## **COURSE INFORMATION**

### **Materials**

This course does not require a text book. All readings, supplementary reading, and materials will be found within our virtual classroom.

### **Course Description**

This course introduces students to the idea of sustainability, and examines the concept from a micro to a macro level. Overarching environmental factors in relation to maintaining quality of air, water, and wildlife are considered, and the meaning of sustainability is explored from the following perspectives: individual, community, city/business, nation/culture, and world. Topics include the triple-bottom line perspective, challenges and conflicts, global sustainability initiatives, and an individual evaluation.

## Student Learning Outcomes

1. Define terms related to the study of sustainability.
2. Explain the evolution of the concept of sustainability.
3. Explain the requirements for achieving the various levels of sustainability.
4. Identify the social, environmental, and economic forces which impact the concept of sustainability.
5. Examine how the sustainability concerns of people, planet, and profit might be balanced.
6. Analyze the opportunities and challenges related to achieving sustainability.
7. Identify large-scale initiatives in support of sustainability.
8. Assess the impact of individual lifestyle decisions on sustainability and the environment.

## COURSE REQUIREMENTS

### Minimal Technical Skills Needed

Technical skills needed for this course include but not limited to learning the management system, using Microsoft Word and PowerPoint, and using presentation and graphics programs.

### Instructional Methods

#### Lesson Checklist

Every lesson has a prescribed checklist of activities required to successfully complete the lesson. Follow this checklist, in the specified order, to complete each lesson.

**BE CREATIVE!!!!!!** The assignments should be thought out, well written and have acceptable creativity added within them.

#### Tips for Course Success

Regularly logging into the course website as well and reading all class correspondence carefully is key! I suggest getting a calendar and write down assignments and due dates to help you stay on track. Once discussions and quizzes close, they will **NOT** be reopened and will **not** be accepted!!!

## GRADING

## GRADING

Final grades in this course will be based on the following scale:

A = 90%-100%

- B = 80%-89%
- C = 70%-79%
- D = 60%-69%
- F = 59% or Below

If using a points-based system, then please include a list of the total points corresponding to the final letter grades.

If using a weights-based system, then please include a list or table showing the weights of the assessments in the calculation of the final course grade.

## ***Assessments***

Explanation by graded assessment type (percentage or points toward final grade)  
Also, the relationship between the assessments and course-level student learning outcomes should be explained. Consider creating a table to show the alignment.

## ACCESS AND NAVIGATION

### ***Pearson LearningStudio (eCollege) Access and Log in Information***

This course will be facilitated using Pearson LearningStudio, the learning management system used by Texas A&M University-Commerce. To get started with the course, go to [myLeo](http://www.tamuc.edu/myleo.aspx) and from the top menu ribbon select eCollege. Then on the upper left side of the screen click on the My Courses tab.

<http://www.tamuc.edu/myleo.aspx>

You will need your campus-wide ID (CWID) and password to log into the course. If you do not know your CWID or have forgotten your password, contact the Center for IT Excellence (CITE) at 903.468.6000 or [helpdesk@tamuc.edu](mailto:helpdesk@tamuc.edu).

**Note:** It is strongly recommended you perform a “Browser Test” prior to the start of your course. To launch a browser test login to Pearson LearningStudio, click on the My Courses tab, and then select the Browser Test link under Support Services.

## **Pearson LearningStudio Student Technical Support**

Texas A&M University-Commerce provides students technical support for the use of Pearson LearningStudio.

Technical assistance is available 24/7 (24 hours, 7 days a week).

If you experience LearningStudio (eCollege) technical problems, contact the LearningStudio helpdesk at 1-866-656-5511 (toll free) or visit [Pearson 24/7 Customer Support Site](http://247support.custhelp.com/) <http://247support.custhelp.com/>

The student help desk may be reached in the following ways:

- **Chat Support:** Click on *'Live Support'* on the tool bar within your course to chat with a Pearson LearningStudio Representative.
- **Phone:** 1-866-656-5511 (Toll Free) to speak with Pearson LearningStudio Technical Support Representative.

