You learn to identify, categorize, and examine artistic works as expressions of individual and human values. The course provides you with a visual literacy and terminology so that you can effectively evaluate and write about art. You also learn about the creative process and will develop creative thinking and problem solving skills while creating a work of art. Finally, you learn about the technical aspects of creating art using a variety of media.

**QEP Global Course:** This course has been selected as a Global Course – tied to the QEP. The university QEP seeks to prepare students for an interconnected world. In relation to the QEP, students completing this course will be able to (LO1) demonstrate knowledge of the interconnectedness of global dynamics (issues, trends, processes, and systems), (LO2) apply knowledge of the interconnectedness of global dynamics, and/ or (LO3) view themselves as engaged citizens within an interconnected and diverse world. This course will provide information, activities, experiences, and opportunities to accomplish at least one of the QEP learning outcomes. The essay required in the post test will need to be saved as a word or PDF document, and then uploaded into your ePortfolio.

**BAAS-OL Essay Prompt:** Students should prepare an essay of **at least 500 words** to address: **How did this course better prepare you, as an organizational leader, for an interconnected world?** Initial constructive feedback should be provided to the student in the pretest of the course. The student should have an opportunity to improve the essay based on the feedback prior to submitting a final version in the posttest. Instructors will grade and respond, offering additional feedback for improvements in the posttest submission. Students are expected to utilize the feedback and make final improvements, and then submit the final, polished essay to their ePortfolio as a demonstration of competency in the content area.

**BAAS-OL Course Pretest:** Students will be exposed to a prompt in the pretest of the course as practice and preparation for creating an essay that will be required in the posttest. The grade received on the pretest does not count toward the final course grade, however the test itself, and this question, helps

the student and the instructor by providing an inventory of the student's current level of competency in the content area. It is highly recommended that students utilize the essay prompt in the pretest as a practice activity and that the instructor offer constructive feedback to assist the student in making improvements prior to completing the posttest.

**BAAS-OL Course Posttest:** Students will be exposed to the same essay prompt that was presented in the pretest as they attempt the posttest. The grade received on the posttest does count toward the final course grade, therefore it is important that the student be prepared and do their best work. Students should utilize the constructive feedback provided by instructors, as well as incorporate knowledge gained from the course content, in preparation of an essay demonstrating a high level of competency in the content area.

### **Dropping the Class**

If you need to adjust your schedule by dropping this course, please contact your Academic Coach. Please be aware that dropping your course may impact your financial aid, veterans and military benefits, three part, 45-hour, and 30-hour rules. It is the student's responsibility to drop the course. If you fail to officially drop the class, a failing grade shall be assigned.

### **Incompletes**

Students who, because of circumstances beyond their control, are unable to complete all competency requirements during the final week of the term, upon approval of the program director and their instructor, receive a mark of "X" (incomplete) in the course in which they were maintaining passing grades.

When an "X" is given for a grade in a course, the credit hours and grade point averages are not included until a grade is received which can be up to one week. If the "X" is not removed by that time, the grade becomes an F, and the hours are included in the number of hours attempted.

Recording a grade of "X" requires the filing of a plan for completion. The plan will be submitted with the official grade record sent to the department head who will forward it to the Dean's office. The plan will include why the grade was given and steps necessary for the student to receive the final grade.

### **Student Withdrawal**

A student wishing to withdraw from all courses before the end of a term for which he/she is registered must clear his or her record by filing an application for voluntary withdrawal. Please contact your Academic Coach.

This action must be taken by the date stated in the Academic Calendar as the last day to withdraw. Any student who withdraws from the university is subject to the conditions outlined in the section regarding Scholastic Probation or Suspension in the university catalog. It is the student's responsibility to withdraw from classes if he or she does not plan to attend during the semester in he/she has enrolled. A student has one year from the first day of a semester to appeal a withdrawal refund. Courses withdrawn are counted as

attempted hours and count towards the three-peat, 45-hour and 30-hour rules and financial aid and veterans and military benefits.
