Course Description

An internship program demonstrates how an individual can learn by many methods. This course allows the student to enter the professional world on a consistent and organized basis. In the internship the student will spend 150 hours with a criminal justice agency which will allow the student to experience assigned tasks and responsibilities in a criminal justice agency. The exposure of the student to the environment of the agency will assist in the professional development of the student. Besides a limited number of assignments the student will spend a large amount of class time with the agency. Time spent in the classroom will allow the student to

focus on developing a useful and informative resume, letters of references, and other material helpful in obtaining professional employment.

In addition to gaining experience within a criminal justice agency, this course will be used as an exit class for the major. In other words, this course will serve as the culmination of what the student has learned across all of his/her criminal justice courses. A strategic goal of this class, not only to expose the student to the professional arena of criminal justice, but its goal is to summarize and present an overall picture of what the student has learned as he/she has matriculated here at Texas A&M University-Commerce.

Course Goals

This course is an academically based work experience integrated within selected agencies of the criminal justice system. The purpose of the internship is to provide an arena for the application of classroom principles within the context of the day to day reality of the criminal justice system. The internship includes field supervision as well as classroom experiences.

The goals for this course have been divided into four distinctive domains: the accumulation of information, appraisal of accomplishments, individual development, and professional growth.

- The goal of *accumulating information*. Each student will acquire knowledge about an agency or agencies they did not know before taking this course. This information will be obtained from reading various publications, class discussions where various information about students' experiences will be shared, and from practical experiences at an agency for the enrolled semester.
- The goal of *appraising accomplishment*. Each student will develop knowledge about a particular agency as he or she performs the assignments of field placement, and as he or she acquires professional experience while interning within the agency. While performing the internship each student is encouraged to examine patterns, distinguished motives for alliances, and evaluate the conditions in the agency. Each student should be able to determine how much professional knowledge he/she has accumulated during the internship about the agency.
- The goal of *individual development*. Each student will assess his or her strengths and weaknesses as they relate to performing within the agency. This assessment may occur while the student is learning to work with people from diverse backgrounds. Each student will be conscious of improving his or her report writing and language (professional jargon) skills as they relate to that particular agency.
- The goal of *professional growth*. Each student will increase his or her awareness of what a career would be like within the agency where the internship is conducted. Each student will communicate his or her aspirations as they relate to the criminal justice field. Each student will become acquainted with relationship building with co-workers and peers.

Course Objectives

- Each student will have a “hands on” experience with a criminal justice agency/organization - become familiar with the operations, functions, and activities of the agency.
- Each student will have his/her knowledge base of the criminal justice system assessed.
- Students will be exposed to information detailing a properly written resume, cover letter, and reference letter.
- Students will have an opportunity to practice the professional jargon used within an agency based on their internship.
- Students will practice or employ accumulated knowledge about the criminal justice field, the profession through the fulfillment of various assignments during this course.

Student Learning Outcomes

1. Students will be able to describe in written and oral forms the function(s) of the criminal justice components.
2. Students will develop a resume appropriate for a prospective job or to carry to an interview.
3. Students will demonstrate their accumulated knowledge gained from the criminal justice curriculum by earning a successful (70% or better) grade on the survey exam (Final Exam) over criminal justice.
4. Students will describe the internship in an oral presentation.

Note: The student learning outcomes (SLOs) will be reviewed and refined, as needed, to reflect the materials presented.

COURSE REQUIREMENTS

Instructional / Methods / Activities Assessments

This course will provide a variety of activities and assessments to assist you in achieving the outcomes and objectives for this course. Each week the student will work toward achieving these outcomes through the assigned tasks.

A core competency of this course is critical thinking. There are numerous texts and articles that articulate and define critical thinking that students can locate and review to improve in this area. Critical thinking requires students to think through situations, facts, and issues with an open mind and in an objective way to analyze and evaluate information in an informed manner. Critical thinkers consider all points of view and carefully consider other’s perspectives.

While internship is an experiential learning activity, it must be remembered that its ultimate goals are academic, for example, the student should become familiar with the inter-connection between theory, research, and practice or application in the field of criminal justice. CJ 470 will have the **following requirements:**

Internship:

Having a successful internship is most important. The internship itself will be graded. The internship grade will be cumulative. Every student must obtain 150 hours at the agency/organization. If for some reason a student cannot make a scheduled visit or be present at the agency then he/she should make sure the time is made-up (**re-scheduled**). Each student will maintain a *timesheet* which must be signed by the student's immediate supervisor at the agency. Each student must maintain an accurate, informative and up-to-date *journal*. The purpose or usefulness of the journal is for the student to describe in detail what occurred each time, each day he/she served or spent at the agency. Naturally, the student must respect confidentiality and write or report on nothing that would offend the agency or those receiving service. At the end of the internship an *evaluation* of the student will be performed by the immediate supervisor. The score obtained from the evaluation will be reflected in the student's grade.

