COURSE REQUIREMENTS

Instructional Methods/Activities/Assessments

This course will provide a variety of activities and assessments to assist you in achieving the outcomes/objectives for the course. Each week you will work toward achieving these outcomes through discussions/comments, papers, and a final presentation. Below is an explanation of each course requirement including due date, assignment instructions, and other requirements.

Introduction (1 Introduction post—not graded)

Students are asked to introduce themselves to each other. This introduction may include any information that you would like to share with others in the course, but must **minimally** include a statement that you have read and agree to abide by the syllabus and follow the rules of academic integrity and nettiquette. You will not be allowed to continue in the course without providing this statement. This post is due by 11:59PM CST on **Tuesday** of **Week #1** of the course.

Discussion Posts

The **Discussions** are directly related to the assigned readings. Upon completion of the assigned readings, you are expected to engage in an **ongoing** discussion/debate with your classmates. Your contributions to the discussion forums will be graded for **quality** and a **detailed analysis** linking the material to a critical appraisal of theory, policy, and practice. In all cases, students must cite in-text and provide a full bibliography/works cited at the end of their post for all citations mentioned in the post (See information later in the syllabus for more information on citing utilizing APA citation format. Also see the 'How to Cite' FactSheet).

These posts should be the equivalent of 1 page in length or a minimum of 250 words and should include one outside source (i.e., a source outside the regular readings assigned for the

week/course). The specific discussion assignment is located in each unit Week by clicking on the Discussion link. Posts are due by 11:59PM CST on Wednesdays in each week of the course.

Assessment Method: Discussion posts will be graded using the Discussion Post Grading Rubric. (5 discussion posts @ 100 points each = 500 course points)

Comment Posts

Comment posts are responses you make to the discussion posts that you and your classmates post each week. You are **required** to make a minimum of **five (5)** comments each week.

Comment posts should be meaningful. Merely agreeing or disagreeing with a classmate will not be looked upon favorably and will result in a loss of points. A meaningful post is one that moves the discussion forward in some substantive way through providing one's perspective, additional information through research, or reframing the discussion in some new way. You are expected to engage in an **ongoing** discussion/debate with your classmates. Your comments will be graded for **quality**, and **relevance**. Your comments will also be graded based on your ability to engage in critical thinking.

NO LATE COMMENTS ARE ACCEPTED. All comment posts are due by 11:59PM CST on **Thursdays** for each week in the course.

Assessment Method: Comments will be graded using the Discussion Post Grading Rubric. (5 comments per week @ 10 points each = 250 course points)

5-10 slide PowerPoint Presentation

Chronicle the history, evolution, and current organization of the community policing initiatives of your local agency or agencies. This assignment is due by 11:59 PM CST on **Friday** of **Week #1** of the course.

Students should make sure their PowerPoint presentation is placed in the dropbox identified as Assignment for Week One.

Assessment Method: Grading will be based on completeness of presentation according to the assignment instructions. (1 presentation @ 100 points = 100 course points)

Position Paper

Students are required to prepare a position paper on any topic covered in Chapters 2-9 during Weeks one and two, due by Week Two of the course.

This assignment should be placed in the dropbox identified as Assignment for Week Two. The purpose of a position paper is to generate support on an issue. It describes a position on an

issue and the rationale for that position. The position paper is based on facts that provide a solid foundation for your argument. In the position paper you should:

- Use evidence to support your position, such as statistical evidence or dates and events.
- Validate your position with authoritative references or primary source quotations.
- Examine the strengths and weaknesses of your position.
- Evaluate possible solutions and suggest courses of action.

Choose an issue where there is a clear division of opinion and which is arguable with facts and inductive reasoning. You may choose an issue on which you have already formed an opinion. However, in writing about this issue you must examine your opinion of the issue critically. Prior to writing your position paper, define and limit your issue carefully. These issues are complex with multiple solutions. Narrow the topic of your position paper to something that is manageable. Research your issue thoroughly, consulting experts and obtaining primary documents.

Consider feasibility, cost-effectiveness and political/social climate when evaluating possible solutions and courses of action. Students must utilize a minimum of **four outside** sources in the development of their paper. These sources **must** be peer- reviewed publications **or** governmental reports. This paper should be a **minimum** 4 pages in length (does not include references), **maximum** 12-point font, 1-inch margins, include your name, and utilize proper APA citation format. Refer to the position paper guidelines in the assignment module. This assignment is due by 11:59 PM CST on **Friday** of **Week #2** of the course.

Assessment Method: Students will be assessed using the Position Paper Grading Rubric. (1 paper @ 100 points = 100 course points)

Short Essay

Argue the pros and cons of refocusing patrols in hot spots policing. These papers should be 2 pages in length (does not include references), **maximum** 12-point font, 1-inch margins, include your name, and utilize proper APA citation format. This assignment is due by 11:59 PM CST on **Friday** of **Week #3** of the course.

This Short Essay assignment should be placed in the dropbox identified as Assignment for Week Three.

