SWK 510: CLINICAL PRACTICE WITH MENTAL HEALTH **Tuesday: August 30, 2016 to Tuesday: December 13, 2016**

According to State of Texas HB 2504, this course syllabus must be submitted for review prior to the course's scheduled start date. Therefore, the instructor has the right to modify this syllabus and course calendar at any time between submission for publication and the first day of class. Furthermore, the instructor has the right to modify the syllabus as any time during the course provided (1) such changes do not increase expectations or requirements beyond a reasonable equivalent and (2) students must be given ample notice of any changes

Instructor: Martha W. Nye, LCSW

Office Location: Mesquite Campus or 1345 River Bend, Dallas, Texas 75247

Office Hours: By appointment

Contact Information: Cell: 972-900-6401 (preferred)* or 214-743-1274.

Email: marthawnye@aol.com

Overview of Course

COURSE DESCRIPTION:

The purpose of this course is (1) to present the Diagnostic and Statistical Manual of Mental Disorders ("DSM") as a knowledge base for enhancing social workers' understanding of the individual bio psychosocial function and (2) to expand social workers' ability to use the DSM-V to work with at-risk populations across diverse settings and with diverse mental health professionals. The course is critical for social workers to learn how to perform comprehensive assessments and to devise effective interventions for clinically impaired populations. Additionally, the nomenclature is applicable across diverse contexts and multi-theoretical orientations. Ethical dilemmas inherent in categorizing and labelling will be

highlighted along with cultural concerns in using a homogenous system of diagnostic classes.

COURSE OBJECTIVE(S):

1. Students will be able to define mental health, mental illness and mental well-being.
2. Student will be able to compare etiology and treatment options and evidence-based (consumer and developer) practice criteria for various mental disorders.
3. Students will understand the nomenclature, coding and classification system of the DSM-V, a common reference frame across mental health disciplines.
4. Students will be able to articulate the role of DSM-V diagnosis in a comprehensive bio psychosocial assessment and integrated treatment plan.
5. Students will be able to describe the ethical dilemmas in classifying and reporting procedures of the DSM-V, specifically the hazards of labeling.
6. Students will demonstrate awareness of the professional role of social workers in working with multidisciplinary treatment teams.
7. Students will be aware if the empirical validation studies conducted in the ongoing development of the DSM-V.
8. Students will be able to use decision tree tools to enhance critical thinking skills.
9. Students will develop a heightened awareness of their own biases associated with the stigmas against persons with mental disorders.
10. Students will be able to articulate the cultural biases inherent in classification systems designed to assign person to homogenous categories.
11. Students will learn the intake process used by a social worker in a mental health setting.

RELATIONSHIP TO OTHER COURSES:

This course builds upon practice courses. It builds upon exposure to professional values and ethics, particularly the NASW Code of Ethics.

PROGRAM GOALS:

1. Prepare MSW graduates for professional advanced generalist practice that reflects application and integration of critical thinking, theoretical frameworks, and differential interventions.
2. Enable MSW graduates to apply ethical reasoning to advance equality, justice, and social change.
3. Promote leadership and service that is relevant to individual contexts of practice and enhances well-being and quality of life.

CORE COMPETENCIES

Council on Social Work Education (CSWE) requires a competency-based approach to identify and assess what students demonstrate in practice. In social work, this approach involves assessing students' ability to demonstrate the competencies identified in the educational policy. Students achieve programmatic goals listed above through demonstration of the following competencies for Advanced Generalist Practice (AGP).

Competency AGP 2.1.1 Exemplify professional social work behavior and standards

Competency AGP 2.1.2 Apply social work ethical principles to resolve dilemmas and
create positive change

Competency AGP 2.1.3 Critically analyze practice solutions and

Communicate judgments and reasoning through decision-
making processes

Competency AGP 2.1.4 Demonstrate the ability to build strengths based on mutual
engagement with diverse populations

Competency AGP 2.1.5 Demonstrate commitment to strategies that address
discrimination, reduce disparities, and promote social and
economic justice

Competency AGP 2.1.6 Contribute to evidence-based best practice approaches to
assess and improve effectiveness

Competency AGP 2.1.7 Differentially apply theories and frameworks of HBSE

Competency AGP 2.1.8 Promote social policies to improve service delivery systems

Competency AGP 2.1.9 Use leadership skills to respond, influence, and shape
changing contexts

