Also, the phone must be on vibrate and set on the table. If the phone vibrates, pick it up and leave the room. **It is important to keep your phone put away, as it disrupts your learning and the learning of those around you.** If you feel the need to take notes on your electronic media, then you must be sitting toward the front, typing when we are talking and those around you may not be looking at your screen. Electronic media may never be out during testing.

b. Academic Integrity/Honest Statement:

This course demands a high level of scholarly behavior and academic honesty on the part of students. Examples of academic dishonesty include but are not limited to: (1) turning in work as original that was used in whole or part for another course and/or instructor without obtaining permission from this instructor in advance; (2) turning in

[Type text]

another person's work, in part or in whole, as your own; (3) copying from professional works without citing them; and (4) **any form of cheating on exams**. Violations of academic integrity/honesty while carrying out academic assignments may, at the discretion of the instructor, receive a zero on the particular work in question, receive an *F* in the course, or will be brought before a higher level of governance for possible dismissal from the university.

PROFESSIONALISM:

Respect

- We are not always going to agree or see everything the same way; each person has a right to and responsibility for his/her own feelings, thoughts and beliefs.
- When speaking of an occurrence or relaying one's experience outside the class, refrain from disclosing identities of those involved.

Comfort

- Students and professor should work together to make a safe, respectful and comfortable atmosphere for associating.
- I will not ask you to take any risks in class (such as sharing your own experiences) that I am not willing to make myself. We are all in this together!
- No question is stupid! We all learn at different paces and by asking questions.

Honesty

- You could possibly pass this class by cheating, however if you cheat then that means you have not learned the material from this reading class which is a foundation for the two other reading classes and much of your internship and residency so you would go into those classes unprepared. Even worse you would go into a classroom of students unprepared. Reading is a necessity for all learning. Please talk to me if you feel the need to cheat. We will work on a learning program together that ensures you learn the necessary material. It goes without saying that if I catch you cheating there are serious consequences.
- You should feel comfortable and respected in the academic environment so that you speak honestly about your thoughts, ideas and opinions.

Please look at the professional rubric as this will be used for your professionalism grade.

MyLeo: As a student, your email account is through MyLeo. Please check the status of your accounts as this is the only way the university has on contacting you and informing you of important information. It is available to you 24/7 at
