## COURSE REQUIREMENTS

**Instructional / Methods / Activities Assessments**

This is a fully online course. It is instructor led with a course schedule.

The course content is presented in learning modules in LearningStudio (eCollege). Each module contains instructions, and the course schedule outlines the due dates. In each module you will work on

various combinations of assignments, activities, discussions, readings, research, etc., which will be made available to you on the first day of the Module and will close on the last day of the module.

As a graduate level course the instructor expects quality work from each student supported by adequate preparation and involvement. The instructor will create a learning environment and provide guidance for engagement with the content and learning activities.

The course learning outcomes and content are aligned with the principal standards and competencies.  Evaluation will be based on all standards based assignments and modules completed. Assigned points will be awarded to each assignment, discussions, and other projects completed.  The final course grade will be determined by the total points earned.

Assignments are designed to be learning experiences for students, and it is expected all students actively will participate in the class through discussion boards, completion of assignments and special projects.

## GRADING

Final grades in this course will be based on the following scales:

Final Course Grades

A = 90 - 100%
B = 80 - 89%
C = 70 - 79%
D = 60 – 69%
F = 59% or below          F = 59 or less

Total course points possible = 100

## Assessments

Each
module will include readings and activity segments.  Assignments related to these activities will reflect students' understanding of the

topic.  These assignments will be due at the end of each module and submitted through the eCollege drop box or as directed each week.

Meets Learning Outcomes: 1-8

## Discussion Forums

Each module will consist of several learning activities.  Also, the modules may include small discussion, reflection activities, individual learning activities, and written papers. For this course to be beneficial, each student is expected to participate in online discussions daily, to ask relevant questions, demonstrate understanding of course content, and reflection.  This means that each student should be conscious of the class schedule and prepared to share with classmates in conversation and activities content in weekly modules.

The discussion forums are related to the chapter readings, external resources, and activities.  Upon completion or near completion of the assigned readings and activities, you are expected to engage in an ongoing discussion/debate with your learning community peers. Your contributions to the discussion forums will be graded for *quality not quantity*, timeliness of your contributions, and a detailed analysis of linking together theory (readings) to application (activities).  The instructor will monitor discussions daily.

*Learning Outcomes-* 1-8
*Principal Program Standards:* Competency 008; TAC 241.15 Learner-Centered Standards 4 and 6; Principal Evaluation  Standards 149.2001 Standards 2 and 5.

## Exams

 Complete the exams online by accessing the eCollege exam tool.  The exams will be timed and grades made available to you following the submission of the exam. If you lose Internet connectivity during the exam, log back in immediately and

continue with the exam.  Save your answers often (every 5-10 minutes).  If you experience any issues while taking the exam, you must contact the eCollege Helpdesk immediately so that your issue is documented with a helpdesk ticket number.  Considerations regarding exam issues will be made by the instructor on an individual basis based on the documentation.

*Learning Outcomes* – 1 -8  *and Principal Program Standards:* Competency 008; TAC 241.15 Learner-Centered Standards 4 and 6; Principal Evaluation  Standards 149.2001 Standards 2 and 5

Exams will be open book/open resource assessments.  You should prepare for the exams using all course materials. Exams are intended to assess all the Learning Outcomes of the course at the application level.

**Journal Entries 10 Points**

*Learning Outcomes* – 1 -8  *and Principal Program Standards:* Competency 008; TAC 241.15 Learner-Centered Standards 4 and 6; Principal Evaluation  Standards 149.2001 Standards 2 and 5