Assessment Method: Students will be assessed using the Essay Assignment Grading Rubric. (1 essay @ 100 points = 100 course points)

Literature Review

Locate a peer-reviewed article of your choice relating to any of the policing practices discussed in this course. Read, review, and summarize this article. How does this article complement or contradict what you have read in the text and other assigned course materials? This paper should be **at least** 2 pages in length (does not include references), **maximum** 12-point font, 1-inch margins, include your name, and utilize proper APA citation format. This assignment is due by 11:59 PM CST on **Friday** of **Week #4** of the course.

This Literature Review Assignment should be placed in the dropbox identified as Assignment for Week Four.

Assessment Method: Student will be assessed using the Literature Review Grading Rubric. (1 review @ 100 points = 100 course points)

Final Examination

Two questions from the following list:

- 1. One of the key efforts of community policing is to decentralize police operations and thereby increase officer discretion. Why this is considered a good idea?
- 2. Provide an in-depth overview of Boston's experiment with pulling levers policing.
- 3. Discuss, in detail, the limits of hot spots policing.
- 4. Give an in-depth analysis of the crime rates before and after Compstat implementation in the three Compstat departments discussed in the text.
- 5. Discuss, in detail, Weisburd and Eck's summary of findings on police effectiveness research from 2004.

This assignment is due by 11:59 PM CST on Friday of Week #5 of the course.

Assessment Method: Students will be assessed using the exam grading rubric. (1 Exam @ 100 points = 100 course points)

Course Pre/Post-test (not graded)

Pre and post-tests allow the professor to assess your baseline (foundation) knowledge of a particular subject at the time that you enter a course and the degree of increase in knowledge at the end of the course. This pre/post-test is comprised of no more than 10 questions that will assess your knowledge. You will be asked to complete the pre-test by **Friday** of Week #1 and your post-test by **Friday** of Week #5. These tests will not be graded (they are used for assessment purposes only).

COURSE AND UNIVERSITY PROCEDURES/POLICIES

Course Specific Procedures

Academic Honesty

Students who violate University rules on scholastic dishonesty are subject to disciplinary penalties, including (but not limited to) receiving a failing grade on the assignment, the possibility of failure in the course and dismissal from the University. Since dishonesty harms the individual, all students, and the integrity of the University, policies on scholastic dishonesty will be strictly enforced. In **ALL** instances, incidents of academic dishonesty will be reported to

the Department Head. Please be aware that academic dishonesty includes (but is not limited to) cheating, plagiarism, and collusion.

Cheating is defined as:

- · Copying another's test of assignment
- Communication with another during an exam or assignment (i.e. written, oral or otherwise)
- Giving or seeking aid from another when not permitted by the instructor
- Possessing or using unauthorized materials during the test
- Buying, using, stealing, transporting, or soliciting a test, draft of a test, or answer key

Plagiarism is defined as:

- Using someone else's work in your assignment without appropriate acknowledgement
- Making slight variations in the language and then failing to give credit to the source

Collusion is defined as:

• Collaborating with another, without authorization, when preparing an assignment If you have any questions regarding academic dishonesty, ask. Otherwise, I will assume that you have full knowledge of the academic dishonesty policy and agree to the conditions as set forth in this syllabus.

Students should also reference the following link <u>Criminal Justice web site</u> for more information.

Attendance Policy

While this is an online course, students are expected to 'attend class' and actively participate. Student participation/activity will be monitored by the professor. Students should plan to dedicate approximately 15-20 hours/week of time to this course, of which approximately 1 hour/week should be spent in the discussion board (reading posts and comments and conversing with others).

APA Citation Format Policy

It is very important that you learn how to cite properly. In some ways, citations are more important than the actual text of your paper/assignment. Therefore, you should take this task seriously and devote some time to understanding how to cite properly. If you take the time to understand this process up front, it will save you a significant amount of time in the long run (not to mention significant deductions in points).

In the social and behavioral sciences (including Criminal Justice), we use APA (American Psychological Association) format. As a rule of thumb, one cites whenever they are

paraphrasing other people's words or when they quote other's words directly. You may learn to cite from a variety of different sources including the APA Tutorial and the sources listed below:

- www.apastyle.org
- http://owl.english.purdue.edu/owl/resource/560/02/
- www.library.cornell.edu/resrch/citmanage/apa

It is the student's responsibility to understand how to cite properly. If you have questions, feel free to ask.

Late Work

In principle, I do not accept late work and do not believe in allowing students to turn in work after the due date. My position is that everyone knows the rules of engagement at the beginning of the term and that it is the student's responsibility to ensure that they plan accordingly to submit their assignments in a timely manner. However, I also do understand that sometimes there are circumstances outside one's control that may impact timely submission of assignments. To that end, I have developed a policy on late work. Please note that this policy applies ONLY to your reflection paper assignments and not to discussion or comment submissions.

Late assignments will be accepted after the due date and time up to 1 day (24 hours) late. Twenty (20) points will be deducted from all late assignments. Assignments turned in more than one day late **will not** be accepted/graded.

Drop Course Policy

Students should take responsibility for dropping themselves from the course according to University policy should this become necessary.

University Specific Procedures
