

## **CSCI 526 Database Systems**

### **COURSE SYLLABUS: Fall 2017**

#### **INSTRUCTOR INFORMATION**

<b>Instructor:</b>	<b>Kwang Lee, Ph.D.</b>
<b>Office Location:</b>	Online, must login eCollege
<b>Office Hours:</b>	<b>Mon, Wed, 09:00am ~ 12:00pm</b>
<b>Office Phone:</b>	<b>571-275-0959</b>
<b>Office Fax:</b>	<b>None</b>
<b>University Email Address:</b>	<b>Kwang.Lee@tamu.edu</b>
<b>Preferred Form of Communication:</b>	<b>For all Email contacts make sure - THE Email Subject Is: "CSCI526"</b>
<b>Communication Response Time:</b>	<b>Email or Online Discuss</b>

#### **COURSE INFORMATION**

##### **MANDATORY TEXTBOOKS:**

- Fundamentals of Database Management Systems, 2<sup>nd</sup>, ISBN-10: 0470624701 by Mark L. Gillenson, John Wiley & Sons, Inc.
- SQL Essentials ISBN-10: 1590280296 by G. Randolph, J. Griffin, Franklin, Beedle & Associates

##### **Supplementary Texts:**

- Harrington, J. L., "Relational Database Design Clearly Explained", Morgan Kaufmann Publishers, ISBN 0123264251, August, 1998
- Fleming, C. C. et al, "Handbook of Relational Database Design", Addison-Wesley, ISBN 0201114348, August 1988

##### **Course Description**

Data models; data definition language; data manipulation language; entity-relation(ER) diagram; design of ER database scheme; relational model;

*The syllabus/schedule are subject to change.*

relational databases; relational commercial languages; functional dependencies; normalization.

### **Student Learning Outcomes**

1. To obtain current status of the state-of-the-art database design methodology in industry and academics
2. To master the technique for team play and teamwork for small scale database projects through brain storming and joint requirement planning
3. To learn and use effective tools for logical and physical database design and development
4. To perform data normalization process for effective data management
5. To write SQL programs for effective data definition and manipulation
6. To develop ER diagrams for logical design of database systems
7. To implement a small scale database development project using commercially available DBMS tools
8. To learn to apply various data verification techniques for easy and effective data maintenance
9. To learn how to evaluate database management systems with widely-accepted industry standards
10. To be able to demo and present the initial, intermediate, and final delivery of the database design project

## **COURSE REQUIREMENTS**

### **Midterm Examination:**

- The midterm examination will cover chapters 1-6. **Midterm exam will worth 150 points and will be 15 percent of your course grade.** Midterm exam consists of two parts. Both parts are multiple choice Questions. Part I has 5 or 10 multiple choice questions worth 50 or 100 points, and Part II has 5 or 10 essay questions prepared by your instructor. You will have 7 days, unlimited access to complete both parts of your midterm exam.

### **Final Examination:**

- The final examination will cover chapters 7-14. **Final exam will be worth 250 points and will be 25 percent of your course grade.** Similar to the midterm exam. Final exam consists of two parts. Both parts are multiple choice questions. Part I has 5 or 10 multiple choice

*The syllabus/schedule are subject to change.*

questions worth 100 or 150 points, and Part II has 5 or 10 essay questions prepared by your instructor. You will have 7 days, unlimited access to complete both parts of your final exam.

### **Two Written Assignments and Term Project:**

- The objective of graduate level writing assignments and project is to promote attitudes and skills that will improve a student's ability to communicate in writing, develop research skills and documentation techniques, and encourage critical analysis of data and conclusions. So the written essay assignments and the term project will be assigned to you. Students must complete the assignment totaling a minimum of ten pages of writing.
- **Each written paper and a project will be worth 100 points (for total of 300 points), and will be 30 percent of your course grade.** You justify ideas and response by using appropriate examples and references from texts, Web sites, other references, or personal experience and cited the sources in the correct APA format.
- **APA Style**  
TAMUC uses the APA (American Psychological Association) Writing Style in all its courses which require a Paper or Essay. Instructors provide information on some useful resources in the course.  
<http://www.apastyle.org/>

Assignments and project will be posted in university's eCollege communication system. Detailed information will be provided by the instructor. Students also should turn in their assignments through eCollege portal. Each student is responsible for the content/instructions of email communications.