Competency AGP 2.1.10 Demonstrate autonomy in dynamic practice situations that involve:

2.1.10.1 Relationship-building at all levels of systems

2.1.10.2 Evidence-based assessment tools and intervention approaches

2.1.10.3 Effective intervention with complex problems and prevention strategies

2.1.10.4 Response to the feedback process from interventions

Competency AGP 2.1.11: Develop leadership skills as advanced generalist practitioners to
enhance organizations and communities

Competency AGP 2.1.12: Demonstrate innovative problem-solving in social and organizational systems

Practice Behaviors

Each competency (outlined above) describes the knowledge, values, skills and cognitive and affective processes that comprise competency at the Advanced Generalist Practice (AGP) level. While content and activities of each course in the MSW curriculum covertly or overtly addresses each of the nine competencies, identified within each course is a set of specific practice behaviors representing observable components of one or more competencies. Course content and assessment are reflected in the following practice behaviors:

AGP 2.1.2a Articulates and advocates social work values and ethics among interdisciplinary situations and settings

AGP 2.1.10c Collects, organizes and interprets clients data

AGP 2.1.10e Select appropriate intervention strategies

AGP 2.1.10f demonstrates one's ability to move a client system through the practice intervention process

AGP 2.1.10i Facilitates transitions and endings

Course Structure

Texts and Associated Materials

Required Texts:

American Psychiatric Association. (2013). *Diagnostic and Statistical Manual of Mental Disorders (5th ed.)* Washington, D.C.: American Psychiatric Association. (May bring from agency or borrow one)

Additional Readings Suggested:

Bentley, K.J. (2002). *Social Work Practice in Mental Health: Contemporary Roles, Tasks, and Techniques*. Pacific Grove, CA: Brooks/Cole.

Bentley, K.J., & Walsh, J.W. (2001). *The Social Worker and Psychotropic Medication*.

Toward Effective Collaboration with Mental Health Clients, Families, and Providers (2nd ed.). Belmont, CA:Wadsworth.

Wedding, D., Boyd, M.A., Niemic, R.M. (2005). *Movies & Mental Illness. Using Films to Understand Psychopathology* (2nd ed). Hogrefe & Huber Publishing.

Walsh, J. (2000). *Clinical Case Management with Persons Having Mental Illness. A Relationship-Based Perspective*. Belmont, CA: Brooks/Cole-Thomson Learning.

OVERVIEW OF ASSIGNMENTS

- 1. Administering an Assessment** – Write a complete intake assessment on a client with a DSM diagnosis. Develop a treatment plan that would last 6 sessions with this client and discuss the types of interventions that would be most useful to help the client during each of the 6 sessions. Develop a termination plan. (30 points)
- 2. Exams** – There are 2 exams in this course. They are worth 40 points each (80 points total). Exams are open book and open note. In prior class, there is an in-class exam review and discussion.
- 3. Case Studies** – You will have two written assignments throughout the course on an assigned case. Two papers are worth 70 points (35 each). An outline for the case studies will be given to you. The outline includes: Diagnosis you considered. What diagnosed you ruled out and why. Your final diagnosis. The strengths you identified and how you would use those strengths to assist the individual with recovery.
- 4. In class Demonstration** – There are two of these in the course. Some will be asked to demonstrate how you would collect data for a Bio-psychosocial history. An outline will be given to you. The other class members will provide feedback to you and point out opportunities for improvement. These are participatory assignments and there is no make-up if you are absent. Basically, if you participate in your groups assignment and discussion for that day, you get the 10 points. (20 points total for the course.)

Grading Scale

Intake Assessment & Treatment Plan on DSM Diagnosis = 30 points total

1. Exams (2 throughout the course) = 80 points total
2. Case Studies (2 throughout course) = 70 points
3. In-class case analysis (2 throughout course) = 20 points

Grading and evaluation - Grades will be determined according to the following percentage points earned against possible points.

Evaluation for the course grade will be computed according to the following formula: Possible Points Grade

200 to 180 – A

179 to 160 – B

159 to 140 – C
139 to 120 – D

Deadline for Assignments

Assignments are due at the end of class. No emails.

