Course Description:

This course is a comprehensive study of the early childhood pedagogy, research and curriculum, including the area of instruction, experience, and list of materials. A special emphasis will be given to planning curriculum that will help make learning meaningful for young children. The focus will be on integrated curriculum, child-centered philosophy, the role of play, and attention to the individual child's needs and interest. Reflecting and supporting diversity in addition to utilizing assessment tools and processes will also be emphasized.

Student Learning Outcomes:

1. To investigate theories and practices associated with the ECE curriculum.
2. To examine techniques used in the authentic assessment and evaluation of young children.
3. To create instructional materials, activities, and experiences used to teach the curriculum in all areas.
4. To plan activities for an active hands-on approach to the curriculum where children can learn specific skills and concepts.
5. To demonstrate methodology for teaching an integrated curriculum to young children.
6. To develop curriculum sensitive to cultural pluralism and children with special needs.

TEA Standards I-IV. Domains I-IV. Competencies:

Standard I. Domain I. Competencies 001-004 Domain III. Competencies 007-010

The teacher designs instruction appropriate for all students that reflects an understanding of relevant content and is based on continuous and appropriate assessment.

- 1.7k the importance of the state content and performance standards as outlined in the Texas Essential Knowledge and Skills (TEKS);
- 1.9k the significance of the vertical alignment of content, including prerequisite knowledge and skills;
- 1.12k the importance of developing instructional goals and objectives that are clear, relevant, meaningful, and age-appropriate;

- 1.13k the importance of developing instructional goals and objectives that can be assessed;
- 1.14k the importance of developing instructional goals and objectives that are suitable for students with varied learning needs; and
- 1.16k the use of appropriate materials and resources for preparing instruction, presenting lessons, and assessing learning;
- 1.17k the importance of knowing when to integrate technology into instruction and assessment; and
- 1.19k the importance of designing instruction that reflects the TEKS;
- 1.20k features of instruction that maximize students' thinking skills;
- 1.21k the importance of planning lessons and structuring units so that activities progress in a logical sequence;
- 1.22k how materials, technology, and other resources may be used to support instructional goals and objectives and engage students in meaningful learning;
- 1.23k the benefits of designing instruction that integrates content across disciplines; and
- 1.24k the importance of engaging in continuous monitoring and self-assessment of instructional effectiveness.
- 1.25k the role of assessment in guiding instructional planning;
- 1.26k the importance of creating assessments that are congruent with instructional goals and objectives;
- 1.27k the characteristics, uses, advantages, and limitations of various assessment methods and strategies;
- 1.28k the role of technology in assessing student learning;
- 1.29k the benefits of and strategies for promoting student self-assessment;
- 1.30k the connection between the Texas statewide assessment program, the TEKS, and instruction; and

Standard I. Domain I. Competencies 001-004 Domain III. Competencies 007-010

The teacher designs instruction appropriate for all students that reflects an understanding of relevant content and is based on continuous and appropriate assessment.

- 1.1s plan lessons that reflect an understanding of students' developmental characteristics and needs;
- 1.2s adapt lessons to address students' varied backgrounds, skills, interests, and learning needs, including the needs of English language learners;
- 1.3s use effective approaches to address varied student learning needs and preferences
- 1.4s plan instruction that motivates students to want to learn and achieve; and
- 1.5s acknowledge and respect cultural and socioeconomic differences among students when planning instruction.
- 1.6s use the Texas Essential Knowledge and Skills (TEKS) to plan instruction;
- 1.12s develop instructional goals and objectives that are clear, relevant, meaningful, and age-appropriate;
- 1.13s develop instructional goals and objectives that are able to be assessed;
- 1.14s develop instructional goals and objectives that reflect students' age, developmental level, prior skills and knowledge, background, and interests; and
- 1.15s develop instructional goals and objectives that reflect different types of student learning and skills.
- 1.16s use various types of materials and other resources to aid in preparing and implementing instruction;
- 1.17s use technological tools to promote learning and expand instructional options; and
- 1.18s use resources available outside the school (e.g., museums, businesses, community members) to enhance students' learning opportunities
- 1.19s plan instructional activities that progress sequentially and support stated instructional goals based on the TEKS;
- 1.20s select instructional resources that support instructional goals, enhance student achievement, and engage students in learning;
- 1.21s use varied activities and instructional groupings to engage students in instructional content and meet instructional goals and objectives;
- 1.22s allocate time appropriately within lessons and units, including providing adequate opportunities for students to engage in reflection and closure; and
- 1.23s provide students with opportunities to explore content from many perspectives.

