COURSE AND UNIVERSITY PROCEDURES/POLICIES

Course Specific Procedures/Policies

Attendance/Lateness – Habitual absence or tardiness are indications of your commitment to the course. Expect to meet with the instructor if this behavior is disruptive to the class. If you must come in late (and class has started), quietly take a seat that does not disturb other students. In-class activities cannot be made up except for university-approved absences.

Devices - Turn cell phones off during class. No recording or photos during class without prior permission (this includes with your phone!). Unless otherwise instructed, course-related use of laptops and tablets is allowed unless it is disruptive. If necessary, laptops and tablets will be banned from the classroom.

Late Work – For assignments with due dates that are announced well in advance, there is no acceptable excuse for turning them in late.

Missed Exams – **Exams cannot be made up!** Exam dates are announced at the beginning of the semester so make plans accordingly. The only exceptions are university-approved absences. Since these absences are rarely a surprise, notify the instructor as soon as you know you will miss an exam so other arrangements can be made. Caveat: I do understand that stuff happens, and I have been known to be reasonable as long as an email is sent **BEFORE** the exam.

Extra Credit – Do not count on any extra credit.

Syllabus Change Policy

The syllabus is a guide. Circumstances and events, such as student progress, may make it necessary for the instructor to modify the syllabus during the semester. Any changes made to the syllabus will be announced in advance.
