TEACHING PROCEDURES:

The class will be conducted in an online lecture/discussion format. Be prepared to discuss and ask questions about the material assigned for each class period. This will require that you **read the material prior to the class period** during which it will be discussed. Although many of the issues covered in the readings will be discussed in class, all the areas covered in the readings will not be part of class discussion. You are encouraged to participate in class. Participation is based on volunteering for class activities and exhibiting a positive attitude, demonstrated by attentive, courteous, and respectful behavior at all times. The nature of this course encourages an interactive forum, and everyone has something valuable to contribute. Disruptive or rude behavior will not be tolerated.

EXAMS:

There will be two exams. You will be responsible for information from class discussion, required readings, and any guest speakers. There will be no "cheat sheets" allowed during the exams unless otherwise noted by the instructor. **No makeup exams will be given** unless for a university allowed excused absence. For an excused absence, the make-up exam will be administered prior to the scheduled exam. If you need to miss an exam for an excused absence let me know in advance so we can make arrangements. **Anyone missing an exam (unexcused) will fail the course.**

ASSIGNMENTS/QUIZZES:

You will receive quizzes during the semester; these should introduce you to the types of questions you will experience on your exams and will count towards your grade. These assignments and quizzes will include text questions and/or supplemental activities.

ACADEMIC INTEGRITY/PLAGERISM:

All academic work must meet the standards contained in A Culture of Honesty: Policies and Procedures on Academic Honest. Students are responsible for informing themselves about those standards and for observing the University Honor Code. Plagiarism occurs when a student submits work that is not his or her own. This includes copying from printed materials, websites, or from other people. All students are expected to turn in work that has been completed individually, unless otherwise informed by the instructor. Any assignment containing plagiarized material will automatically be graded as zero.

ADA:

The Americans with Disabilities Act (ADA) is a federal anti-discrimination statute that provides comprehensive civil rights protection for persons with disabilities. Among other things, this legislation requires that all students with disabilities be guaranteed a learning environment that provides for reasonable accommodation of their disabilities. Inappropriate behavior in the classroom shall result in “minimally” a request to leave class.
