

SCHOOL OF SOCIAL WORK

SWK 350 - Research Methods for Social Work
T/R 11:00 am & 1:00 pm
Spring 2015

INSTRUCTOR: Gracie Brownell, PhD., LMSW

OFFICE: Hen 323B

OFFICE HOURS: Tues & Thurs 9-11:00am; 2:15-3:15

OFFICE PHONE: (903)468 8170

E-MAIL: Gracie.Brownell@tamuc.edu

COURSE DESCRIPTION

This course develops students' knowledge and skills in the use of research appropriate for the evaluation of practice with all levels of client systems. Students are also taught to critically evaluate the appropriateness of designs used in published research. Prerequisites: Math 141, 175 or 179; 8 s.h. US Science; SWK 322; SWK 328; SWK 329 and SWK 370; concurrent enrollment in SWK 325 and SWK 331 is required. Restricted to social work majors. 3 semester hours.

PROGRAM GOALS AND COMPETENCIES:

1. Prepare BSW graduates for entry-level professional social work practice that reflects generalist social work knowledge and skills. Graduates will be able to demonstrate the following competencies:

- 1.1 Apply critical thinking and effective communication (2.1.3) as demonstrated by
 - Pre-test Post-test scores
 - Comprehensive Final score
 - Literature Review assignment
 - Group Research projects

- 1.2 Engage in research-informed practice and practice-informed research (2.1.6) as demonstrated by
 - Pre-test Post-test scores

- Comprehensive Final score
- Literature Review assignment
- Group Research projects

1.3 Apply knowledge of HBSE to practice (2.1.7)

- Group Research projects

2. Enable BSW graduates to practice ethically and apply social work values to promote equality and justice. Graduates will be able to demonstrate the following competencies:

2.1 Apply social work ethics & principles (2.1.2)

- Pre-test Post-test scores
- Comprehensive Final score
- Literature Review assignment
- Group Research projects

2.2 Engage diversity in practice (2.1.4)

- Pre-test Post-test scores
- Comprehensive Final score
- Literature Review assignment
- Group Research projects

3. Provide meaningful contexts through which BSW students engage in leadership, service, and professional excellence. Graduates will be able to demonstrate the following competencies:

3.1 Identify and respond as a professional social worker (2.1.1)

- Pre-test Post-test scores
- Comprehensive Final score
- Group Research projects

3.2 Respond to professional contexts that shape practice, demonstrating qualities of leadership for the profession. (2.1.9)

- Group Research projects

COURSE OBJECTIVES

1. To enable students to develop an awareness of the overall research process used in the social sciences. This involves an understanding of the systematically organized methodology known as the scientific method.
2. To enable students to understand the relationship between theory and research, the differences between inductive and deductive logic, and the basic skills of qualitative and quantitative research.

SWK 350: Research Methods for Social Work

3. To increase students awareness of the concept of causality in the social sciences and develop an understanding of key concepts in research, such as conceptualization, operationalization, and measurement.
4. To enable students to develop the ability to develop hypotheses and understand the logic behind hypothesis testing.
5. To enable students to investigate the connection between statistics and research methodology and utilize specific tools to evaluate service delivery to all levels of systems.
6. To enable students to learn techniques of evaluation research and single-subject designs in order to enhance a commitment to the use of research and program evaluation in their professional practice.
7. To enable students to become knowledgeable consumers of social science research by enhancing their understanding of ethical issues affecting the acquisition of knowledge.
8. To encourage sensitivity to issues of diversity in research design and execution.
9. To enhance students' identification with the ethics, values, and principles of professional social work practice as related to the research process.