Student Rights and Responsibilities

"Civility in face-to-face classrooms, online courses and in labs, internships, practicum and all other academic settings necessitate respect for the opinions of others and is very important in all academic settings. It is likely you may not agree with everything that happens or discussed in the academic setting; however, courteous behavior and responses are expected. To create a civil and preserve learning environment that optimizes teaching and learning, all participants share a responsibility in creating a civil and non-disruptive forum" (Student Guide Book, p 35). To create an optimum learning environment, students have rights and responsibilities.

Student Rights

As set forth in Texas A&M University System Policy 13.02

The rights of students are to be respected. These rights include respect for personal feelings; freedom from indignity of any type, freedom from control by any person except as may be in accord with published rules of the system academic institutions, and conditions allowing them to make the best use of their time and talents toward the objectives, which brought them to the system academic institutions. No officer [university faculty, employee] or student, regardless of position in rank, shall violate those rights, any custom, tradition or rule in conflict will be allowed to prevail.

Students are expected at all times to recognize constituted authority, to conform to the ordinary rules of good conduct, to be truthful, to respect the rights of others, to protect private and public property, and to make the best use of their time toward an education.

Students with Disabilities

The Americans with Disabilities Act (ADA) is a federal anti-discrimination statute that provides comprehensive civil rights protection for persons with disabilities. Among other things, this legislation requires that all students with disabilities be guaranteed a learning

environment that provides for reasonable accommodation of their disabilities. If you have a disability requiring an accommodation, please contact:

Office of Student Disability Resources and Services

Texas A&M University-Commerce
Gee Llibaray - Room 132
Phone (903)886-5150 or (903) 886-5853
Fax 9903) 468-8148
StudentDisabilityServices@tamuc.edu

Students Responsibilities

Class Attendance and Participation Policy

- Class participation has three components: (1) appropriate interactions with classmates; (2) active involvement in class activities and (3) attentiveness
- Students will attend class, reflecting responsibility, inherent in the development as a social work professional. Being on time and prepared when class begins and remaining present throughout the entire class meeting demonstrates emerging professional behavior expected in social work graduates. Roll is taken in each class to document students' attendance.
- Classroom exercises, discussions, role-plays, guest speakers and other in-class experimental exercises are essential for a student's professional learning and continued development of self-awareness. Tardiness (or early departure) of more than 15 minutes will count as one-half absence and two (2) times being late to class or two (2) early departures culminating into one absence.
- A student is absent if he/she arrives more than 30 minutes late to class, leaves 30 minutes early or does not come to class.
- The following penalties for absences (unexcused, or excused, according to university policy) will be administered:

<u>Weekly</u> <u>(class meets</u> <u>1X week)</u>	<u>Up to 2</u> <u>absences: No</u> <u>Penalty</u>	<u>3 absences: 1</u> <u>letter grade drop</u>	<u>4 absences: Class grade of "F"</u>	
<i>Bi-Weekly</i> <i>(class meets</i> <i>2X week)</i>	<i>Up to 3</i> <i>absences: No</i> <i>Penalty</i>	<i>4 absences: 1</i> <i>Letter grade drop</i>	<i>5 absences: 1</i> <i>Letter grade</i> <i>drop</i>	<i>6 absences:</i> <i>Class grade of</i> <i>"F"</i>
<i>Summer 10-week</i>	<i>Up to 1</i> <i>absence: No</i> <i>Penalty</i>	<i>2 Absences: 1</i> <i>Letter grade drop</i>	<i>3 absences: Class grade of "F"</i>	

Online, Blended and Web Enhanced Classes: Just as students are required to attend face-

to-face classes, students are required to log in and participate in online venues. To receive credit for attendance online via eCollege, students must log in and complete assignments as required in the course. Not logging onto eCollege (monitored by the instructor) and completing assignments online during the required time is the equivalent of an absence for each week this occurs.

Final Evaluation and Grade Depends on both Classroom attendance and Participation

Inadequate participation or lack of required time commitment in each class significantly affects students' grades. No matter the course venue, students must engage in a comparable amount of time. Expectations of both Face-to-Face classes and those with Online components include time spent reading and studying course material.

Student Conduct

Students preparing to become professional social workers must adhere to the *University Code of Conduct, Department Code of Conduct and National Association of Social Workers' (NASW) Code of Ethics*.

University Code of Conduct located in the *Student Guide Book*

at <http://www.tamuc.edu/campuslife/documents/studentGuidebook.pdf> (pp 34- 66). On the University Website under Campus Life Documents

To become aware of University policies related to student academic and behavioral expectations for students refer to the Guidebook.

