Exams

Both section exams will be online. See the schedule for date and time. It will contain multiple choice, true/false, matching, and short answer questions.

Sport Quizzes

Each sport quiz will be taken within Canvas. They are due on the day specified on the schedule below, and no late quizzes will be accepted. Be sure to save your answers during the quiz and submit before time expires. Before you start each quiz, you should read the section in the textbook on that sport and any handouts provided. You may use your book and notes during the quiz, but you will not have much time, so you need to read ahead.

Skill tests

Six skill tests will be given during the semester. You will have the opportunity to practice each skill test before you attempt it. You must be present in class to take the skills test. I will not test you outside class or on another day.

Outside of Class Experience

You have to participate in an outside of class experience in a team sport that is completely ***new to you***; this means you have NEVER done it before!!! If one of these events is offered through campus intramurals, you may participate in the tournament for your experience. If not, you must participate in a game or match. If you don't know anything about the activity, read the chapter ahead of time. Answer the following questions in complete sentence form; please use bullets to separate sentences.

- Where did you participate?
- With whom?
- When did you participate (date, start time and end time)?
- Explain briefly what you did.
- Were there/could there be fitness benefits from regular participation in this activity? Explain.
- What was challenging/easy about this activity?
- What was the final outcome/score?
- Do you have plans to participate in this activity again? Why/why not?
- Would you recommend this activity to a friend? Why/why not?

In addition, you must provide pictures of yourself participating in the activity. Paste these pictures into your Word document. This activity must be completed between the first day of this class and the time you submit your assignment.

Final Project

During this class, you will learn a variety of "non-traditional" team sports. However, many of these are traditional, just not in the US or Texas. For your final project, you will research one of the assigned countries and "present" your findings of their view on team sports and how it impacts their country/culture. Your presentation should be at least 6 slides in length and use the following outline:

Slide 1 - Country/culture

Slide 2 - Concept of Team sports

Slide 3 - History of team sports for that culture/country.

Slide 4 - Choose one sport and give the cultural perspective on it. (History, language, etc)

Slide 5 - Choose second sport and do the same

Slide 6 - Conclusion of what you learned

Countries/cultures to choose from:

Germany

India

Philippines

Ireland

China

Colombia

South Africa
