**HOMEWORK ASSIGNMENTS (HAs):** Homework assignments are assigned regularly (see the course schedule at the end of the syllabus) and must be completed individually. As a form of experiential learning, HAs help students sharpen their analytical skills. Students must turn in their HAs in Microsoft Word format (or at least in pdf format, although the Word format is encouraged) via eCollege (through Dropbox) according to the course schedule. HAs must be submitted by 11:59 p.m. (Central Time) on the due date. While it is my strong belief that you should be able to do the HAs after reading the chapter, you can ask questions related to HAs by emailing them to me. I will do my best to answer them **only during business hours** by guiding you in the right direction or providing you with hints. No late HAs will be accepted and a grade of zero will be assessed for missed HAs.

**EXAMS:** Exams will be administered through eCollege (see the course schedule at the end of the syllabus for specific exam dates). Exams have to be completed by 11:59 p.m. (Central Time) on the due date. Exams will be timed and you will have 1 hour and 30 minutes to complete the exam. Make sure you have internet access ahead of time and that your laptop battery is fully charged. No make-up exams will be given. If an exam is missed a grade of zero will be assessed for it. Exams have to be completed individually using your own student account and there should be no collaboration or sharing of work with your classmates on the exams. Final exam is **comprehensive** and you will have 2 hours to complete it.