**Accessing Help from within Your Course:** Click on the *'Tech Support'* icon on the upper left side of the screen inside the course. Then you will be able to get assistance via online chat or by phone.

**Note:** Personal computer and internet connection problems do not excuse the requirement to complete all course work in a timely and satisfactory manner. Each student needs to have a backup method to deal with these inevitable problems. These methods might include the availability of a backup PC at home or work, the temporary use of a computer at a friend's home, the local library, office service companies, Starbucks, a TAMUC campus open computer lab, etc.

## ***Policy for Reporting Problems with Pearson LearningStudio***

Should students encounter Pearson LearningStudio based problems while submitting assignments/discussions/comments/exams, the following procedure must be followed:

1. Students must report the problem to the help desk. You may reach the helpdesk at 1-866-656-5511.
2. Students must file their problem with the helpdesk and obtain a helpdesk ticket number
3. Once a helpdesk ticket number is in your possession, students should email me to advise me of the problem and provide me with the helpdesk ticket number.

4. I will call the helpdesk to confirm your problem and follow up with you

**PLEASE NOTE:** Your personal computer and internet access problems are not a legitimate excuse for filing a ticket with the Pearson LearningStudio Help Desk. Only Pearson LearningStudio based problems are legitimate reasons to contact the Help Desk.

You strongly are encouraged to check for your internet browser compatibility **BEFORE** the course begins and take the Pearson LearningStudio tutorial offered for students who may require some extra assistance in navigating the Pearson LearningStudio platform.

### **Introduction/Discussion/Comments Posts**

The **Introduction** is a chance for you to 'meet' your colleagues in the class. Specific instructions on what to post are available when you click on Introduction in Week #1.

The **Discussions** are directly related to the assigned readings or videos. Upon completion of the assigned readings, you are expected to engage in an **ongoing** discussion/debate with your classmates. Your contributions to the discussion forums will be graded for **quality** and a **detailed analysis** linking the material to a critical appraisal of theory, policy, and practice. The introduction of outside materials is mandatory (unless otherwise noted in the discussion topic assignment). In all cases, students must cite in-text and provide a full bibliography/works cited at the end of their post for all citations mentioned in the post (See information later in the syllabus for more information on citing utilizing APA citation format. Also see the 'How to Cite' Factsheet).

The specific discussion assignment is located in each unit Week by clicking on the Discussion link.

The **Comment** posts are responses you make to the discussion posts that you and your classmates post as assigned.

Comment posts should be meaningful. Merely agreeing or disagreeing with a classmate will not be looked upon favorably and will result in a loss of points. A meaningful post is one that moves the discussion forward in some substantive way through providing one's perspective, additional information through research, or reframing the discussion in some new way. You are expected to engage in an **ongoing** discussion/debate with your classmates. Your comments will be graded for **quality**, and **relevance**. Your comments will also be graded based on your ability to engage in critical thinking.

**Students must provide one outside source for at least one comment that they make.**

**Your initial posts are due on Tuesday by midnight. Your comments then, are due by the due date posted. You are in permanent discussion groups for the semester, therefore, the 'best' discussion board for the week will be awarded Extra Credit. In other words, get to know your group! This is also a competition!**

**NO LATE COMMENTS ARE ACCEPTED.**

**Assessment Method:** Discussion and Comment posts will be graded using the Discussion Post Grading Rubric located in Document Sharing.

- At a minimum, you must have Microsoft Office 2003, XP, 2007 or Open Office. Microsoft Office is the standard office productivity software utilized by faculty, students, and staff. Microsoft Word is the standard word processing software, Microsoft Excel is the standard spreadsheet software, and Microsoft PowerPoint is the standard presentation software. Copying and pasting, along with attaching/uploading documents, assignment submission, will also be required. If you do not have Microsoft Office, you can check with the bookstore to see if they have any student copies.