Department Code of Conduct

"Faculty have the authority to request students who exhibit inappropriate behavior to leave the class/lab/internship practicum or to block access to online courses and may refer offenses to the [Academic and Professional Issues Committee (API)] or to the Department Head. More serious offences by be referred to the University Police Department and/or the Judicial Affairs Office for disciplinary action" (Student Guidebook p 35)

Social Work students conduct themselves in an ethical and professional manner. Closely linked with professional recognition is the social worker's compliance with the profession's ethical standards. It is imperative for professional social workers to be competent and ethical in practice if the profession is to maintain the public trust. It is essential that each social work student gain a thorough understanding of the ethical principles that guide practice and actively demonstrate in behavior, both in and out of the classroom. Student conduct is to

reflect the tenets of *NASW Code of Ethics* (located at <https://www.socialworkers.org/pubs/code/code.asp>) on the NASW website:
<https://www.socialworkers.org>

Campus Concealed Carry

Texas Senate Bill - 11 (Government Code 411.2031, et al.) authorizes the carrying of a concealed handgun in Texas A&M University-Commerce buildings only by persons who have been issued and are in possession of a Texas License to Carry a Handgun. Qualified law enforcement officers or those who are otherwise authorized to carry a concealed handgun in the State of Texas are also permitted to do so. Pursuant to Penal Code (PC) 46.035 and A&M-Commerce Rule 34.06.02.R1, license holders may not carry a concealed handgun in restricted locations. For a list of locations, please refer to (<http://www.tamuc.edu/aboutUs/policiesProceduresStandardsStatements/rulesProcedures/34SafetyOfEmployeesAndStudents/34.06.02.R1.pdf>) and/or consult your event organizer). Pursuant to PC 46.035, the open carrying of handguns is prohibited on all A&M-Commerce campuses. Report violations to the University Police Department at 903-886-5868 or 9-1-1.

Plagiarism and Academic Dishonesty

There is an expectation of maintaining high standards of integrity and honesty by all Social Work Graduate students at Texas A&M University-Commerce. Faculty and staff are expected to uphold and support student integrity and honesty by maintaining conditions that encourage and enforce academic honesty. *Conduct that violates generally accepted standards of academic honesty is academic dishonesty.*

The School of Social Work follows University Procedure 13.99.99.R0.10 Graduate Student Academic Dishonesty (available at <http://www.tamuc.edu/aboutUs/policiesProceduresStandardsStatements/rulesProcedures/13students/graduate/13.99.99.R0.10GraduateStudentAcademicDishonesty.pdf>)

Students are expected to read and understand the University's Academic Dishonesty Policy

The Office of the Provost documents and maintains a record of all incidents of academic dishonesty. Multiple incidents of academic dishonesty will result in a student's dismissal from the program and from the University.

A student who fails to meet the professional expectation of the field for which he/she is

preparing may be suspended from further study in that program by the department administering the program (Graduate School Catalog p 36)

Technology Mediate Resources

NOTE: PROBLEMS WITH YOUR INTERNET CONNECTION AND/OR COMPUTER ARE NOT REASONS FOR LACK OF PARTICIPATION. You have access to the university's computer labs (in the social work department AND other campus facilities, including the library) as well as local libraries and other access to computers and ISPs

If you believe, you are unable to fulfill the requirements for the course you should talk with your instructor about the possibility of dropping or withdrawing.

Many courses use the learning management system to administer course content. Below is information and resources for eCollege.

TECHNOLOGY REQUIREMENTS

- To fully participate in online courses you will need to use a current Flash enabled internet browser. For PC and Mac users the suggested browser is Mozilla Firefox.
- You will need regular access to a computer with a broadband Internet connection. The minimum computer requirements are:
- 512 MB of RAM, 1 GB or more preferred
 - Broadband connection required courses are heavily video intensive
 - Video display capable of high-color 16-bit display 1024 x 768 or higher resolution
- You must have a:
 - Sound card, which is usually integrated into your desktop or laptop computer
 - Speakers or headphones.
 - *For courses utilizing video-conferencing tools and/or an online proctoring solution, a webcam and microphone are required.
- Both versions of Java (32 bit and 64 bit) must be installed and up to date on your machine. At a minimum Java 7, update 51, is required to support the learning management system. The most current version of Java can be downloaded at: JAVA web site <http://www.java.com/en/download/manual.jsp>
- Current anti-virus software must be installed and kept up to date.