All assignments and project must be completed and submitted into **"Dropbox"** on due date. Work must be **complete**. I will not accept a partially completed assignment. Your work **must** be your **own**. Cheating will result in a grade of 0 for the applicable assignment; further disciplinary action, including assigning a failing grade (F) for the entire course may also be taken. Missed work will result in a grade of 0 for the assignment. Exceptional circumstances should be discussed with the instructor in advance.

Assignments must be printed out (when appropriate) and **properly identified**. Each must include:

- Your **Name**
- The **Assignment** and/or **File Name**

### **Four Quizzes:**

*The syllabus/schedule are subject to change.*

- **Each quiz will be worth 50 points (for total of 200 points), and will be 20 percent of your course grade.** Three electronic quizzes pertaining to lecture material will be during class week and each will be worth 5% of your grade. Each has 5~10 multiple choice questions worth 100 points.

**Ten Threaded Discussions:**

- **Threaded discussions worth 100 points and will be 10 percent of your course grade.** Must post your responses to our discussion questions by the due date. Discussion questions are posted under each week’s Assignment tab as well as discussion board tab. You need to post your responses under discussion board. Your participation in our weekly discussion is valuable for the duration of the thread. Please post your responses by the due date/s for each week. Responses posted after the due date **WILL NOT** be graded and zero points will be issued for that week’s discussion. I will not extend the due date for participation in our weekly discussion/s.

## GRADING

Your grade for the course will be based on the following percentages (tentative):

• Midterm Test	150 (15%)
• Final Test	250 (25%)
• Two Assignments	200 (20%)
• Term Project	100 (10%)
• Four Quizzes	200 (20% each-50%)
• 10 Discussions	100 (10% each-10%)
Total	1,000 (100%)

You should do your own work on exams/projects and for computer assignments. Copying another student’s work is not acceptable. Any indication of cheating and/or plagiarism on an exam/assignment/project will be an automatic 0 (zero) for the exam/assignment/project for all students involved. Yet, based on cheating and plagiarism activity in any section of class, instructor holds the right to give F grade to the identified student(s). Regarding codes in assignments / projects, you may be required to explain the code you submitted. In case of discursive explanation, the instructor holds the right to lower your grade.

*The syllabus/schedule are subject to change.*

Letter grades will be assigned according to the following scale:

- A - at least 900 (90%) of the total points
- B - at least 800 (80%) of the total points
- C - at least 700 (70%) of the total points
- F - less than 700 (70%) of the total points

### **ASSIGNMENT AND LATE POLICY**

The objective of written assignments is to promote attitudes and skills that will improve a student's ability to communicate in writing, develop research skills and documentation techniques, and encourage critical analysis of data and conclusions.

**All assignments and project must be written in MS-word.doc format and uploaded into each assignment content holder on due date. Click each assignment tile on eCollege, then go to the assignment materials screen and then attach the local assignment from your computer using "Brows My Computer."**

You justify ideas and response by using appropriate examples and references from texts, Web sites, other references, or personal experience and cited the sources in the correct APA format.

### **American Psychological Association (APA) Style**

All written work submitted by students in this course must conform to the most recent APA guidelines for referencing, in text citations, appendices, and/or any means of crediting an outside source.

Work must be **complete**. I will not accept a partially completed assignment. Your work **must** be your **own**. Cheating will result in a grade of 0 for the applicable assignment; further disciplinary action, including assigning a failing grade (F) for the entire course may also be taken. Missed work will result in a grade of 0 for the assignment. Exceptional circumstances should be discussed with the instructor in advance.

Assignments and project must be printed out (when appropriate) and **properly identified**. Each must include:

- Your **Name**
- Your **Student ID**
- The **Assignment** and/or **File Name**

### **Late Assignment and Project Policy:**

*The syllabus/schedule are subject to change.*

Credit will be given for ONLY those exams, programs, and/or projects turned in no later than the deadline as announced by the instructor of this class, unless prior arrangement has been made with the instructor.

Late programs / projects / assignments can gain partial credit upon the following policy. As per University requirements, assignments submitted within 7 days after the deadline can receive up to 20% deduction, assignments submitted between 8-14 days after the deadline can receive up to 50% deduction.

- **No assignments and project will be accepted two weeks after the assigned due date**
- **Final assignment will not be accepted after the term end day**
- Exceptions to this policy will only be made in extraordinary circumstances. Please let me know your circumstances.

### **Late Discussion Policy:**

I decided not to accept any late discussion. The discussion has a different purpose from the written assignment. As you know, the main purpose of discussion is to exchange idea and opinions with other colleagues. If you are late to participate in the discussion, you cannot archive this purpose via the discussion. I would not keep track of when the late discussions were turned in.

## **TECHNOLOGY REQUIREMENTS**

- To fully participate in online courses you will need to use a current Flash enabled internet browser. For PC and Mac users the suggested browser is Mozilla Firefox.
- You will need regular access to a computer with a broadband Internet connection. The minimum computer requirements are:
  - 512 MB of RAM, 1 GB or more preferred
  - Broadband connection required courses are heavily video intensive
  - Video display capable of high-color 16-bit display 1024 x 768 or higher resolution
- You must have a:
  - Sound card, which is usually integrated into your desktop or laptop computer
  - Speakers or headphones.

*The syllabus/schedule are subject to change.*

- \*For courses utilizing video-conferencing tools and/or an online proctoring solution, a webcam and microphone are required.
- Both versions of Java (32 bit and 64 bit) must be installed and up to date on your machine. At a minimum Java 7, update 51, is required to support the learning management system. The most current version of Java can be downloaded at: [JAVA web site](http://www.java.com/en/download/manual.jsp)  
<http://www.java.com/en/download/manual.jsp>
- Current anti-virus software must be installed and kept up to date.
- Run a browser check through the Pearson LearningStudio Technical Requirements website. [Browser Check](http://help.ecollege.com/LS_Tech_Reg_WebHelp/en-us/#LS_Technical_Requirements.htm#Browset)  
[http://help.ecollege.com/LS\\_Tech\\_Reg\\_WebHelp/en-us/#LS Technical Requirements.htm#Browset](http://help.ecollege.com/LS_Tech_Reg_WebHelp/en-us/#LS_Technical_Requirements.htm#Browset)

Running the browser check will ensure your internet browser is supported.

Pop-ups are allowed.

JavaScript is enabled.

Cookies are enabled.

- You will need some additional free software (plug-ins) for enhanced web browsing. Ensure that you download the free versions of the following software:
  - [Adobe Reader](https://get.adobe.com/reader/) <https://get.adobe.com/reader/>
  - [Adobe Flash Player](https://get.adobe.com/flashplayer/) (version 17 or later)  
<https://get.adobe.com/flashplayer/>
  - [Adobe Shockwave Player](https://get.adobe.com/shockwave/) <https://get.adobe.com/shockwave/>
  - [Apple Quick Time](http://www.apple.com/quicktime/download/) <http://www.apple.com/quicktime/download/>
- At a minimum, you must have Microsoft Office 2013, 2010, 2007 or Open Office. Microsoft Office is the standard office productivity software utilized by faculty, students, and staff. Microsoft Word is the standard word processing software, Microsoft Excel is the standard spreadsheet software, and Microsoft PowerPoint is the standard presentation software. Copying and pasting, along with attaching/uploading documents for assignment submission, will also be required. If you do not have Microsoft Office, you can check with the bookstore to see if they have any student copies.
- For additional information about system requirements, please see: [System Requirements for LearningStudio](https://secure.ecollege.com/tamuc/index.learn?action=technical)  
<https://secure.ecollege.com/tamuc/index.learn?action=technical>

*The syllabus/schedule are subject to change.*

## ACCESS AND NAVIGATION

### **Pearson LearningStudio (eCollege) Access and Log in Information**

This course will be facilitated using Pearson LearningStudio, the learning management system used by Texas A&M University-Commerce. To get started with the course, go to [myLeo](http://www.tamuc.edu/myleo) and from the top menu ribbon select eCollege. Then on the upper left side of the screen click on the My Courses tab. <http://www.tamuc.edu/myleo.aspx>

You will need your campus-wide ID (CWID) and password to log into the course. If you do not know your CWID or have forgotten your password, contact the Center for IT Excellence (CITE) at 903.468.6000 or [helpdesk@tamuc.edu](mailto:helpdesk@tamuc.edu).

**Note:** It is strongly recommended you perform a "Browser Test" prior to the start of your course. To launch a browser test login to Pearson LearningStudio, click on the My Courses tab, and then select the Browser Test link under Support Services.

### **Pearson LearningStudio Student Technical Support**

Texas A&M University-Commerce provides students technical support for the use of Pearson LearningStudio.

Technical assistance is available 24/7 (24 hours, 7 days a week).

If you experience LearningStudio (eCollege) technical problems, contact the LearningStudio helpdesk at 1-866-656-5511 (toll free) or visit [Pearson 24/7 Customer Support Site](http://247support.custhelp.com/) <http://247support.custhelp.com/>

The student help desk may be reached in the following ways:

- **Chat Support:** Click on '*Live Support*' on the tool bar within your course to chat with a Pearson LearningStudio Representative.
- **Phone:** 1-866-656-5511 (Toll Free) to speak with Pearson LearningStudio Technical Support Representative.

**Accessing Help from within Your Course:** Click on the '*Tech Support*' icon on the upper left side of the screen inside the course. Then you will be able to get assistance via online chat or by phone.

**Note:** Personal computer and internet connection problems do not excuse the requirement to complete all course work in a timely and satisfactory manner.

*The syllabus/schedule are subject to change.*

Each student needs to have a backup method to deal with these inevitable problems. These methods might include the availability of a backup PC at home or work, the temporary use of a computer at a friend's home, the local library, office service companies, Starbucks, a TAMUC campus open computer lab, etc.

### **Policy for Reporting Problems with Pearson LearningStudio**

Should students encounter Pearson LearningStudio based problems while submitting assignments/discussions/comments/exams, the following procedure must be followed:

1. Students must report the problem to the help desk. You may reach the helpdesk at 1-866-656-5511.
2. Students must file their problem with the helpdesk and obtain a helpdesk ticket number
3. Once a helpdesk ticket number is in your possession, students should email me to advise me of the problem and provide me with the helpdesk ticket number.
4. I will call the helpdesk to confirm your problem and follow up with you

**PLEASE NOTE:** Your personal computer and internet access problems are not a legitimate excuses for filing a ticket with the Pearson LearningStudio Help Desk. Only Pearson LearningStudio based problems are legitimate reasons to contact the Help Desk.

You strongly are encouraged to check for your internet browser compatibility **BEFORE** the course begins and take the Pearson LearningStudio tutorial offered for students who may require some extra assistance in navigating the Pearson LearningStudio platform.

### **myLeo Support**

Your myLeo email address is required to send and receive all student correspondence. Please email [helpdesk@tamuc.edu](mailto:helpdesk@tamuc.edu) or call us at 903-468-6000 with any questions about setting up your myLeo email account. You may also access information at [myLeo](https://leo.tamuc.edu). <https://leo.tamuc.edu>

### **Learner Support**

The [One Stop Shop](http://www.tamuc.edu/admissions/onestopshop/) was created to serve you by providing as many resources as possible in one location.

<http://www.tamuc.edu/admissions/onestopshop/>

The [Academic Success Center](#) provides academic resources to help you achieve academic success.

*The syllabus/schedule are subject to change.*

<http://www.tamuc.edu/campusLife/campusServices/academicSuccessCenter/>

## FREE Mobile APPS

The Courses apps for phones have been adapted to support the tasks students can easily complete on a smaller device. Due to the smaller screen size course content is not presented.

The Courses app is free of charge. The mobile Courses Apps are designed and adapted for different devices.

	<b>App Title:</b>	<b>iPhone</b> – Pearson LearningStudio Courses for iPhone <b>Android</b> – LearningStudio Courses - Phone
	<b>Operating System:</b>	<b>iPhone</b> - OS 6 and above <b>Android</b> – Jelly Bean, Kitkat, and Lollipop OS
	<b>iPhone App URL:</b>	<a href="https://itunes.apple.com/us/app/pearson-learningstudio-courses/id977280011?mt=8">https://itunes.apple.com/us/app/pearson-learningstudio-courses/id977280011?mt=8</a>
	<b>Android App URL:</b>	<a href="https://play.google.com/store/apps/details?id=com.pearson.lsphone">https://play.google.com/store/apps/details?id=com.pearson.lsphone</a>

Once downloaded, search for Texas A&M University-Commerce, and it should appear on the list. Then you will need to sign into the myLeo Mobile portal.

The Courses App for Android and iPhone contain the following feature set:

- View titles/code/Instructor of all Courses enrolled in online
- View and respond to all discussions in individual Courses
- View Instructor Announcements in individual Courses
- View Graded items, Grades and comments in individual Courses
- Grade to Date
- View Events (assignments) and Calendar in individual Courses
- View Activity Feed for all courses
- View course filters on activities
- View link to Privacy Policy
- Ability to Sign out
- Send Feedback

*The syllabus/schedule are subject to change.*

## **LearningStudio Notifications**

Students can be alerted to course activities via text on their mobile phones or up to two email addresses.

Based on their preferences, students can automatically receive a push notification with every new: course announcement, threaded discussion post, grade, and/or assignment without having to login to the course. Enrolled students will automatically receive email notifications for announcements and can opt out of this feature. To receive text notifications, students must opt in.

To begin setting up notifications, go into your course in LearningStudio and click on the bell-shaped Notifications icon on the main menu ribbon.

By default the student's university email address will appear. This cannot be changed in LearningStudio. Additional email addresses may be added by clicking the Add button. After all of the other selections are completed be sure to click the Save and Finish button.

## **COMMUNICATION AND SUPPORT**

### **Interaction with Instructor Statement**

The instructor's communication response time and feedback on assessments are stated clearly.

## **COURSE AND UNIVERSITY PROCEDURES/POLICIES**

### **Course Specific Procedures/Policies**

Attendance/Lateness, Late Work, Missed Exams and Quizzes and Extra Credit

### **Syllabus Change Policy**

The syllabus is a guide. Circumstances and events, such as student progress, may make it necessary for the instructor to modify the syllabus during the semester. Any changes made to the syllabus will be announced in advance.

### **University Specific Procedures**

### **Student Conduct**

All students enrolled at the University shall follow the tenets of common decency and acceptable behavior conducive to a positive learning

*The syllabus/schedule are subject to change.*

environment. The Code of Student Conduct is described in detail in the [Student Guidebook](#).

<http://www.tamuc.edu/admissions/registrar/documents/studentGuidebook.pdf>

Students should also consult the Rules of Netiquette for more information regarding how to interact with students in an online forum: [Netiquette](#)  
<http://www.albion.com/netiquette/corerules.html>

### **TAMUC Attendance**

For more information about the attendance policy please visit the [Attendance](#) webpage and [Procedure 13.99.99.R0.01](#).

<http://www.tamuc.edu/admissions/registrar/generalInformation/attendance.aspx>

<http://www.tamuc.edu/aboutUs/policiesProceduresStandardsStatements/rulesProcedures/13students/academic/13.99.99.R0.01.pdf>

### **Academic Integrity**

Students at Texas A&M University-Commerce are expected to maintain high standards of integrity and honesty in all of their scholastic work. For more details and the definition of academic dishonesty see the following procedures:

[Undergraduate Academic Dishonesty 13.99.99.R0.03](#)

<http://www.tamuc.edu/aboutUs/policiesProceduresStandardsStatements/rulesProcedures/13students/undergraduates/13.99.99.R0.03UndergraduateAcademicDishonesty.pdf>

[Graduate Student Academic Dishonesty 13.99.99.R0.10](#)

<http://www.tamuc.edu/aboutUs/policiesProceduresStandardsStatements/rulesProcedures/13students/graduate/13.99.99.R0.10GraduateStudentAcademicDishonesty.pdf>

### **ADA Statement**

#### **Students with Disabilities**

The Americans with Disabilities Act (ADA) is a federal anti-discrimination statute that provides comprehensive civil rights protection for persons with disabilities. Among other things, this legislation requires that all students with disabilities be guaranteed a learning environment that provides for reasonable

*The syllabus/schedule are subject to change.*

accommodation of their disabilities. If you have a disability requiring an accommodation, please contact:

### **Office of Student Disability Resources and Services**

Texas A&M University-Commerce

Gee Library- Room 162

Phone (903) 886-5150 or (903) 886-5835

Fax (903) 468-8148

Email: [studentdisabilityservices@tamuc.edu](mailto:studentdisabilityservices@tamuc.edu)

Website: [Office of Student Disability Resources and Services](#)

<http://www.tamuc.edu/campusLife/campusServices/studentDisabilityResourcesAndServices/>

### **Nondiscrimination Notice**

Texas A&M University-Commerce will comply in the classroom, and in online courses, with all federal and state laws prohibiting discrimination and related retaliation on the basis of race, color, religion, sex, national origin, disability, age, genetic information or veteran status. Further, an environment free from discrimination on the basis of sexual orientation, gender identity, or gender expression will be maintained.

### **Campus Concealed Carry Statement**

Texas Senate Bill - 11 (Government Code 411.2031, et al.) authorizes the carrying of a concealed handgun in Texas A&M University-Commerce buildings only by persons who have been issued and are in possession of a Texas License to Carry a Handgun. Qualified law enforcement officers or those who are otherwise authorized to carry a concealed handgun in the State of Texas are also permitted to do so. Pursuant to Penal Code (PC) 46.035 and A&M-Commerce Rule 34.06.02.R1, license holders may not carry a concealed handgun in restricted locations.

For a list of locations, please refer to the [Carrying Concealed Handguns On Campus](#)

document and/or consult your event organizer.

Web URL:

<http://www.tamuc.edu/aboutUs/policiesProceduresStandardsStatements/rulesProcedures/34SafetyOfEmployeesAndStudents/34.06.02.R1.pdf>

Pursuant to PC 46.035, the open carrying of handguns is prohibited on all A&M-Commerce campuses. Report violations to the University Police Department at 903-886-5868 or 9-1-1.

*The syllabus/schedule are subject to change.*

## COURSE OUTLINE / CALENDAR

DATE	CHAPTER	INFORMATION
Week 01	Chapter 1	Data: The New Corporate Resource <b>Discussion: Introduction and Greeting</b>
Week 02	Chapter 2	Data Modeling <b>Discussion 1: Listed under week 2 tab</b> <b>Due: No later than 11:59 pm Sun</b>
Week 03	Chapter 3	The Database Management System Concept <b>Discussion 2: Listed under week 3 tab</b> <b>Quiz 1 (Ch1 ~ Ch2): Listed under week 3 tab</b> <b>Due: No later than 11:59 pm Sun</b>
Week 04	Chapter 4	Relational Data retrieval: SQL <b>Discussion 3: Listed under week 4 tab</b> <b>Due: No later than 11:59 pm Sun</b>
Week 05	Chapter 5	The Relational Database Model: Introduction <b>Discussion 4: Listed under week 5 tab</b> <b>Quiz 2 (Ch3 ~ Ch4): Listed under week 5 tab</b> <b>Due: No later than 11:59 pm Sun</b>
Week 06	Chapter 6	The Relational Database Model: Additional Concepts <b>Written Assignment 1: Listed under week 6 tab</b> <b>Discussion 5: Listed under week 6 tab</b> <b>Due: No later than 11:59 pm Sun</b>
Week 07	Chapter 7	Logical Database Designs <b>Midterm Examination (Ch01 ~ Ch06)</b> The exam will be due No later than 11:59 pm Sun
Week 08	Chapter 8	Physical Database Design <b>Discussion 6: Listed under week 8 tab</b> <b>Due: No later than 11:59 pm Sun</b>
Week 09	Chapter 9	Object-Oriented Database Management <b>Discussion 7: Listed under week 9 tab</b> <b>Quiz 3 (Ch7-Ch8): Listed under week 9 tab</b> <b>Due: No later than 11:59 pm Sun</b>

Week 14	Chapter 14	Database and Internet <b>Written Assignment 2: Listed under week 14 tab</b> <b>Due: No later than 11:59 pm Sun</b>
Week 15	Wrap-up	<b>Final Examination</b> The exam will be due No later than 11:59 pm Sun

### **Academic Integrity Policy**

The Department is committed to maintaining the integrity and respectability of degrees conferred and course credit earned through our department. Academic dishonesty restricts the understanding of subject material by the perpetrator, distracts and discourages other class members, and reduces the value of the economic signal of degrees conferred through Texas A&M University - Commerce. Whether courses are online, face-to-face, or hybrid combinations; the faculty, staff, and student members of the Department are committed to protecting the integrity of our courses, regardless of the delivery method.

### **Sufficient Notice**

This policy, along with other University guidelines, represents sufficient notice to any student enrolled in a department course or program that his/her conduct in that course or program is governed by these academic integrity standards. Ignorance of this policy is neither an excuse nor a mitigating circumstance for violations.

### **Conduct Covered**

No bulleted list of approved or disallowed behavior can substitute for our student body's commitment to act in ways that are consistent with moral principles, values, and a guiding sense of personal integrity. As faculty, we are committed to providing quality education both online and in the classroom.

*The syllabus/schedule are subject to change.*

Likewise, academic ethics apply regardless of the delivery method of the course. However, in the interest of being specific, the following behaviors are generally not allowed and constitute academic dishonesty:

- Plagiarism - Defined by the Oxford English Dictionary as, "1. The action or practice of plagiarizing; the wrongful publication or purloining, and publication as one's own of the ideas, or expression of the ideas (literary, artistic, musical, mechanical, etc.) of another."
- Cheating on course assignments and assessments - Any attempt to circumvent the integrity of the grading system constitutes cheating. This includes use of resources that are not allowed (e.g. notes, calculators, books), assistance from other people (e.g. friends, parents, classmates, spouses). Your grade should reflect what you know – if it does not, you may have cheated. If you have questions about whether or not an action or resource is allowable, contact your instructor BEFORE you engage in the behavior.
- Collusion – any agreement or understanding to work as a group, unless specifically allowed by the instructor, is a form of cheating. Providing assistance to others by allowing them to copy work, or answering questions collaboratively when not allowed to do so is cheating. All individuals involved are guilty of collusion.
- Abuse – Any improper use, misuse or perversion of University facilities, resource material, or intellectual property. This could include theft of electronic documents (e.g. through copying, photographing or hacking), sale of material, or intimidation of fellow students, faculty or staff – either physical or electronically.

This list is not comprehensive, but provides examples of unethical behavior. If you have questions about what is allowable, contact your instructor with enough time to allow them to respond.

### **Disciplinary Action**

Disciplinary action for academic misconduct is under the purview of the instructor. However, discipline can include any combination of the following:

1. Point deduction on an assignment.
2. Failure for an assignment.
3. A grade of zero for an assignment.
4. Failure for the course.
5. Referral to the Academic Integrity Committee or department head for further action.

*The syllabus/schedule are subject to change.*

6. Referral to the Dean of the College of Business.
7. Referral to the University Discipline Committee – this may lead to expulsion from the University.

### **Campus Concealed Carry**

Texas Senate Bill - 11 (Government Code 411.2031, et al.) authorizes the carrying of a concealed handgun in Texas A&M University-Commerce buildings only by persons who have been issued and are in possession of a Texas License to Carry a Handgun. Qualified law enforcement officers or those who are otherwise authorized to carry a concealed handgun in the State of Texas are also permitted to do so. Pursuant to Penal Code (PC) 46.035 and A&M-Commerce Rule 34.06.02.R1, license holders may not carry a concealed handgun in restricted locations. For a list of locations, please refer to

((<http://www.tamuc.edu/aboutUs/policiesProceduresStandardsStatements/rulesProcedures/34SafetyOfEmployeesAndStudents/34.06.02.R1.pdf>) and/or consult your event organizer). Pursuant to PC 46.035, the open carrying of handguns is prohibited on all A&M-Commerce campuses. Report violations to the University Police Department at 903-886-5868 or 9-1-1