STUDENT LEARNING OUTCOMES:

- 1. To demonstrate knowledge of basic research concepts**
- 2. To demonstrate understanding of relationship between social work practice and research/evaluation**
- 3. To demonstrate ability to apply research concepts**

PRACTICE BEHAVIORS

Competency 2.1.6	Competency Benchmark	Practice Behavior	Measures	Implemen- tation	Analysis Procedure(s)
Engage in research-informed practice and practice-informed research		6.1 Is skilled at using practice experience to inform research			
		6.2 Is skilled at employing evidence-based interventions			
		6.3 Is skilled at evaluating her or his practice			
		6.4 Is skilled at using research findings to improve practice, policy, and social service delivery			
		6.5 Comprehends quantitative research			
		6.6 Comprehends qualitative research			
		6.7 Understands scientific and ethical approaches to building knowledge			

SWK 350: Research Methods for Social Work

Quizzes (100pts)									
Competency 2.1.6 Engage in research-informed practice and practice-informed research									
PRACTICE BEHAVIOR 6.7 Understands scientific and ethical approaches to building knowledge					PRACTICE BEHAVIOR 6.4 Is skilled at using research findings to improve practice, policy, and social service delivery				
F	D	C	B	A	F	D	C	B	A
1	2	3	4	5	1	2	3	4	5
Did not meet expectations	Met minimal Expectations	Met All Expectations	Exceed Expectations	Achieved Excellence	Did not meet Expectations	Met Minimal Expectations	Met All Expectations	Exceeded Expectations	Achieved Excellence

Quizzes (100pts)									
Competency 2.1.6 Engage in research-informed practice and practice-informed research									
PRACTICE BEHAVIOR 6.5 Comprehends quantitative research					PRACTICE BEHAVIOR 6.6 Comprehends qualitative research				
F	D	C	B	A	F	D	C	B	A

Did not meet expectations	Met minimal Expectations	Met All Expectations	Exceed Expectations	Achieved Excellence	Did not meet Expectations	Met Minimal Expectations	Met All Expectations	Exceeded Expectations	Achieved Excellence

RELATIONSHIP TO OTHER COURSES:

Students will build upon their knowledge from HBSE SWK 275 & 322. Students will also use knowledge from SWK 325, 328, 329, and 331 to understand how research relates to practice with individuals, families, groups, organizations, and communities.

TEXTS:

Marlow, C.R. (2011). *Research methods for generalist social work* (5th ed.). Belmont, CA: Brooks/Cole.

American Psychological Association (2009). *Publication manual of the American Psychological Association* (6th ed.). Washington, DC: Author.

GRADING:	Quizzes	100 points (20% of grade)
	Comprehensive Final	100 points (20% of grade)
	Literature Review	100 points (20% of grade)
	Learning Activities	100 points (20% of grade)
	Research Project	100 points (20% of grade)

Total Possible 500 points

Grading Scale	90 - 100%	A	450 - 500 pts.
	80 - 89%	B	400 - 449 pts.
	70 - 79%	C	350 - 399 pts.
	60 - 69%	D	300 - 349 pts.
	under 60%	F	299 or fewer pts.

Note: Promptness in completing assigned tasks and reading is a requirement of this course. Assignments are due at the beginning of the class period. Assignments submitted late will be penalized 5 points per day, beginning with the day they are due. Assignments over 7 days (actual calendar days) will not be accepted and a grade of "0" will be given for the assignment. Students who do not complete all class assignments cannot earn higher than a "C" for the class.

OVERVIEW OF ASSIGNMENTS

1. Quizzes (20 points each): We will have 6 quizzes throughout the semester, consisting of 10 - 20 short answer, multiple choice, and true/false questions. Students' quiz grades will be based on the **best five** grades (for a total of 100 points).

2. Comprehensive Final (100 points): A comprehensive final exam will be given which includes information for the quizzes and other information discussed throughout the course. The final exam questions will consist of multiple choice and true/false questions. Additional short answer questions may be included

SWK 350: Research Methods for Social Work

3. Literature Review (100 points): This paper will provide an opportunity for each student to demonstrate an understanding of writing a Literature Review related to one of the research approaches: Practice Evaluation (Single System Design), Program Evaluation, or Needs Assessment. Specific guidelines and the outline will be provided.

4. Learning activities (100 points): There will be a variety of learning activities, both in-class and through eCollege which are to be completed throughout the semester to maximize learning. Some of these will be individual projects (worksheets) and others will be group projects. Specific points will be assigned to each activity, for a total of 100 points possible.

5. Research Projects (100 points): Students will work in teams to complete an actual research project. Each student will be responsible for submitted a journal/log of their time and activities. Half of the project grade will be based on effort/participation and the other 50% will be on the completed project and resulting paper (one per project).

