Previous nursing courses textbooks

Optional Online resources and articles as directed

Course Description (5 credit hours)

Demonstrates the relevance of psychosocial nursing concepts to all areas of professional practice. Provides a conceptual integration of the nursing process, theories, and research from psychosocial sciences and humanities as these relate to the care of persons with mental disorders. Clinical experience provides an opportunity for application of psychosocial concepts and methods in using the nursing process to promote optimal levels of wellness for individuals, families, and target groups.

The syllabus/schedule are subject to change.

Student Learning Outcomes

By the end of the course, the student will be able to:

1. Analyze selected nursing and psychological theories used in psychiatric/mental health settings.
2. Examine the legal, economic, sociocultural, and ethical issues impacting the psychiatric/mental health delivery system and apply them in the clinical setting.
3. Discuss clinical modalities and psychiatric terminology as it relates to psychiatric/mental health nursing practice.
4. Utilize principles of evidence-based practice in psychiatric mental health nursing.
5. Compare and contrast the difference in mental illnesses in clients in urban and rural geographic areas.
6. Identify barriers to care for patients with psychiatric illnesses in the rural setting.

Clinical Objectives

Use the nursing process to develop a plan of care for the client in a psychiatric/mental health setting.

1. Apply theories about causation and treatment of mental disorders and chemical dependency to clients in a psychiatric setting.
2. Demonstrate increasing competency in using therapeutic communication skills with psychiatric/mental health clients.
3. Demonstrate the ability to observe and describe problematic behavior in a clinical setting.
4. Analyze clinical therapeutic modalities and their effectiveness with clients.
5. Demonstrate professional standards of moral, ethical, and legal conduct.
6. Assume accountability for personal and professional behaviors.
7. Demonstrate professionalism, including attention to appearance, demeanor, respect for self and others, and attention to professional boundaries with patients and families as well as among caregivers.
8. Provide appropriate patient teaching that reflects developmental stage, age, culture, spirituality, patient preferences, and health literacy considerations to foster patient engagement in care.
9. Implement evidence-based nursing interventions as appropriate for managing the acute and chronic care of patients and promoting health across the lifespan.
10. Monitor client outcomes to evaluate the effectiveness of psychobiological interventions.
11. Create and maintain a safe and effective therapeutic milieu that results in high quality patient outcomes.

The syllabus/schedule are subject to change.

COURSE REQUIREMENTS

Minimal Technical Skills Needed

Using the learning management system, using Microsoft Word and PowerPoint.

Instructional Methods

This is a blended course without lecture requiring students to complete online activities and independent study to be successful. Course objectives may be met through individual study using suggested resources, active involvement in classroom activities, formal, and informal exchange of ideas with classmates and colleagues regarding specific topics as well as utilizing critical thinking skills. Teaching methods include seminar, discussion, small group work, independent study of texts and library resources, computer-assisted instruction, audio-visual aids, and the assignments listed. While the professor will provide guidance and consultation, the student is responsible for identification of learning needs, self-direction, seeking consultation and demonstration of course objectives.

Student Responsibilities or Tips for Success in the Course

Logging into the course website daily during the week, checking emails at least daily, updated semester calendar, at least six hours of weekly study, attendance at all class meetings, and review of examinations.

GRADING

Final grades in this course will be based on the following scale:

- A = 90-100
- B = 80-89
- C = 75-79
- D = 60-74
- F = Below 60

A minimum grade of 75 is required to pass the course.

Examinations (6)	66% (11% each)
Online Quizzes (5)	5% (1% each)
Group Presentation	7%
Class/Clinical Experience Paper	7%
Class/Clinical Experience Paper Evaluation	7%
Evolve Case Studies (8)	8% (1% each)
HESI Practice & Exam	Cr/NC
Clinical	Pass/Fail
Total	100%

The syllabus/schedule are subject to change.

Successful completion of the examinations and assignments will enable the student to meet the student learning outcomes.

