Overview of Course Assignments

LITERATURE REVIEW ON PRACTICE PERSPECTIVE, THEORY OR MODEL

(minimum of 5 scholarly articles/research on an assigned practice perspective, theory or model (see text, Ch. 6). Grading criteria will emphasize organization of content, quality of writing, correct APA referencing and avoidance of PLAGIARISM.

Late assignments will automatically have 5 points deducted from the grade per day beginning with the due date and each day thereafter. ASSIGNMENTS WILL NOT BE ACCEPTED AFTER ONE WEEK past the due date. (Assignments due at the beginning of class on Thursday will not be accepted after class begins the following Thursday). Please do not email an assignment to me unless you have received prior permission. It is easy to “lose” an email or have trouble opening attachments.

WRITTEN ASSIGNMENTS:

All written assignments must demonstrate acceptable writing style, including the use of Standard English, acceptable grammar, and the use of the American

Psychological Association (APA) style of reference citation.

Part of the grading process will include an evaluation of presentation, including clarity, coherence, logic and organization of the assignment. All assignments must be typewritten, using double-spacing and standard margins. It is the student's responsibility to ensure the paper is in the possession of the instructor by the designated time. Any papers left in the mailbox or any other place are not the instructor's responsibility. At the discretion of the instructor, it may be required to submit written assignments via "Turn-It-In", a program utilized to determine instances of plagiarism. Below is a partial list of factors that are addressed in the grading process:

- Extra or missing punctuation (i.e. commas, semi-colons, colons, periods)
- Incomplete sentences (i.e., sentences without a verb)
- Run-on sentences (i.e., sentences that run together without appropriate punctuation and capitalization delineating each sentence)
- Incorrect spelling
- Inappropriate and inconsistent verb tense
- Lack of noun-verb agreement
- Incorrect use of capitalization (e.g., social work is generally not capitalized)
- Incorrect use of possessives (examples of correct use are Shawn's book, the parents' child)
- Any contractions (e.g., I'm, can't, won't), except in direct quotes from another source)

Student Rights and Responsibilities

"Civility in face-to-face classrooms, online courses and in labs, internships, practicum and all other academic settings necessitate respect for the opinions of others and is very important in all academic settings. It is likely you may not agree with everything that happens or discussed in the academic setting; however, courteous behavior and responses are expected. To create a civil and preserve learning environment that optimizes teaching and learning, all participants share a responsibility in creating a civil and non-disruptive forum" (Student Guide Book, p 35). To create an optimum learning environment, students have rights and responsibilities.

Student Rights

As set forth in Texas A&M University System Policy 13.02

The rights of students are to be respected. These rights include respect for personal feelings; freedom from indignity of any type, freedom from control by any person except as may be in accord with published rules of the system academic institutions, and conditions allowing them to make the best use of their time and talents toward the objectives, which brought them to the system academic institutions. No officer [university faculty, employee] or student, regardless of position in rank, shall violate those rights, any custom, tradition or rule.

Students are expected at all times to recognize constituted authority, to conform to the ordinary rules of good conduct, to be truthful, to respect the rights of others, to protect private and public property, and to make the best use of their time toward an education.

Students with Disabilities

The Americans with Disabilities Act (ADA) is a federal anti-discrimination statute that provides comprehensive civil rights protection for persons with disabilities. Among other things, this legislation requires that all students with disabilities be guaranteed a learning environment that provides for reasonable accommodation of their disabilities. If you have a disability requiring an accommodation, please contact:

Students Responsibilities

Class Attendance and Participation Policy

- Class participation has three components: (1) appropriate interactions with classmates; (2) active involvement in class activities and (3) attentiveness
- Students will attend class, reflecting responsibility, inherent in the development as a social work professional. Being on time and prepared when class begins and remaining present throughout the entire class meeting demonstrates emerging professional behavior expected in social work graduates. Roll is taken in each class to document students' attendance.
- Classroom exercises, discussions, role-plays, guest speakers and other in-class experimental exercises are essential for a student's professional learning and continued development of self-awareness. Tardiness (or early departure) of more than 15 minutes will count as one-half absence and two (2) times being late to class or two (2) early departures culminating into one absence.
- A student is absent if he/she arrives more than 30 minutes late to class, leaves 30 minutes early or does not come to class.
- The following penalties for absences (unexcused, or excused, according to university policy) will be administered:

<u>Weekly (class meets 1X week)</u>	<u>Up to 2 absences: No Penalty</u>	<u>3 absences: 1 letter grade drop</u>	<u>4 absences: Class grade of "F"</u>
<i>Bi-Weekly (class meets 2X week)</i>	<i>Up to 3 absences: No Penalty</i>	<i>4 absences: 1 Letter grade drop</i>	<i>5 absences: 1 Letter grade drop 6 absences: Class grade of "F"</i>
<i>Summer 10-week</i>	<i>Up to 1 absence: No Penalty</i>	<i>2 Absences: 1 Letter grade drop</i>	<i>3 absences: Class grade of "F"</i>

Online, Blended and Web Enhanced Classes: Just as students are required to attend face-to-face classes, students are required to log in and participate in online venues. To receive credit for attendance online via eCollege, students must log in and complete assignments as required in the course. Not logging onto eCollege (monitored by the instructor) and completing assignments online during the required time is the equivalent of an absence for each week this occurs.

Final Evaluation and Grade Depends on both Classroom attendance and Participation

Inadequate participation or lack of required time commitment in each class significantly affects students' grades. No matter the course venue, students must engage in a comparable amount of time. Expectations of both Face-to-Face classes and those with Online components include time spent reading and studying course material.

Student Conduct

Students preparing to become professional social workers must adhere to the *University Code of Conduct, Department Code of Conduct and National Association of Social Workers' (NASW) Code of Ethics*.

University Code of Conduct located in the *Student Guide Book*

at <http://www.tamuc.edu/campuslife/documents/studentGuidebook.pdf> (pp 34- 66). On the University Website under Campus Life Documents

To become aware of University policies related to student academic and behavioral expectations for students refer to the Guidebook.

Department Code of Conduct

"Faculty have the authority to request students who exhibit inappropriate behavior to leave the class/lab/internship practicum or to block access to online courses and may refer offenses to the [Academic and Professional Issues Committee (API)] or to the Department Head. More serious offences by be referred to the University Police Department and/or the Judicial Affairs Office for disciplinary action" (Student Guidebook p 35)

Social Work students conduct themselves in an ethical and professional manner.

Closely linked with professional recognition is the social worker's compliance with the profession's ethical standards. It is imperative for professional social workers to be competent and ethical in practice if the profession is to maintain the public trust. It is essential that each social work student gain a thorough understanding of the ethical principles that guide practice and actively demonstrate in behavior, both in and out of

the classroom. Student conduct is to reflect the tenets of *NASW Code of Ethics* (located at <https://www.socialworkers.org/pubs/code/code.asp>) on the NASW website: <https://www.socialworkers.org>