Standard II. Domain II. Competencies 005-006

The teacher creates a classroom environment of respect and rapport that fosters a positive climate for learning, equity, and excellence.

- 2.6s establish classroom rules and procedures to promote an organized and productive learning environment;

| COURSE REQUIREMENTS |
|----------------------------|

Course Requirements:

Professionalism and class work: 95 points

Student Learning Outcomes: 1 and 6

Assessment Method: The professionalism grade will be based on the student's preparedness and participation in all discussions (class and online) through readings. This grade will also be determined by the student's attendance, group work in class and lesson plan draft review with peers.

Response to Learning Video: 40 points **Due October 3**

Learning Outcomes: 5-6

PPR Standards/Competencies: 1.3s, 1.16k, 1.21s, 1.20s, 3.4s, 3.5s, 3.8s, 3.9s depending on student's choice of topic

Assessment Method: Written review/summary as described below.

Watch the video "Teaching Reading K-2 Workshop 2 -Supporting ELLS" on www.learner.org. Write a review of the content and describe in detail how you will use those strategies or information presented in your classroom. Demonstrate that you viewed the video and made applications to your future teaching. Grammar, punctuation and spelling will be considered as a part of your grade for this assignment. Submit this paper in 12-point font in hard copy format. Due November

ELL Reading Experience: 50 points **Due Oct.24**

Learning Outcomes: 3

PPR Standards/Competencies: 1.22k, 1.3s, 1.16s, 1.20s, 3.5k

Assessment Method: Cultural Relevance Rubric

Each student will identify a multicultural book (a culturally relevant book that you believe matches this child's culture) and read the book to one ELL child who is between the ages of 4-9. You are responsible for finding the child. After the read-aloud, you will ask questions using the Cultural Relevance Rubric. Don't forget to mark their responses. You will then write up a summary of what was found in your reading the text (about the child and the relevance to the story-using the rubric) and what you learned by doing this experience. List 5-8 additional books (annotated bibliography) that would be relevant based on the child's developmental level and interest.

Lesson Plan Analysis: 25 points **Due Nov.7**

Learning Outcomes: 1-6

PPR Standards/Competencies: 1.7K, 1.12k-1.14k, 1.16k, 1.19k, 1.20k, 1.1s-1.5s

Assessment Method: Outlined in Activity Below/Blooms Taxonomy

Analyze a pre-written lesson plan (Grades K-2) from an educational website to:

- a) Determine if the activities are appropriate for all learners, especially English Language Learners, Special Education Students, and Gifted Students or if scaffolding is needed;
- b) Identify the levels of Bloom's Taxonomy evident in the activities.

The student will submit their analysis on the assigned date. The submission will include the following information per the guidelines for written assignments in the syllabus:

1. The URL where the lesson plan was located.
2. A copy of the lesson plan.
3. A summary of the strengths of the lesson. Is the lesson appropriate for the age level? Does it meet curriculum standards (TEKS) for the grade level? Is it challenging enough for the grade level?
4. The levels of Bloom's Taxonomy covered in the activity; specifically addressing the activities by name and the Bloom's category they go with.
5. A critique of how the lesson addressed ELL, Special Needs, and Gifted Learners.
6. Does the lesson appropriately assess the learner for understanding of the objectives?
7. What changes would you make strengthen the lesson?

