TERM PAPER ASSIGNMENTS

The following are the specific assignments:

Paper 1.

Prepare a short term paper on a business/economics topic of your choice (4 pages of CONTENT). Follow APA format. A large part of your grade on paper 1 will be format. The objective of this paper is for you to learn to use the APA Manual. Use a 12 point font--double spacing. You are to assume this is a publishable paper. Be careful when you use direct quotes. See APA page 71. My rule is--if you use five consecutive words from a source, you MUST use quotes marks. Changing a couple of word in the sentence is not appropriate. If you direct quote more than 40 words you must indent. You should use 3-4 subheadings in your paper (see APA pages 36). You MUST use peer-reviewed (scholarly journals) for your references. Newsweek, U.S News and World Reports, Dallas Morning News are NOT scholarly journals. (See instruction in doc sharing.)

Paper 2.

The student will select a research problem (it can be the same topic as paper 1), prepare and turn in a prospectus indicating the background of the problem, the problem statement, the purpose of the study, the study's hypothesis (es), the methodology to be employed in the study and a review of the literature (this can be paper 1, as long as you use the same topic.) pertaining to the problem. You will develop a questionnaire to be used to solve your problem. In a Prospectus--a plan to do research--you do everything except collect data. (see instruction in doc sharing)

1. The student should consider the following elements when preparing Chapter I of the prospectus (all elements may not be required).
 - a. Background
 - b. Problem Statement
 - c. Purpose of Study
 - d. Study Hypothesis(es)
 - e. Study Delimitations
 - f. Study Limitations
 - g. Definitions