Late Submissions

It is expected that you will submit all assignments on time. If you need an extension, it should be requested before the due date and may or may not be approved at the discretion of the course coordinator. Unexcused late assignments will be penalized 10% per day for each of the first two days overdue; on the 3rd day, the grade will be assigned as 0%. Communication on these matters is the student's responsibility.

Paper submissions

All documents submitted online are to be in .docx, .rtf, or .pdf format. No other formats will be accepted (JPEG, GIF, etc.). Assignments need to be submitted in a maximum of one document per assignment. Failure to follow these guidelines will result in a grade of "0" on the assignment.

COURSE AND UNIVERSITY PROCEDURES/POLICIES

Course Specific Procedures/Policies

CLASS

1. Class Cancellation: In the event that a class is canceled, the student is expected to do the readings and complete the objectives for that day. The content will still be included on examinations. The material in this syllabus and dates identified in the Course Calendar are subject to change.
2. Class attendance is expected. The students should notify course faculty in advance of any absence.
3. Exam dates are listed in each course syllabus, and the student is expected to be present for exams. In the event that the student will be absent, the course instructor must be notified in advance. Failure to do so may result in the student receiving a zero for the missed exam or quiz. Review the university catalog for excused absence criteria.
4. As an adult learner and responsible professional, the student is responsible for reading and completing assignments prior to class and for being prepared to participate in discussions over the assigned material. It should not be expected that all material would be covered in class. Students are expected to come to class prepared.
5. Assignments must be handed in on time. Assignments submitted late without prior arrangement with the classroom instructor will receive a zero.

Syllabus Change Policy

The syllabus is a guide. Circumstances and events, such as student progress, may make it necessary for the instructor to modify the syllabus during the semester. Any changes made to the syllabus will be announced in advance.

Assignments

Types of Assignments and Purpose of Each: There is a variety of assignments for this class to accommodate different learning styles.

Lecture Assignments

- 1. Examinations 66% total, 11% each 9/26, 10/10, 10/24, 11/7, 11/21, 12/13**

There are six examinations in this class on the dates identified. They will cover **all** the topics covered in class as of the date of the exam. The focus of each exam will be on the topics listed in the course schedule. The quizzes will include terminology from the applicable chapters in the textbook. The questions will be in multiple formats: multiple choice, multiple answer, matching, short answer, etc.

- 2. Online quizzes 5%, 1% each 9/15, 10/13, 10/20, 11/3, 12/1**

There are five quizzes on eCollege on the important terminology for the indicated modules. These quizzes are not included in the minimum 75% on examinations requirement. These are due by 2359 on the date indicated.

- 3. Group Presentation 7% 11/21 or 12/5**

Students will be divided into groups and each group will be assigned a movie that deals significantly with mental illness. The movies are all available for rental and/or streaming. Each member of the group is to watch the movie. There is no paper for this assignment.

The group will present informally, without any audiovisual aids or notecards, to their classmates and lead a discussion on the following topics. All members of the group must present. Presentation and discussion is a maximum of 15 minutes per group.

1. Summary of the movie, including description of the mental illnesses in the movie.
2. Were the illness(es) portrayed accurately based on accepted signs and symptoms?
3. Analyze why changes were made, if any, for the movie?
4. How is the movie influenced by society?
5. How does the movie influence society's view of mental illness?

This presentation is a group or team project. All members of the group receive the same grade; see grading rubric on eCollege. However, a student can be removed from his/her group if the other students in the group come to the instructor and report that a student is not doing his/her fair share of the work. If that happens, the

The syllabus/schedule are subject to change.

student will be notified in writing by the instructor. The student will then be responsible for doing the assignment on his/her own.

4. Class/Clinical Experience Paper 7% 9/1

Write a paper that includes the following: 1) Discuss at least three (3) aspects of the upcoming class/clinical experience that you are looking forward to. Analyze what factors in these experiences make you feel positive about them; 2) Describe at least three (3) aspects of the upcoming class/clinical that you are most apprehensive or uncertain about. Analyze the factors in these experiences that are influencing your reaction.

The paper should be no less than two (2) and no more than three (3) pages typed double-spaced in APA format. Place your name at the top of the first page. You do not have to have a title page or reference page. See grading rubric on eCollege. Submit it by 2359 on the due date on eCollege.

5. Class/Clinical Experience Paper Evaluation 7% 12/8

Write a paper that evaluates the results of your experience in class/clinical during the semester. Refer to the paper you wrote at the beginning of the semester. Analyze both the positive and negative experiences you were expecting.

The paper should be no less than two (2) and no more than three (3) pages typed double-spaced in APA format. Place your name at the top of the first page. You do not have to have a title page or reference page. See grading rubric on eCollege. Submit it by 2359 on the due date on eCollege.

6. Evolve Case Studies 8% total (1% each) Varies

There are eight (8) Evolve case studies to be completed and submitted on Evolve by 2359 on the date indicated. You must receive at least 75% on the case studies to receive credit for the assignment.

Alzheimer's Disease	9/8
Schizophrenia	9/29
Psychosis	10/6
Depression	10/20
Major Depressive Disorder	10/20
ADHD	11/3
Eating	11/24
Alcoholism	12/8

The syllabus/schedule are subject to change.

7. HESI Psych/Mental Health Practice Examination 12/13

Complete online non-proctored exam by December 13th with a score of 90% or better to receive credit.

8. HESI Psychiatric/Mental Health Examination 12/15

Complete proctored exam on December 15th with a score of 900 or better to receive credit. If you receive below 900, you will have to complete remediation and re-take the examination to receive credit. For scores on the initial HESI examination of 950-999, you will receive 2 extra points and for scores of 1000 and greater, you will receive 3 extra points. These points are not added to the final grade unless the student meets the average of 75% or better on course examinations.

Clinical Assignments

Types of Clinical Assignments and Purpose of Each: There is a variety of assignments for this class to accommodate different learning styles. All clinical assignments must be completed at 75% or better to receive credit for the assignment.

Uniform and name badge is to be worn to all clinical areas. For all clinical experiences you need to be assertive and are responsible for seeking out your own experience.

Seminars (SEM)

a. There are three seminars during the semester that you need to attend.

Terrell, TX 75160

8. Support Groups **Both due by 2359, November 11/17**

a. You are to attend two (2) support groups during the semester. One of the groups has to be focused on alcohol and the other group on drugs. It is recommended that you do NOT go to groups in the town that you reside in. Due to the nature of these meetings, do not wear your uniform or name badge. However, if you are asked, explain that you are a nursing student observing how various support groups assist clients with their overall well-being. **ONLY ONE STUDENT CAN ATTEND A SUPPORT GROUP AT ANY ONE TIME-YOU CANNOT GO TOGETHER TO THE MEETINGS.**

b. For each group meeting, in the paper, name the group, indicate the location where you attended, the date attended, the length of time the group met and the purpose of each support group. For each group meeting, the paper should be no longer than one (1) typed double-spaced page. No title page is required. Place your name at the top of each submission. See grading rubric on eCollege. All papers are due by **2359, July 21st**. Use the following to guide your paper.

The syllabus/schedule are subject to change.

- Relate the function of the support group to the goals of Self-help Groups in your textbook (Box 33-4)
- Discuss something that occurred during the support group that you learned about the situation or that reinforced your knowledge

9. Simulation Day Reflection Journal & Progress Note (SIM) 10/20

The purpose of this assignment is to provide the students an opportunity to reflect on their experiences during the simulation day. Complete the simulation effectiveness tool (posted on eCollege, along with grading rubric) and in the comment area reflect on your experience. In addition, write a short narrative progress note that includes your assessment of the client during the simulation. Both are due by 2359 the day of your simulation experience and are to be submitted on eCollege.

10. Clinical Evaluation

You will be evaluated by your clinical instructor at the end of the semester. The overall evaluation of your clinical performance must be satisfactory. You must pass the clinical evaluation to pass the course regardless of the rest of your clinical grade.