STUDENTS WILL BE EXPECTED TO LOG ON to eCollege for specific weekly activities, discussions, and exercises. THE INSTRUCTOR WILL COMMUNICATE IN CLASS OR THROUGH MyLeo email accounts when activities or assignments are posted. These will be included in the points assigned for Learning Activities. Late postings or failure to correctly follow eCollege directions will result in no points for the assigned week/activity.

CLASS ATTENDANCE AND PARTICIPATION:

Students are expected to attend class, reflecting responsibility which is inherent in the development as a social work professional. Roll will be taken regularly. Students are expected to be on time and prepared to participate when class begins as well as be present throughout the entire class meeting. Classroom exercises, discussions, role plays, guest speakers and other in-class experiential exercises are essential for a student's professional learning and continued development of self-awareness. Tardiness (or early departure) of more than 15 minutes will count as .5 absence (2 tardies/early departures = 1 absence). A student is considered absent if he/she arrives more than 30 minutes late to class, leaves 30 or more minutes early or does not come to class.

The following penalties for absences (unexcused, or excused, according to university policy) will be administered:

Weekly	Up to 2 absences No penalty	3 absences 1 letter grade drop	4 absences Class grade of "F"	
Bi-weekly	Up to 3 absences No penalty	4 absences 1 letter grade drop	5 absences 1 letter grade drop	6 absences Class grade of "F"
Summer 10-week	Up to 1 absence No penalty	2 absences 1 letter grade drop	3 absences Class grade of "F"	

ONLINE OR WEB-ENHANCED CLASSES: Just as students are required to attend face-to-face classes, students are required to log in and participate in online components. To receive credit for

attendance online via eCollege, students must log in and complete assignments in a timely manner. Not logging in to eCollege (which can be monitored by the instructor) and completing assignments online during the appropriate time is the equivalent of an absence for each week this occurs.

Final evaluation and grades depend on both presence and participation. Students' grades will be significantly impacted by inadequate participation or lack of required time commitment each week. Students are expected to spend a comparable amount of time in the online learning environment as they would in class (3 hours a week in the classroom). In addition, just as in traditional F2F classrooms, students are expected to spend time reading and studying class materials.

NOTE: PROBLEMS WITH YOUR INTERNET CONNECTION AND/OR COMPUTER ARE NOT CONSIDERED AS REASONS FOR LACK OF PARTICIPATION. You have access to the university's computer labs (in the social work department AND other campus facilities, including the library) as well as local libraries and other access to computers and ISPs. If you believe that you are unable to fulfill the requirements for the course you should talk with your instructor about the possibility of dropping or withdrawing.

Class participation has three components: (1) Appropriate interactions with classmates, (2) Attentiveness, and (3) Active involvement in class activities. Evaluation of class participation is based on instructor observation. Students will be given feedback if problems are evident.

POLICY ON DUE DATES: *Promptness in completing assigned tasks and reading is a requirement of this course. Assignments are due at the beginning of the class period. Assignments submitted late will be penalized 5 points per day, beginning with the day they are due. Assignments over 7 days (actual calendar days) will not be accepted and a grade of "0" will be given for the assignment. Students who do not complete all class assignments cannot earn higher than a "C" for the class.*

POLICY ON PLAGIARISM AND CHEATING:

Every student is expected to do his/her own work. Law, ethical standards, university policy, and departmental policy demand that students refrain from plagiarism and any form of cheating. Plagiarism is the "Act of appropriating the literary composition of another, or parts of passages from of his [or her] writings, or the ideas or language of the same, and passing them off as the products of one's own mind." (Black's Law Dictionary, Abridged Fifth Edition, 1983). When using others' words, phrases, or ideas in writing, the original author should be given proper credit.

Cheating may take different forms. These include, but are not limited to, copying others' answers during an exam, using notes or other forms of help during an examination or quiz, except when explicitly permitted by the instructor, giving or receiving help on exams or assignments, or submitting work for one class which has already been submitted for another

class for credit. Use of citations from the Internet without paraphrasing content AND proper referencing is regarded as plagiarism. Professors have the right to use electronic review programs (such as Turn It In™) to identify plagiarism.

