**COURSE DESCRIPTION**

This course introduces students to concepts related to the global development of social work and the interdependence of nations. The course focuses on themes of world- wide connection and interaction among social workers as well as the reciprocity of professional technology and practice. In addition, there is concentration on the need to develop a more humane and multidimensional approach to social and economic problems around the world as well as develop a commitment and sensitivity to marginalized populations.

Further, this course has been selected as a Global Course – tied to the Quality Enhancement Plan (QEP). Texas A&M University-Commerce QEP seeks to prepare students for an interconnected world. In relation to the QEP, students completing this course will be able to (LO1) demonstrate knowledge of the interconnectedness of global dynamics (issues, trends, processes, and systems), (LO2) apply knowledge of the interconnectedness of global dynamics, and (LO3) view themselves as engaged citizens within

an interconnected and diverse world. This course will provide activities, experiences, and opportunities to reach all of the QEP learning outcomes. The Transformational Human Needs Developmental Project in this course will be utilized to assess the QEP student learning outcomes for each student. Students are responsible to upload a copy of the project to their ePortfolio in ManeSync.

## **OVERVIEW OF ASSIGNMENTS: (Subject to Change)**

### **1. Country SEARCH**

Explore the Internet (and other sources) to discover information about a specific country, assigned to you by the professor. Your country and the outline for writing this paper will be sent to you via email early in the semester. Suggested length is 5 pages, double-spaced, 12 point font with one inch margins, and headings. The headings will come from the outline. Papers without headings will NOT be graded. Remember any information you use from any source, even if you put it in your own words, **must be cited** using APA style.

If you use a direct quote, check APA for the proper method of citing quotes of various lengths. You will also need a cover page and a reference page, but they will not count as part of the suggested 5 page length. One-fourth of the grade for this assignment will be determined by the correct use of APA, sentence structure, grammar, spelling, etc. **No late papers will be accepted, resulting in a grade of zero.** Do Not Ask for an Exception to this Policy. If you cannot be in class, you can email the paper to me or have another student turn your paper for you (75 points).

### **2. Aboriginal and Native American Worksheet**

Read the found at the following link. Then click on the link to the worksheet and answer the questions related to this article. **No late papers will be accepted and a grade of zero will be recorded.** Do Not Ask for an Exception to this Policy. If you cannot be in class, you can email the paper to me or have another student turn your paper for you (50 points)

### 3. FIRST GENERATION IMMIGRANT Interview

Students will interview a first generation immigrant and write a paper (5 to 6 pages, double spaced, 12pt. font, 1 inch margins) that relates information concerning the immigrant's **country of origin**, the **decision to immigrate**, and the **process of immigration**. The paper should also include a **contrast between socio-economic factors** affecting the individual's life both in their country of origin and in the United States. A cover page and a reference page must be included, but they do not count toward the 5 to 6 page limit. **Headings must be used or the paper will not be graded.** Include a **brief** Introduction. The other headings should conform to the items in bold below. You will have a total of five headings. As with your country paper, APA style must be used in the writing of this paper. **It is your responsibility to find a first generation immigrant to interview; the professor does not have a list of such people. No late papers will be accepted, and a grade of zero will be recorded.** (75 points)

The outline to be used in writing this paper appears below:

1. **Brief** introduction (no heading needed)
2. **Country of origin**—write about what his/her/their country or origin was like; use demographic information
3. **Decision to immigrate**—describe how he/she/they decided to immigrate to the United States
4. **Process of immigration**—describe what the process of immigration was like
5. **Contrast between socio-economic factors** in country of origin and United States—compare and contrast various socio-economic factors
6. Brief **summary**

The items in **bold** above are to serve as your headings for the paper. The paper will not be graded if headings are not used.

### 4. Group Project and Presentation: Transformational Human Needs Developmental Project

Information regarding Transformational Projects will be provided by the Professor. Working in groups, students will research a specific need of a people group and develop a "transformational human needs developmental project" which could be applied as a means of social work intervention on the mezzo or macro level. Each group must prepare a paper following the outline on the last page of this syllabus. The paper must use one inch margins, 12 point font, page numbers, and be double spaced. **Headings must be used or the paper will not be graded.** The paper should be less than 10 pages, and a cover page (which does not count toward the page total) must be used. Keep in mind the importance of using APA style in writing the paper and in providing proper

documentation of information in the paper that you have taken from other sources, even if you have put it in your own words. You must also include a Reference Page. The groups will develop a creative PowerPoint or Prezi presentation for other class members to view. Grades will be based upon the written paper, the presentation, and other group members' evaluation of your work on the presentation and paper. One paper will be given to the professor, rather than each student writing a paper. It is expected that all students will put equal time into the preparation of the paper. **No late papers will be accepted.** (125 points)

## 5. Unannounced Quizzes

Six short **unannounced** quizzes will be given at various times during the semester. The quizzes will have 10 multiple choice questions, true or false, and/or matching. Quizzes must be taken when given, and **there will be no makeup quizzes.** Only the 5 highest grades will be counted, and the lowest grade will be dropped. Each quiz will cover the assigned reading for the week in which the quiz is given. **For online students** a timer for eCollege will be set for 15 minutes, and if you have not finished the quiz in 15 minutes you will be not be allowed to do any further work. You cannot exit a quiz once you have begun it and then return to finish the quiz. You will know you have a quiz by opening the quiz tab for a specific week. All quizzes must be completed by 5:00 p.m. on Friday of that week. (5 x 10 = 50 points) **For Commerce students** you will have 15 minutes to take the quiz. If you come to class after the quiz has begun you will have what time is left from the 15 minutes to complete the quiz.

