COMMUNICATION AND SUPPORT

Interaction with Instructor Statement

Communication is key to success in completing this course. While the instructor does expect assignments to be done on time and for reading to be done before coming to class, it is also important to communicate when you are feeling overwhelmed or if you feel incapable of completing assignments. There are high expectations for this class, and students are expected to show significant effort. However, the purpose of this class is for acquiring reading and writing skills, not for copious amounts of busy work. Please email the instructor if you have any concerns or wish to make an appointment. There are

university services available to students that can help a student succeed. The instructor will acknowledge your email within 1 business day.

COURSE AND UNIVERSITY PROCEDURES/POLICIES

Course Specific Procedures:

Please remember that you are required to attend every class.

Syllabus Change Policy

The syllabus is a guide. Circumstances and events, such as student progress, may make it necessary for the instructor to modify the syllabus during the semester. Any changes made to the syllabus will be announced in advance.

Program Progress

Earn a grade of “B” or better to progress to the next level.

Attendance Policy

A student must attend a minimum of 85% of all scheduled ELI classes in order to receive a Certificate of Participation from the English Language Institute. A student’s failure to attend class may result in lower grades, may cause failure of the course, may lower exit test scores, may inhibit transfer to another school, and may cause dismissal from the Institute which, in turn, may cause loss of the student’s F-1 visa status. Absences are reported to the Director; the campus immigration officer is also informed of excessive absences. A student with excessive unexcused absences will be a candidate for dismissal from the program.

Excused absences are defined as:

1. Personal illness. Return to class with a physician’s note.
2. Participation in an institute-wide or university sponsored trip. Notification is to be given to the instructor before the day of absence.
3. Attendance at the funeral of an immediate family member.

If you have an “excused absence,” you will be able to make up the course assignments you missed within one week of your return to class. It is your responsibility to meet with your instructor to determine the assignments missed. Failure to meet with the instructor regarding an excused absence may result in an “F” for that assignment. **Excused absences still count toward the 15% of classes you can miss.**

If you have an unexcused absence, you may not be permitted to make up assigned course work. An unexcused absence means missing class for any reason other than those mentioned above.

Attendance will impact your overall participation grade which is 15% of your grade for this class.

- **Three** absences will drop the participation grade by **one letter grade**.
- **Six** absences will drop the grade by **two letter grades**.

Tardy Policy

In American universities, it is customary for students to be seated in the classroom before the instructor enters. To be late, or tardy, to a class is not acceptable because a student entering class late interrupts the instructor and interferes with the learning of fellow students. Like all university students, ELI students are requested to be seated in the classroom at the beginning of the class hour.

Class begins at 9:00 am, and arrival after 9:00 am is considered a tardy. 20 minutes late to class is considered an absence. You will receive a 1 point deduction for being 5 minutes late and a 2 point deduction for being 10 or more minutes late on your daily participation grade. More than 20 minutes late counts as an absence, and all participation points are deducted for that day.

You may go to the restroom without informing the teacher, but if you do not return within 10 minutes, one tardy will be marked on your attendance; if you do not return within 20 minutes, you will receive an absence for the day.

Phones in the Classroom

No cellphone/smartphone use during class. Check messages before or after class. Taking a call or texting (which includes reading incoming texts) during class is a distraction, inappropriate and disrespectful. Use of cellphones in class will receive a 1 point deduction on your daily participation grade.

Technology in the Classroom

Only technology used for instructional purposes is allowed in the classroom. Using a dictionary or translator on a computer or a smartphone is NOT allowed during class. Electronic dictionaries are acceptable as long as they are not on a smart device.

Homework/Assignment Submission

Only submissions made by the due date/time are accepted. Assignments will be collected in class on the due date typed and printed. **No late work will be accepted.**

When you miss class for any reason, you are still responsible for information presented and assignments given in class. Due dates remain the same whether you are in class or not. Contact a fellow student and the teacher for missed assignments.

Make-ups

Do not miss class on test days. You will only be allowed to make up one test. Make up tests will be given on a designated day later in the semester. Full credit will be given.

Use of English

English is the language of instruction for the English Language Institute. Students are expected to use English only in the classrooms, hallways, and at all ELI functions. Please do not speak your native language during class because not everyone speaks your language.

We have many languages represented in the ELI, and we do not want to exclude anyone. We need to speak the language we all have in common which is English. Speaking a language other than English during class will result in a 1 point deduction on your daily participation grade.