The department does not tolerate plagiarism or cheating. A student found to be engaging in such illegal and unethical conduct may receive a failing grade in the course and may be subjected to further disciplinary proceedings. Any assignment or exam that lacks honesty will be given a grade of "0".

ACCEPTABLE CLASSROOM BEHAVIOR:

“Students at Texas A&M University-Commerce are expected to obey all federal, state, and local laws, in addition to the regulations of the University. The standards of Student Conduct including disciplinary rules and procedures are designed to provide and conform to the basic tenets of due process, as developed by institutions of higher education. As such, the University distinguishes these procedures and regulations as an educational and growth process which is not intended to conform to adversary proceedings as in a court of law. (Student’s Guide Book, 2011, p. 35).

CODE OF CONDUCT FOR SOCIAL WORK STUDENTS

The Department of Social Work expects all social work students to conduct themselves in an ethical, professional manner. Professional ethics are at the core of social work. The profession articulates its basic values, ethical principles, and ethical standards as set forth in the *NASW Code of Ethics* to guide social workers’ conduct. The *Code* is relevant to all social workers and social work students, regardless of their professional functions, the settings in which they work, or the populations they serve. Accordingly, we expect social work students to demonstrate courtesy, respect and support for fellow students, instructors, clients, and all other persons.

All students enrolled in BSW or MSW classes are expected to observe the tenets of the NASW Code of Ethics and the Social Work Student Code of Conduct. Our Code of Conduct is reflective of professional and academic expectations – a student who cannot demonstrate appropriate behaviors will not be appropriate for practice in the social work profession. Students who violate these Codes may be asked to meet with appropriate Social Work faculty (instructors or Program Directors). In addition, the department’s Academic and Professional Issues (API) Committee is responsible for dealing with student issues when requested by faculty.

STUDENTS WITH DISABILITIES

It is the policy of Texas A&M University-Commerce and the Social Work Department to do everything we can to accommodate students with disabilities, pursuant to federal and state law, and the University’s commitment to providing equal opportunities. Any student with a disability who needs accommodation, for example, in accessibility, seating placement or in arrangements for examinations should not hesitate to inform the instructor. If required, large type, Braille or

SWK 350: Research Methods for Social Work

cassette recordings of syllabus or assignments can be provided.

Students with conditions that require special attention or accommodation should contact the Director of Disability Resources & Services at 903-468-5150 (located in the Library, Room 132).

SWK 350: Research Methods for Social Work

Class Schedule

Week	Topic	Week	Completed Out-of-Class	In-Class Activities
1	Introduction & Overview What is Science?	1/19-1/21	Text, Ch. 1	Quiz 1 (Ch. 1)
2	Research and Generalist Social Work Practice	1/26-1/28	Text, Ch. 2	
3	Deciding the Question Research Strategies	2/2 –2/4	Text, Ch. 3	Quiz 2 (Ch. 2-3)
4	Literature Review and Identifying Variables	2/9 – 2/11	Text, Ch. 4	
5	Research Writing	2/16-2/18	Ch. 13	Quiz 3 (Ch. 4, 13)
6	Designing Needs Assessments	2/23-2/25	Text, Ch. 5	
7	Designing Program Evaluations	3/1 -3/3	Text, Ch. 6	
8	Evaluation of Practice (SSD)	3/8 – 3/10	Text, Ch. 7	Quiz 4 (Ch.5, 6, 7)
	SPRING BREAK	3/15-3/17		WHOOO HOOOO!!
9	Selection of Participants	3/22-3/24	Text, Ch. 8	Literature Review Due
10	Collecting the Data	3/29-3/31	Text, Ch. 9	
11	Collecting the Data	4/5– 4/7	Ch. 9 continued	Quiz 5 (Ch. 8-9)
12	Organizing the Data	4/12- 4/14	Text, Ch. 10	
13	Analysis of Quantitative Data	4/19-4/21	Text, Ch. 12	Quiz 6 (Ch. 10, 12)
14	Analysis of Quantitative Data	4/26-4/28	Ch. 12	Research Proposal Presentation
15	Analysis of Qualitative Data	5/3– 5/5	Text, Ch. 11	Research Proposal Presentation
	COMPREHENSIVE FINAL	5/10-5/12