- Run a browser check through the Pearson LearningStudio Technical Requirements website. Browser Check
http://help.ecollege.com/LS_Tech_Req_WebHelp/en-us/#LS_Technical_Requirements.htm#Browset

Running the browser check will ensure your internet browser is supported.

Pop-ups are allowed.

JavaScript is enabled.

Cookies are enabled.

- You will need some additional free software (plug-ins) for enhanced web browsing. Ensure that you download the free versions of the following software:
 - Adobe Reader <https://get.adobe.com/reader/>
 - Adobe Flash Player (version 17 or later) <https://get.adobe.com/flashplayer/>
 - Adobe Shockwave Player <https://get.adobe.com/shockwave/>
 - Apple Quick Time <http://www.apple.com/quicktime/download/>

At a minimum, you must have Microsoft Office 2013, 2010, 2007 or Open Office. Microsoft Office is the standard office productivity software utilized by faculty, students, and staff. Microsoft Word is the standard word processing software, Microsoft Excel is the standard spreadsheet software, and Microsoft PowerPoint is the standard presentation software. Copying and pasting, along with attaching/uploading documents for assignment submission, will also be required. If you do not have Microsoft Office, you can check with the bookstore to see if they have any student copies.

- For additional information about system requirements, please see: System Requirements for LearningStudio
<https://secure.ecollege.com/tamuc/index.learn?action=technical>

ACCESS AND NAVIGATION

Pearson LearningStudio (eCollege) Access and Log in Information

This course will be facilitated using Pearson LearningStudio, the learning management system used by Texas A&M University-Commerce. To get started with the course, go to myLeo and from the top menu ribbon select eCollege. Then on the upper left side of the screen click on the My Courses tab. <http://www.tamuc.edu/myleo.aspx>

You will need your campus-wide ID (CWID) and password to log into the course. If you do not know your CWID or have forgotten your password, contact the Center for IT Excellence (CITE) at 903.468.6000 or helpdesk@tamuc.edu.

Note: It is strongly recommended you perform a "Browser Test" prior to the start of your course. To launch a browser test login to Pearson LearningStudio, click on the My Courses tab, and then select the Browser Test link under Support Services.

Pearson LearningStudio Student Technical Support

Texas A&M University-Commerce provides students technical support for the use of Pearson LearningStudio.

Technical assistance is available 24/7 (24 hours, 7 days a week).

If you experience LearningStudio (eCollege) technical problems, contact the LearningStudio helpdesk at 1-866-656-5511 (toll free) or visit Pearson 24/7 Customer Support Site <http://247support.custhelp.com/>

The student help desk may be reached in the following ways:

- Chat Support: Click on 'Live Support' on the tool bar within your course to chat with a Pearson LearningStudio Representative.
- Phone: 1-866-656-5511 (Toll Free) to speak with Pearson LearningStudio Technical Support Representative.

Accessing Help from within Your Course: Click on the 'Tech Support' icon on the upper left side of the screen inside the course. Then you will be able to get assistance via online chat or by phone.

Note: Personal computer and internet connection problems do not excuse the requirement to complete all course work in a timely and satisfactory manner. Each student needs to have a backup method to deal with these inevitable problems. These methods might include the availability of a backup PC at home or work, the temporary use of a computer at a friend's home, the local library, office service companies, Starbucks, a TAMUC campus open

computer lab, etc.

Policy for Reporting Problems with Pearson LearningStudio

Should students encounter Pearson LearningStudio based problems while submitting assignments/discussions/comments/exams, the following procedure must be followed:

1. Students must report the problem to the help desk. You may reach the helpdesk at 1-866-656-5511.
2. Students must file their problem with the helpdesk and obtain a helpdesk ticket number
3. Once a helpdesk ticket number is in your possession, students should email me to advise me of the problem and provide me with the helpdesk ticket number.
4. I will call the helpdesk to confirm your problem and follow up with you

PLEASE NOTE: Your personal computer and internet access problems are not a legitimate excuses for filing a ticket with the Pearson LearningStudio Help Desk. Only Pearson LearningStudio based problems are legitimate reasons to contact the Help Desk. You strongly are encouraged to check for your internet browser compatibility BEFORE the course begins and take the Pearson LearningStudio tutorial offered for students who may require some extra assistance in navigating the Pearson LearningStudio platform.

myLeo Support

Your myLeo email address is required to send and receive all student correspondence. Please email helpdesk@tamuc.edu or call us at 903-468-6000 with any questions about setting up your myLeo email account. You may also access information at myLeo.