Integrated Unit of Study: 180 points- Due Dec. 5

Learning Outcomes: 1-6

PPR Standards/Competencies: 1.7k, 1.9k, 1.12k-1.29k, 3.4k-3.6k, 3.6s-3.11s, 3.13s, 3.14s

Assessment Method: Rubric Provided (Doc Shared in eCollege)

Develop and present an integrated unit of study appropriate for the grade level you are most interested in teaching-Grade K-2 (based on the TEKS for that subject/grade level). **You will present this to the class. You will need to give a hard copy an organized folder to the professor. If you would like the unit returned, include a self-addressed appropriately sized envelope.**

The Integrated Unit of Study Guidelines:

Literature Content (part 1) Bibliography=25 pts. Lesson= 20 pts. Extension= 10pts.

Choose 8-10 books to use during your unit of study. Create a bibliographic reference for each book. (author, date of publication, title, city and state of publisher, and publishing company. Include a brief synopsis of each story.)

Choose a story that will be used in language arts. Design a **lesson** this story focusing on a writing or reading TEKS, then write and extension for practicing a language TEKS [grammar, types of language, rhyming, phonics].

Math Content (part 2) Lesson= 20 pts. Extension= 10pts.

Create a math lesson for whole group that is based on the literature (list the book(s) you are using). Be sure that you include directions for creating manipulatives or list any materials (items that connect students to the story) that would be needed. Create an extension that is appropriate for a small group of children.

Art Content (part 3) activity=10 pts. Example of product=5 pts.

Create an art activity that is based on the literature (list the book you are using). This should be an extension activity from the science, or math lesson. List the materials needed and give specific directions on how to lead the activity. The student product cannot be a craft, coloring a worksheet, or cut and paste. The product must allow student to be creative. Present an example of the finished product with your presentation. (So, you must do this yourself to see how it works- no cut and paste photos from internet.)

Science Content (part 4) Lesson= 20 pts. Extension= 10pts.

Create a science lesson that is based on the literature (list the book you are using). The lesson must be a hands-on activity or experiment that relates to the story/and topic. Create an extension that could be exploratory, research or product driven (the student creates a model or an example).

Social Studies Content (part 5) Lesson= 20 pts. Extension= 10pts.

Create a social studies lesson that connects directly to your unit (geography, time/history, social studies skills, or science, tech and society). Create an extension that includes a developmentally appropriate hands-on activity for inclusiveness in your classroom based on the theme and stemming from the literature (use the TEKS for cultural or social skills at your grade level 15, 16). This can be a poem, song, game, or activity, etc., that supports multiculturalism, inclusion of disabled, or community and still connects to the literature. Be sure to describe in your lesson how this activity encourages inclusion of all cultures and/or builds community in your classroom.

Independent Center (part 6) 15 pts.

Design an independent center that relates to your unit. Include a list of materials to be included in it. This could also be a game or activity with a rebus for following directions or a learning game with instructions on how students are to use it. The activity should include adjustments for students who need additional support or who are working “above level”. The activity must have a way for students to self-assess and work independently. The game or activity will be presented and demonstrated as a part of the final presentation.

Presentation and organization 5 pts.

All lesson plans and activities are in order with tabs in a folder or thin binder for easy access. Presentation clearly relates main activity in each lesson to the TEKS being covered.

Reflection of learning: 10 points

Learning Outcomes:2,4,5,6

PPRStandards/Competencies:1.7k-1.30k, 1.1s-1.23s, 3.4s-3.14s

Assessment Method: Self-assessment by looking at the competencies

Complete the self-assessment of learning for the competencies of this course.

Have you gained any new insights or perspectives? What would you change about this course?

Midterm and Final: 50 points each total 100 points

An online midterm and final will be given provided (eCollege). The midterm and final may include, multiple choice, true/false and short answer responses. The midterm and final will cover class discussions (including videos), textbook and other assigned readings.

