COURSE REQUIREMENTS

Discussion Board (8): 5% each – 40% of total course grade - Each student is required to post and reply to every topic for full credit. Merely making a post to the topic will not ensure full credit. **You must discuss the topic, which, at the very least, requires an initial post and two replies.** Discussions will be graded on content – in other words – quality control. I expect to see

that you are actively participating and actually thinking about your posts and responses. For a discussion to take place, you must make posts as well as respond to each topic. The grammar, spelling, punctuation, and capitalization must be correct in order to receive full credit. **In order to give students a chance to reply, an initial post CANNOT be done on the day the Discussion Board is scheduled to close.** You will not receive full credit if all posts for the module are submitted at one time. To help you stay on schedule, **Due date (discussion will close) is shown in BOLD RED on the course calendar.**