<https://leo.tamuc.edu>

Learner Support

The One Stop Shop was created to serve you by providing as many resources as possible in one location. <http://www.tamuc.edu/admissions/onestopshop/>

The Academic Success Center provides academic resources to help you achieve academic success. <http://www.tamuc.edu/campusLife/campusServices/academicSuccessCenter/>

FREE Mobile APPS

The Courses apps for phones have been adapted to support the tasks students can easily complete on a smaller device. Due to the smaller screen size course content is not presented.

The Courses app is free of charge. The mobile Courses Apps are designed and adapted for different devices.

	App Title:	iPhone – Pearson LearningStudio Courses for iPhone Android – LearningStudio Courses - Phone
	Operating System:	iPhone - OS 6 and above Android – Jelly Bean, Kitkat, and Lollipop OS
	iPhone App URL:	https://itunes.apple.com/us/app/pearson-learningstudio-courses/id977280011?mt=8
	Android App URL:	https://play.google.com/store/apps/details?id=com.pearson.lsphone

Once downloaded, search for Texas A&M University-Commerce, and it should appear on the list. Then you will need to sign into the myLeo Mobile portal.

The Courses App for Android and iPhone contain the following feature set:

- View titles/code/Instructor of all Courses enrolled in online
- View and respond to all discussions in individual Courses
- View Instructor Announcements in individual Courses
- View Graded items, Grades and comments in individual Courses
- Grade to Date
- View Events (assignments) and Calendar in individual Courses
- View Activity Feed for all courses
- View course filters on activities
- View link to Privacy Policy

- Ability to Sign out
- Send Feedback

LearningStudio Notifications

Students can be alerted to course activities via text on their mobile phones or up to two email addresses.

Based on their preferences, students can automatically receive a push notification with every new: course announcement, threaded discussion post, grade, and/or assignment without having to login to the course. Enrolled students will automatically receive email notifications for announcements and can opt out of this feature. To receive text notifications, students must opt in.

To begin setting up notifications, go into your course in LearningStudio and click on the bell-shaped Notifications icon on the main menu ribbon.

By default the student's university email address will appear. This cannot be changed in LearningStudio. Additional email addresses may be added by clicking the Add button. After all of the other selections are completed be sure to click the Save and Finish button.

Bibliography

To be added throughout the course: Students will be asked to bring Journal articles to class for critical thinking and discussion.

Course Schedule

Week	Readings	Assignment/Activities
Week 1 August 30, 2016	DSM 5, Review of Course Syllabus	Review of Course Syllabus Review of Bio Psychosocial History Review of Recovery Plan Outline for Case studies Personal goals for this class
Week 2 September 6, 2016	Neurodevelopmental Disorders	Assessment Measures Review of Psychosocial History
Week 3 September 13, 2016	Schizophrenia Spectrum Disorders	How to administer Schizophrenia Scales and determine the difference in positive and negative scales Review of Recovery Plan
Week 4 September 20, 2016	BiPolar and Related Disorders	Administering the Bipolar scales Cultural Formulation – What have you noticed – Case discussion How to write Bio-psychosocial History – 10 points class discussion
Week 5 September 27, 2016	Depressive Disorders	First Case Study Due 35 points Administering the Depression Scale

Week 6 October 4, 2016	Anxiety Disorders, Obsessive Compulsive Disorders	Review for First Exam How to write a recovery plan – 10 points for discussion
Week 7 October 11, 2017	Trauma and Stress Related Disorders, Dissociative Disorders, Somatic Disorders	Class discuss of PTSD First Exam 40 points
Week 8 October 18, 2016	Feeding and Eating Disorders, Elimination Disorders, Sleep Wake Disorders	Discussion of Anorexia and Bulimia and treatments
Week 9 October 25, 2016	Sexual Dysfunction, Gender Dysphoria Suicide Assessments	Administering a Suicide Assessment
Week 10 November 1, 2016	Impulse Control and Conduct Disorders	Case Study and writing a recovery plan
Week 11, November 8, 2016	Substance Abuse Disorders	Assessment for Substance Abuse Intake Assessment Due 30 points
