. This is an INDIVIDUAL assignment. The student will prepare a research paper that will analyze a case using the *Eight-Step Model* described in Chapter 2 (5th edition) of the textbook. The specific case will be announced at a later date by the instructor. **Students MUST use American Psychological Association (APA) style formatting and citation.** An online APA resource will be available under the Webliography tab within the eCollege course. The Final Case Exam will be announced when available. Assignment is expected no later than 11:59 p.m. (CST) on the day it is due.

Submitting papers: All written assignments must be submitted as a Microsoft Word file (.doc or .docx file extension) to the appropriate Dropbox within eCollege and be produced in **12-point Arial or Times New Roman Font, and double-spaced**. Always use block left format with jagged right margins. Always use tabs at the beginning of paragraphs. Proofread carefully. Grammar, punctuation, and style count heavily in this course. You will be amazed what *Spell Check* and *Grammar Check* will either miss or absurdly advise you to do. All Final Case Papers submitted to the Dropbox will automatically be submitted to [Turnitin.com](https://www.turnitin.com), which will produce an originality report for review (percent results will need to be 25% or less).

Course Objectives/Learning Outcome #1: The learner will prepare a research paper that will demonstrate and utilize critical thinking skills through an analysis process using a step-by-step method involving ethical issues and situations in business.

The Final Case Exam Paper is to include the following:

- Margins set to 1-inch Top/Bottom and 1-inch Right/left; Double-spaced; 12-point Arial or Times New Roman font; Title Page with paper title, author's name, and institution (Texas A&M University-Commerce) centered horizontally and vertically, and Header with Running head
- Headers with Title left aligned and page numbers right aligned; main headings and subheadings
- Reference Page in APA format; include hanging indent
- Minimum of 10 pages and a maximum of 12 pages (not including title page and reference page)
- Grading rubric will be available in the online course

COURSE AND UNIVERSITY POLICIES

Course Policies

Communicating with your Instructor:

Since this is an online course, communication will be conducted via myLeo Email. All Email correspondence will be through eCollege and myLeo.

Subject lines for all Email correspondence are required to have **BAAS 444** as the first item in the subject line. All email messages must contain student name as the last line in the message. Without the correct subject line and student identification, Email Spam filters used by TAMU-C will place your message in a junk Email folder where your message will be automatically deleted. Remember to professionally compose your Email messages with proper grammar and spelling and by using a professional tone toward your instructor.

Properly addressed and signed Emails will be replied to within 24 to 48 hours Monday-Friday. If a face-to-face conference is needed between the student and instructor in the instructor's office, an appointment **must** be made several days in advance by the student.

Attendance & Participation:

No attendance policy will be imposed for this online course. However, students will need to complete all assignments and course requirements consistent with the assignment schedule. Excused absences will not generate extra time for meeting deadlines and scheduled events. Since late assignments are not accepted, you are strongly encouraged to submit assignments prior to the due dates. Students will be expected to participate consistent with course objectives and goals.

It is the student's responsibility to:

- Stay active in the course by logging into the course on a regular daily basis. Students not active in the course within 4 days can be administratively dropped for non-attendance.

- Always read every **Course Announcement** at the top of the course. Feedback for assignments, university announcements, and major department announcements will be posted to this forum. These announcements are placed in your course to help you so please take the time to read and understand each announcement. These announcements are time sensitive so they will only be available for a limited period of time.

Late Assignments

Assignments are due on specific dates, as assigned. Assignments will not be accepted after the due date.

Withdrawal Policy

Every student has the right to drop the course without penalty until the drop-date. If you choose to stop attending class, you may be dropped from the course due to excessive absences. If you are not satisfied with your grade in the course and wish you to drop, it is YOUR responsibility to drop the course.

A student may drop a course by logging into their myLeo account and clicking on the hyperlink labeled 'Drop a class' from among the choices found under the myLeo section of the Web page.

Student Conduct

All students are expected to conduct themselves in a professional manner at all times. You are adults and will be treated as such. Discriminatory, rude, and inappropriate language will not be tolerated in this class and students will be asked to leave or drop the class (these same rules apply for online discussions). If a student continues to act in the same manner during future classes, the instructor reserves the right to drop the student from the course.

Academic Integrity

If you are to excel in this course, the need for collaboration is undeniable, even in cases of individual work. There is a fine line in this process. You are encouraged to seek the help and advice of others. However, you **must** do your own work. Please ask me if you have questions about what is proper and what is not.

Intellectual Ownership:

When reviewing the literature, one frequently peruses written thoughts, findings, conclusions, and perspectives of individuals and organizations that may be used to create credibility and/or rationale from investigative studies. A problem, however, is how to capitalize on such information, yet not violate the principles of intellectual ownership. One solution involves answering two questions: (1) what is plagiarism? (2) How is plagiarism avoided? Simply stated, plagiarism is claiming another person's or organization's works as one's own. Such violations may be avoided by knowing how to use and acknowledge the works of others. The 6th Edition of the Publication Manual of the American Psychological Association states: "Authors do not present the work of another as if it were their own work" (p. 16). "Whether paraphrasing, quoting an author directly, or describing an idea that influenced your work, you must credit the source" (p.170). Quotation marks should be used to indicate the exact words of another. Each time you paraphrase another author (i.e., summarize a passage or rearrange the order of a sentence and change some of the words), you will need to cite it in the text.

Some people seem to believe that anything found on the Internet is free to use as they please. The "cut and paste" option also makes it easy to plagiarize. However, information on the web must be properly cited just as you would any "hard copy" periodicals. In this course, APA style citation is expected. Any written assignments must include in text citations as well as a separate reference page. The following web site provides valuable insight relating to what constitutes plagiarism and how it may be avoided: <http://www.indiana.edu/~wts/pamphlets/plagiarism.shtml>.

To avoid plagiarism an individual must give credit wherever he or she uses:

- another individual's idea, opinion, or theory
- facts, statistics, graphs, and drawings that are not common knowledge
- quotations of another individual's spoken or written words

- paraphrase another individual's spoken or written words

Any deviation from the guidelines concerning quotes and citations constitutes plagiarism, as it suggests that you are trying to submit someone else's work and creativity as your own. In accordance with the Texas A&M University-Commerce Code of Student Conduct Section 5.b [1, 2, 3], the penalties for students guilty of academic dishonesty include disciplinary probation, suspension, and expulsion. If you have any questions, please let me know.

Acts of plagiarism will result in writing assignments and research projects assigned a grade of '0' for the first offense. Upon the second offense, student will be referred to the Dean of Student Services and will receive a grade of 'F' for the course with possible removal from the program and university. TAMU-C has purchased a license for TurnItIn.com which checks for plagiarism. All submitted course requirements may be submitted to this service. If the report generated notes that your work is plagiarized, you will receive an 'F' for that course requirement and course.