Learning Outcomes:1,5

Assessment Method: Formal assessment

Grading:

- A= 450-500 points (90-100%)
- B= 400-450 points (80-89%)
- C= 350-400 points (70-79%)
- D= 300-350 points (60-69%)
- F= 300 below points (below 60%)

|--------------------------------|
| TECHNOLOGY REQUIREMENTS |
|--------------------------------|

The following technology is required to be successful in this course:

- High speed internet connection (Not dial-up)
- Microsoft Office Word 2003, 2007, or 2010
- Access to myeducationlab.com
- Access to eCollege
- Access to the university library site (online)

- Access to university email

A computer lab is located in the Bain Center and is available to students Monday-Friday between the hours of 8 am and 5 pm. The lab provides computers, internet access, and printers for student use.

ACCESS AND NAVIGATION

This course will be facilitated using eCollege, the Learning Management System used by Texas A&M University-Commerce. To get started with the course, go to: <https://leo.tamu-commerce.edu/login.aspx>. You will need your CWID and password to log in to the course. If you do not know your CWID or have forgotten your password, contact Technology Services at 903.468.6000 or helpdesk@tamu-commerce.edu.

Texas A&M University Commerce offers an online library. To access available materials and databases, go to <http://web.tamu-commerce.edu> and click on "Current Students" at the top of the page. Then, click on the "Library" in the middle of the page.

Texas A&M University also offers an online Writing Center that may be beneficial to you when completing writing assignments. The web address is <http://web.tamu-commerce.edu/academics/colleges/artsSciences/departments/literatureLanguages/writingCenter/default.aspx>.

COMMUNICATION AND SUPPORT

Good communication is vital in this course. Students may contact me by phone, email, or in person. I will make every effort to check and respond to emails during the week. Weekend contacts may not be returned until the following Monday. Please note that you **MUST** use your university issued email account when contacting me for any issue related to this class. If you must text me, please say ECE460 and your name.

COURSE AND UNIVERSITY PROCEDURES/POLICIES

Course Specific Procedures:

Attendance: Students are required to attend all face to face and online classes. Arrive on time and remain until the class is dismissed. Absences will affect your professionalism points for this class. Please notify me if you anticipate an absence. Participants are expected to be on time and to actively engage in discussions. In the event of an emergency and a missed class, you are responsible for obtaining class materials /assignments/notes from one of your peers. See Texas A&M University Commerce handbook for university policy concerning attendance and excused absences.

Cell Phones: Please respect the instructor and your peers by turning off your cell phones upon entering our classroom, unless you have notified me at the beginning of class that you have a critical family situation about which you must be notified. This should constitute only emergencies.

Assignment Due Dates: All assignments or presentations are due on the date specified. Late assignments will not be accepted without my prior approval or a documented (medical/school related) excuse. *Approved late assignments may be subject to a 10 point grade deduction and must be turned in the next class session. IF you are absent you cannot make up the group/class work for credit.*

Written Assignments: All written assignments are to be typed double-spaced in a Times New Roman 12 pt. font with 1" margins and are expected to exhibit professional quality. You should demonstrate mastery of organizing, structuring, and editing (for all aspects of mechanics) in your writing. Excessive grammar, spelling, and vocabulary errors will result in a reduction of your score at the instructor's discretion.

University Specific Procedures:

Academic Honesty Policy

Texas A&M University-Commerce does not tolerate **plagiarism** and other forms of academic **dishonesty**. Conduct that violates generally accepted standards of academic honesty is defined as academic dishonesty. "Academic dishonesty" includes, but is not limited to, plagiarism (the appropriation or stealing of the ideas or words of another and passing them off as one's own), cheating on exams or other course assignments, collusion (the unauthorized collaboration with others in preparing course assignments), and abuse (destruction, defacing, or removal) of resource material. More information about plagiarism may be found on the following sites:
