## **Assessments**

### **Exams**

Students will take three exams. All exams will include material from the textbook and the scheduled dates for the exams are listed below. These exams will feature 50 multiple choice questions and students will have 60 minutes to take the exam.

### **Discussion Assignments**

This graded component of the course will consist of weekly discussions (except for the first week of the semester/Thanksgiving week) completed via the eCollege platform. Topics for the discussion assignments will be posted on Sunday each week at 9 AM. Each discussion thread will close at 11:30 PM on Friday that week. Regardless of the reason, there will be no make-up opportunities for discussion assignments and students will not receive any credit for posts made after the deadline.

Each student will be assigned to a discussion group for the duration of the course. The instructor will create a discussion thread topic for each discussion group to which students are expected to compile responses. While students may post to other groups, they should concentrate most of their participation to their assigned group.

Students will be graded upon multiple criteria and receive a score between 0 and 5.

- Students are expected to submit an original response to the topic posted, answering all parts of the topic. This post should be 300 words minimum. At the end of this post, students should pose a question to other students that would extend discussion of the original topic.
- Students are expected to respond to the posts and questions posed by other students in their discussion group. Each of these posts should be at least 150 words. Students should include a word count in parentheses at the end of all of their posts. Students should engage in conversation with their group members in a thoughtful discussion about the topic as well as their individual responses to the topic.

*The syllabus/schedule are subject to change.*

- Students will be graded on both the quality of the content of their original posts, as well as their engagement with other students in their response posts. Students should use theories and concepts introduced in the assigned readings, be analytical, and use real world examples.
- Students can make as many or as few posts as they want, however, a student who makes only 2 total posts will receive a grade of no higher than a 2.5.
- Students will also meet specific posting deadlines. Students must make at least one post by 11:59 AM on Wednesday each week and should avoid making all of their posts on the same day or during the final hours of the assignment time line. Students who do not make at least one post by 11:59 AM on Wednesday will receive a 50% penalty.

All content submitted for Discussion Assignments must be a student's original submission. Any material taken from another source, including the textbook, should include a proper citation. Material which is copied or pasted from any source will be considered plagiarism as discussed above in the Course Policies and Procedures section. Effectively, students who do not follow the proper citation/attribution requirements listed above will receive a 0 for all of the discussion assignments.

### **Quizzes**

Students will take weekly quizzes (except for the first week of the semester/weeks of exams/Thanksgiving week) throughout the semester via the eCollege platform. These quizzes will feature 6-8 multiple choice and/or True/False questions and students will have 10 minutes to complete them. These quizzes will always open on Fridays at 11:59 AM and remain open for 48 hours. Missed quizzes cannot be made up regardless of the reason. When the quiz average is computed at the end of the semester, the student's lowest individual quiz score will be dropped.

### **Extra Credit "Syllabus "Quiz"**

Students can earn up to a 3 bonus points toward their final average by taking a syllabus quiz. This quiz is designed to ensure that students familiarize themselves with the requirements and expectations of the syllabus. This quiz is cannot be made up.

## **COURSE AND UNIVERSITY PROCEDURES/POLICIES**

### ***Course Specific Procedures/Policies***

- Make-up exams: If a student misses an exam, that student will receive a grade of 0 for the exam. Make-up exams will only be granted at the discretion of the instructor. Any request for a make-up exam must be made in writing and include documentation explaining why the absence was legitimate. Such a request must be received within 3 calendar days of the missed exam date, unless the student is physically unable to submit such a request. Legitimate reasons may include illness severe enough to require professional treatment, death of an immediate family member, participation in University activities, and legal obligations. Technical problems with accessing the course will not be considered a valid excuse for missing an exam unless it can be shown that the problem is the fault of the eCollege platform. Students who miss any exam because they forgot about the exam dates/times or because they did not have access to a computer/Internet will not receive a make-up exam. Please note, these reasons do not guarantee that a make-up exam will be given. Make-up exams will be exclusively essay format.
- Incompletes will be granted completely at the discretion of the instructor and only be granted in the case of serious medical illness or other serious, unavoidable circumstances and only if the students has completed at least 70% of the course work. Incompletes must be made up within two weeks of the end of the semester as students only have access to their eCollege course for two weeks following the final day of the term.
- Students who miss more than 3 discussion assignments will be administratively dropped from the course for excessive absenteeism.

- Students must sign and agree to the Personal Responsibility Statement form available on the class site. Students who fail to do so by the time the first exam is graded will be administratively dropped from the class.