In-class assignment:

The class will meet a number of times during the semester. Students are expected to be present. Being absent will impact your grade. Although this class does not require an assigned text book, the instructor will assign readings or articles specifically related to the topic of discussion. Students are expected to read these assigned readings, to perform assigned tasks, and to complete a criminal justice summary exam (Final Exam). Students are encouraged to secure books from previous classes that address or focused on the police, corrections, and courts. Reviewing an introduction to criminal justice book may be useful. Students will be expected to show some resourcefulness, especially in reference to preparing for the summary exam.

Outside of class assignment:

A number of assignments will be done outside of class and turned in on designated dates. No late assignment will be accepted.

Student Responsibilities

Please remember that you are being observed while at the host agency, present yourself well and be professional. You are expected to show interest in the position and to learn as much as possible about the agency. Be an aggressive and enthusiastic learner. Remember you may seek employment or a letter of reference from this very agency or individual. Creating networks through your interactions with others combined with social media outlets will be in your best interest. As you will see from discussions during class, you are your best marketing tool.

Students will be expected to adhere to the course schedule and/ or outline pertaining to due dates. No late work will be accepted without prior approval.

The course is designed so that each week begins on Monday (12:00AM) and ends on Sunday (11:59PM), with the exception of the last week of the course (Final Exam Week). The course schedule will reflect this design.

Students are expected to have properly formatted papers/assignments. The format standard for this course is the American Psychological Association (APA) style format. To aid in properly formatting written work for this course students can purchase:

American Psychological Association. (2010). *Publication manual of the American Psychological Association* (6th ed.). Washington, DC: American Psychological Association.
ISBN: 9781433805615*

...or students can review the online manual locate at:

<https://owl.english.purdue.edu/owl/resource/560/01/>

Class attendance and participation are expected. I do not plan to build attendance into the class requirements at this point, and hope no need will arise to do so. Students are expected to be present and ready to contribute when the class is in session. Tardiness is reacted to in an unfavorable manner.

Telephone and pagers must be turned off unless you work for some type of emergency agency (medical or law enforcement, etc.).

Tips on How to be Successful in this Class:

Be very focus and involved during the internship, learning as much as possible about the agency and show interest.

Perform the tasks or assignments given while at the agency to the best of your ability.

Complete all the class assignments on time.

Achieve a good evaluation from the host agency.

Discussion Forums

This class will have 2 discussion forums that will take place outside of the class room. Each discussion will count for a total value of 50 points towards your final grade for this course. The combined value of the discussion forums is 100 points (10% of the overall course grade).

The discussion topic will be selected and a question will be formulated for you to answer. The question may consist of several parts. Be sure to read the question carefully. Be sure to answer the question entirely and post it to the discussion forum.

To receive full credit for the discussion, you are required to post your initial response (answer the question completely) by the due date prescribed in the course schedule. Then you **must** reply to 2 other classmate's post by the due date prescribed in the course schedule. Think of this as a two part process:

- Part 1 – Initial response to the question
- Part 2 – Reply to 2 other classmate's posts

This should be a conversation among students. In other words, during part 2 of this process, you should begin to reply to classmate's post. The purpose of the reply is to engage in conversation.

Your reply to your classmates must add to the discourse. As I said, this is a conversation. The simple reply, "I agree" or "That is a very interesting position" will not be sufficient. If you do not add to the conversation, then I will deduct points from your grade.

Assignments

Seven assignments are required for this class:

- Internship Evaluation valued at 100 points (10% of the overall course grade),
- Time sheet valued at 100 points (10% of the overall course grade),
- FEMA Independent Study valued at 100 points (10% of the overall course grade),
 - Choose two of the following:
 - IS-230d
 - IS-700a
 - IS-800b
- Portfolio valued at 100 points (10% of the overall course grade),
- Resume valued at 100 points (10% of the overall course grade),
- LinkedIn valued at 100 points (10% of the overall course grade), and
- Oral presentation of internship valued at 100 points (10% of the overall course grade).

See course outline for further details.

Exams

This course will have one comprehensive exam and this exam is considered the final exam for this course which will be valued at 200 points (20% of the overall course grade).

The final exam will cover the material discussed in this course and include concepts that you have been exposed to in previous criminal justices courses taken at TAMUC (or throughout your undergraduate studies).

GRADING

Final grades in this course will be based on the following scale:

900-1000	points = A or 90%-100%
800-899	points = B or 80%-89%
700-799	points = C or 70%-79%
600-699	points = D or 60%-69%
0-599	points = F or 59% or Below

Assessments

2 discussion forums	100 points (10%)
7 Assignments	700 points (70%)
Final	200 points (20%)
Total:	1000 points (100%)

Remember that the lack of participation will result in the deduction of points from your overall course grade.

I have been asked in the past how one can calculate grade percentages based on the point system. I have included an example below:

To figure the percentage for a single grade, multiply the fractional grade by 100.

Points earned divided by Points available multiplied by 100

$$12/15 \times 100 = 80\%$$

$$30/35 \times 100 = 85.7\%$$

$$55/70 \times 100 = 78.6\%$$

To figure out a numerical grade, add up all your earned points (total earned points), add up all the possible points (total possible points available), and write that as a fraction:

$$\text{Total earned points} \quad 12 + 30 + 55 = 97$$

$$\text{Total possible points} \quad 15 + 35 + 70 = 120$$

$$\text{Multiply this fraction by 100} \quad 97/120 \times 100 = 80.83333$$

In this example the grade would be a "B".

TECHNOLOGY REQUIREMENTS

- To fully participate in online courses you will need to use a current Flash enabled browser. For PC users, the suggested browser is Google Chrome or Mozilla Firefox. For Mac users, the most current update of Firefox is suggested.

- You will need regular access to a computer with a broadband Internet connection. The minimum computer requirements are:
 - 512 MB of RAM, 1 GB or more preferred
 - Broadband connection required courses are heavily video intensive
 - Video display capable of high-color 16-bit display 1024 x 768 or higher resolution
- You must have a:
 - Sound card, which is usually integrated into your desktop or laptop computer
 - Speakers or headphones.
 - *For courses utilizing video-conferencing tools and/or an online proctoring solution, a webcam and microphone are required.
- Both versions of Java (32 bit and 64 bit) must be installed and up to date on your machine. At a minimum Java 7, update 51, is required to support the learning management system. The most current version of Java can be downloaded at: **JAVA web site**
<http://www.java.com/en/download/manual.jsp>
- Current anti-virus software must be installed and kept up to date.
- Run a browser check through the Pearson LearningStudio Technical Requirements website. **Browser Check** http://help.ecollege.com/LS_Tech_Req_WebHelp/en-us/#LS_Technical_Requirements.htm#Browset
- Running the browser check will ensure your internet browser is supported.
 - Pop-ups are allowed.
 - JavaScript is enabled.
 - Cookies are enabled.
- You will need some additional free software (plug-ins) for enhanced web browsing. Ensure that you download the free versions of the following software:
 - **Adobe Reader** <https://get.adobe.com/reader/>
 - **Adobe Flash Player** (*version 17 or later*) <https://get.adobe.com/flashplayer/>
 - **Adobe Shockwave Player** <https://get.adobe.com/shockwave/>

LEARNINGSTUDIO NOTIFICATIONS

Students can be alerted to course activities via text on their mobile phones or up to two email addresses.

Based on their preferences, students can automatically receive a push notification with every new: course announcement, threaded discussion post, grade, and/or assignment without having to login to the course. Enrolled students will automatically receive email notifications for announcements and can opt out of this feature. To receive text notifications, students must opt in.

To begin setting up notifications, go into your course in LearningStudio and click on the bell-shaped Notifications icon on the main menu ribbon.

By default the student's university email address will appear. This cannot be changed in LearningStudio. Additional email addresses may be added by clicking the Add button. After all of the other selections are completed be sure to click the Save and Finish button.

COMMUNICATION AND SUPPORT

Interaction with Instructor Statement

My primary form of communication with the class will be in class and through email. Any changes in the syllabus or important information critical to this class will be disseminated to students via your official university email address. It is your responsibility to check your university email on a regular basis. Students who email me outside of regular office hours can expect a reply within 24 hours Monday through Friday. Students who email me during holidays or over the weekend should expect a reply by the end of the next regularly scheduled business day.

COURSE AND UNIVERSITY PROCEDURES/POLICIES

Course Specific Procedures

Attendance/Lateness

As previously mentioned, class attendance and participation are expected. I do not plan to build attendance into the class requirements at this point, and hope no need will arise to do so. Students are expected to be present and ready to contribute when the class is in session. Tardiness is reacted to in an unfavorable manner.

Late Work

As previously mentioned, no late work will be accepted without prior approval.

Missed Exams

Exams will have a scheduled date. The exam must be taken during this scheduled period. An exam cannot be made up; therefore, an effort to complete the exam during the assigned period must be made.

Quizzes

No quizzes will be given in this course.

Extra Credit

Extra credit may be provided at the instructor's discretion (See course schedule).

Academic Honesty

Students who violate university rules on scholastic dishonesty will be subject to disciplinary penalties, including (but not limited to) receiving a failing grade on the assignment, the possibility of receiving an "F" in the course, and dismissal from the university. Policies on scholastic dishonesty will be strictly enforced. Incidents of academic dishonesty will be reported to the Department Head. Students should be aware that academic dishonesty includes (but is not limited to) cheating, plagiarism, and collusion. The mid-term and final exams are not considered group assignments.

Drop Course Policy

Your grades in this class will be an accurate reflection of your time, effort, and commitment to the subject matter. Everyone begins the class with an "A". No curves will be assessed in the course. If you feel that you have dropped below an acceptable level in this course, it is your responsibility to contact your instructor for possible remedies, drop, or withdraw from the course.

Syllabus Change Policy

The syllabus is a guide. Circumstances and events, such as student progress, may make it necessary for the instructor to modify the syllabus during the semester. Any changes made to the syllabus will be announced.

University Specific Procedures

Student Conduct

All students enrolled at the university shall follow the tenets of common decency and acceptable behavior conducive to a positive learning environment. (See current Student Guidebook).

Students should also consult the Rules of Netiquette for more information regarding how to interact with students in an online forum (i.e. discussion boards): **Netiquette**
<http://www.albion.com/netiquette/corerules.html>
