COURSE REQUIREMENTS

Instructional / Methods / Activities Assessments

Assignments:

Quizzes: Detailed below under attendance policy. Quizzes are worth 40% of your final grade, and your lowest two quiz scores will be dropped at the end of the semester.

Campus Events Attendance Reflection Essays: College is about more than going to class—there are many events to attend on campus that will enhance your experience here. Watch your email, flyers on campus, and the menu on the main page of MyLeo for information about events on campus. Look especially for Global Events—you should load your reflection of these events into your ePortfolio toward your application of being a Global Scholar.

For this part of your grade, attend a campus event (athletic, club meeting, academic events, cultural events, speakers, et cetera). Bring an artifact of the event (a program, e-mail a selfie of you at the event, et cetera), then write a two-page paper in which you describe and reflect on the event.

1. Describe or summarize the event. What was the event? What was the purpose? Who attended? What was it like?
2. Reflect on the event. Consider some or all of the following questions: What did you learn at this event? What did you learn about the campus or people related to the campus? How can you implement what you learned to help you be successful in college? How can what you learned help prepare you for an interconnected world?

You must attend **five** events throughout the semester and write about each of them. Do not wait until the end of the semester to attend these events—they will be due throughout the semester.

Final essay:

Option One:

In this class, we read Austin Kleon's book *Steal Like An Artist: 10 Things Nobody Told you About Being Creative*, which details some ideas about how attitude, learning, and the people and things you surround yourself with can affect creativity. This assignment asks you to reflect on the personal value you see in creativity. How can creativity help you prepare to solve the problems of the future? How can creativity help you accomplish your goals in college and beyond?

Kleon's book uses anecdotes and examples to make his points. Be sure to do the same. Also be sure to refer to the book in your essay (quote and cite his essay). You can refer to Kleon's book by agreeing with one of his points, disagreeing with one of his points, building on one of his points, or even using one of his points to start your own argument about the value of education.

Option Two:

Can learning strategies for creativity actually help you be more creative? Choose one of the strategies detailed in Austin Kleon's book *Steal Like An Artist* and explore its possibilities for encouraging creativity. Experiment with one or more of the strategies for a period of time (for example, a week) and reflect on the effectiveness of that strategy.

Kleon's book uses anecdotes and examples to make his points. Be sure to do the same. Also be sure to refer to the book in your essay (quote and cite his essay). You can refer to Kleon's book by agreeing with one of his points, disagreeing with one of his points, building on one of his points, or even using one of his points to start your own argument about the value of education.