## 6. Discussions

Throughout the course **both online and Commerce students** are required to participate in various discussions. You must post your own thoughts and ideas under the appropriate discussion tab and then respond to the comments of one other student. Postings will follow the same format each time. You will make your initial posting between 12:00 a.m. on Monday and 11:59 p.m. on Wednesday. Then between 12:00 a.m. on Thursday and 11:59 on Saturday you must respond to one of your classmate's postings. If you are late making your initial posting or fail to make a post you will not receive points. (5 x 20 = 100 points).

## 7. Extra Credit

Voting is an important right that we have as Americans. Voting is also a way that social workers can engage in advocacy. There is an important election in November. You can earn extra points by providing me with a

copy of your voter registration card or some other proof that you are registered to vote. You must bring me a copy of your document on November 28 if you are in the Commerce section or if in the online section email me your copy by 5:00 p.m. on October 31. You will receive 20 points added to your final point total before your grade is averaged. If you are unable to register to vote for some reason then I'm sorry that you will not be eligible to earn the points.

**PLEASE NOTE THE FOLLOWING POLICIES:**

1. No assignments may be rewritten once they have been graded.
2. Do not ask for individual extra credit. The professor will decide if extra credit will be offered to the **entire** class.
3. The professor does not read assignments and provide feedback before they are due.
4. One-fourth of the grade for all written assignments will be based upon the correct use of the latest edition of the American Psychological Association (APA) style manual for citations and references, as well as the correct use of grammar, spelling, sentence structure, etc.
5. You must provide correct citations within the body of each paper **when you use any information that you have taken from any source, even if you put the information in your own words.** Then each of the references used in the body of the paper must appear on the reference page, in APA style, at the end of the paper. Failure to cite information taken from other sources may result in a grade of zero on the paper.
6. If you have any problems with eCollege **contact the Help Desk.** **Do not contact the professor for help** since he does not have technical knowledge of eCollege.
7. All assignments are due at the beginning of class on the date due. Any assignment that fails to meet the time deadline will not be graded, and a grade of zero will be recorded. There are no exceptions to this policy.

**Global Assessment Plan**

The following form will be used as an assessment of one course artifact. The product that will be evaluated is the Transformational Human Needs Development Project as described earlier in the syllabus. How well each individual student meets certain course objectives will serve as the basis for the assessment. The key to the evaluation is below.

**Rubrics' Key**

5	Excellent
4	Above Expectations
3	Met Expectations
2	Minimum Expectations Met

1	Minimum Expectations Not Met

**CLASS ATTENDANCE AND PARTICIPATION**

The following penalties for absences (unexcused, or excused, according to university policy) will be administered:

Weekly	Up to 2 absences No penalty	3 absences 1 letter grade drop	4 absences Class grade of "F"	
Bi-weekly	Up to 3 absences No penalty	4 absences 1 letter grade drop	5 absences 1 letter grade drop	6 absences Class grade of "F"
Summer 10-week	Up to 1 absence No penalty	2 absences 1 letter grade drop	3 absences Class grade of "F"	

ONLINE OR WEB-ENHANCED CLASSES: Just as students are required to attend face-to-face classes, students are required to log in and participate in

online components. To receive credit for attendance online via eCollege, students must log in and complete assignments as scheduled. Not logging in to eCollege (which can be monitored by the instructor) and completing assignments online during the appropriate time is the equivalent of an absence for each week this occurs. Failing to post on time equals ½ absence. Failure to respond to another student equals ½ absence. Failing to post and respond equals 1 full absence.

Final evaluation and grades depend on both presence and participation. Students' grades will be significantly impacted by inadequate participation or lack of required time commitment each week. Students are expected to spend a comparable amount of time in the online learning environment as they would in class (3 hours a week in the classroom). In addition, just as in traditional F2F classrooms, students are expected to spend time reading and studying class materials.

**NOTE: PROBLEMS WITH YOUR INTERNET CONNECTION AND/OR COMPUTER ARE NOT CONSIDERED AS REASONS FOR LACK OF PARTICIPATION.** You have access to the university's computer labs (in the social work department AND other campus facilities, including the library) as well as local libraries and other access to computers and ISPs. If you believe that you are unable to fulfill the requirements for the course you should talk with your instructor about the possibility of dropping or withdrawing.

Class participation has three components: (1) Appropriate interactions with classmates, (2) Attentiveness, and (3) Active involvement in class activities. Evaluation of class participation is based on instructor observation. Students will be given feedback if problems are evident.

**POLICY ON DUE DATES:** All assignments must be turned in on time. No late assignments will be accepted.

**ADA Statement: Students with Disabilities**

The Americans with Disabilities Act (ADA) is a federal anti-discrimination statute that provides comprehensive civil rights protection for persons with disabilities. Among other things, this legislation requires that all students with disabilities be guaranteed a learning environment that provides for reasonable accommodation of their disabilities. If you have a disability requiring an accommodation, please contact:
