## **Course Description (6 credit hours)**

This course presents critical thinking and problem-solving strategies for care of adults with acute or complex illness and/or injury. The effects of acute illness are examined in relation to the individual's developmental stage, culture, and gender. Building on Nursing Care of Adults I, a systems approach is used to analyze and intervene in alterations to the health of the individual and family. The course includes clinical laboratory to allow the student the opportunity to integrate theoretical concepts and clinical practice in diverse populations.

## **Student Learning Outcomes**

By the end of the course, the student will be able to:

1. Examine applicable nursing research and nursing theories related to providing nursing care to culturally diverse populations with acute and chronic disorders of physiological systems.
2. Critically analyze the use of the nursing process while implementing caring and safe nursing skills with individuals experiencing acute illness.
3. Formulate patient teaching plans from evidenced based practice for selected physiological disorders.
4. Demonstrate responsibility for own learning at levels consistent with student nurses' role and professional expectations.
5. Utilize collaborative skills with members of the interdisciplinary health care team in planning, coordinating, providing, and evaluating patient care.
6. Identify factors that influence the health of rural residents and their health-seeking behaviors.
7. Understand and apply theory related to computer-human interfaces, ethics, confidentiality and privacy, caring, ergonomics and nursing informatics to nursing practice.
8. Engage in ethical reasoning and actions to provide leadership in promoting advocacy, collaboration, and social justice as a socially responsible citizen.

*The syllabus/schedule are subject to change.*

## **Clinical Objectives:**

At the end of this course, the student will be able to:

1. Apply nursing research and theory to the nursing care of the culturally diverse population in a clinical setting.
2. Demonstrate professional standards of moral, ethical, and legal conduct.
3. Assume accountability for personal and professional behaviors.
4. Create a safe care environment that results in high quality patient outcomes.
5. Utilize organizational skills and time management concepts in setting priorities for clinical performance.
6. Demonstrate professionalism, including attention to appearance, demeanor, respect for self and others, and attention to professional boundaries with patients and families as well as among caregivers.
7. Demonstrate the ability to critically analyze and problem-solve utilizing the nursing process in increasingly complex patient care settings.
8. Collaboratively perform nursing interventions using safe nursing practice through the integration of the nursing process reflecting caring behaviors in response to physical, emotional, and cultural patient needs.
9. Provide appropriate patient teaching that reflects developmental stage, age, culture, spirituality, patient preferences, and health literacy considerations to foster patient engagement in care.
10. Implement evidence-based nursing interventions as appropriate for managing the acute and chronic care of patients and promoting health for adults.
11. Monitor client outcomes to evaluate the effectiveness of psychobiological interventions.
12. Demonstrate the application of advanced psychomotor skills for the efficient, safe, and compassionate delivery of patient care.
13. Demonstrate skills in using patient care technologies, information systems, and communication devices that support safe nursing practice.

## **COURSE REQUIREMENTS**

### ***Minimal Technical Skills Needed***

Using the learning management system, using Microsoft Word and PowerPoint.

### ***Instructional Methods***

This is a blended course requiring students to complete online activities and independent study to be successful. Course objectives may be met through individual study using suggested resources, active involvement in classroom activities, formal, and informal exchange of ideas with classmates and colleagues regarding specific topics as well as utilizing critical thinking skills. Teaching methods include lecture, seminar, discussion, small group work, independent study of texts and library resources, computer-assisted instruction, audio-visual aids, and the assignments listed. While the professor will provide guidance and consultation, the student is responsible for

*The syllabus/schedule are subject to change.*

identification of learning needs, self-direction, seeking consultation and demonstration of course objectives.

### ***Student Responsibilities or Tips for Success in the Course***

Logging into the course website daily during the week, checking emails at least daily, updated semester calendar, at least six hours of weekly study, attendance at all class meetings, and review of examinations.

## **GRADING**

Final grades in this course will be based on the following scale:

- A = 90-100
- B = 80-89
- C = 75-79
- D = 60-74
- F = Below 60

A minimum grade of 75 is required to pass the course.

<b>Exams (7) – 12% each</b>	<b>84%</b>
<b>Group Paper</b>	<b>6%</b>
<b>NCLEX Questions</b>	<b>5%</b>
<b>Being Mortal/hospice report</b>	<b>5%</b>
<b>HESI Practice/HESI Exam</b>	<b>Cr/NC</b>
<b>TOTAL</b>	<b>100%</b>
<b>Clinical</b>	<b>PASS/FAIL</b>
<b>Medication Calculation Quiz</b>	<b>See below</b>
<b>Total</b>	<b>100%</b>

Successful completion of the examinations, case studies, NCLEX questions and paper will enable the student to meet the student learning outcomes.

**Students must achieve a minimum average of 75% on all exams in order to pass the course. Other graded assignments will not be added to the final grade unless exam grade average is 75% or higher.**

The clinical component is PASS/FAIL and must be passed in order to pass the course. To receive a passing grade in clinical you must achieve at least 75% on each of the clinical assignments and receive a satisfactory clinical evaluation.

*The syllabus/schedule are subject to change.*

The HESI Fundamentals Exam must be passed with a score of 900 or greater. If you do not achieve this score, you will have to undergo remediation and retesting as indicated in the Student Guide.

### **Medication Calculation**

1. A medication calculation 5-question quiz will be given the second week of the semester
2. Anyone not receiving 100% will need to remediate.
3. For those that did not receive 100% on the first quiz, a medication calculation 5-question quiz will be given the following week of the semester.
4. Anyone not receiving 100% will need to remediate.
5. For those that did not receive 100% on the second quiz, a medication calculation 5-question quiz will be given the following week of the semester.
6. Anyone not receiving 100% on the third quiz in the course will be placed on clinical probation and will need to remediate with your clinical instructor.
7. Additional weekly medication calculation quizzes will be given based on need.
8. A student must pass the medication calculation quiz to pass the clinical portion of the applicable course and to pass the course.
9. In addition, medication calculation questions will be on the examinations and quizzes in the applicable classes.

### **Late Submissions**

It is expected that you will submit all assignments on time. If you need an extension, it should be requested before the due date and may or may not be approved at the discretion of the course coordinator. Unexcused late assignments will be penalized 10% per day for each of the first two days overdue; on the 3rd day, the grade will be assigned as 0%. Communication on these matters is the student's responsibility.

### **Paper submissions**

All documents submitted online are to be in .docx, .rtf, or .pdf format. No other formats will be accepted (JPEG, GIF, etc.). Assignments need to be submitted in a maximum of one document per assignment. Failure to follow these guidelines will result in a grade of "0" on the assignment.

## **TECHNOLOGY REQUIREMENTS**

- To fully participate in online courses you will need to use a current Flash enabled internet browser. For PC and Mac users the suggested browser is Mozilla Firefox.
- You will need regular access to a computer with a broadband Internet connection. The minimum computer requirements are:
  - 512 MB of RAM, 1 GB or more preferred
  - Broadband connection required courses are heavily video intensive
  - Video display capable of high-color 16-bit display 1024 x 768 or higher resolution

*The syllabus/schedule are subject to change.*

- You must have a:
  - Sound card, which is usually integrated into your desktop or laptop computer
  - Speakers or headphones.
  - \*For courses utilizing video-conferencing tools and/or an online proctoring solution, a webcam and microphone are required.
- Both versions of Java (32 bit and 64 bit) must be installed and up to date on your machine. At a minimum Java 7, update 51, is required to support the learning management system. The most current version of Java can be downloaded at: [JAVA web site http://www.java.com/en/download/manual.jsp](http://www.java.com/en/download/manual.jsp)
- Current anti-virus software must be installed and kept up to date.
- Run a browser check through the Pearson LearningStudio Technical Requirements website. [Browser Check http://help.ecollege.com/LS\\_Tech\\_Req\\_WebHelp/en-us/#LS\\_Technical\\_Requirements.htm#Browsset](http://help.ecollege.com/LS_Tech_Req_WebHelp/en-us/#LS_Technical_Requirements.htm#Browsset)

## **COMMUNICATION AND SUPPORT**

### ***Interaction with Instructor Statement***

It is expected that you will check your eCollege course and email at least **DAILY** for communication from the instructor. A response will occur within two (2) business days.

Communication between faculty and students is primary and taken seriously. Preferred communication methods are individualized office hours, email, or via office phone. If a phone call is not answered, please leave a message and send an e-mail using the direct e-mail link on the course home page. You will be treated with collegial respect and you are expected to communicate likewise in a professional manner.

## **COURSE AND UNIVERSITY PROCEDURES/POLICIES**

### ***Course Specific Procedures/Policies***

#### **CLASS**

1. Class Cancellation: In the event that a class is canceled, the student is expected to do the readings and complete the objectives for that day. The content will still be included on examinations. The material in this syllabus and dates identified in the Course Calendar are subject to change.
2. Class attendance is expected. The students should notify course faculty in advance of any absence.
3. Exam dates are listed in each course syllabus, and the student is expected to be present for exams. In the event that the student will be absent, the course instructor must be notified in advance. Failure to do so may result in the student receiving a zero for the missed exam or quiz. Review the university catalog for excused absence criteria.

*The syllabus/schedule are subject to change.*

4. As an adult learner and responsible professional, the student is responsible for reading and completing assignments prior to class and for being prepared to participate in discussions over the assigned material. It should not be expected that all material would be covered in class. Students are expected to come to class prepared.
5. Assignments must be handed in on time. Assignments submitted late without prior arrangement with the classroom instructor will receive a zero.

### **Nursing Student Guide**

Specific information for the nursing student regarding the nursing program and current policies and procedures can be found

here: <http://www.tamuc.edu/academics/colleges/educationHumanServices/departments/nursing/Curent%20Students/studentguidebook/default.aspx>

It is the student's responsibility to review and understand the policies and procedures provided in the student guidebook.

*The syllabus/schedule are subject to change.*

## **CLINICAL EXPERIENCE**

1. Clinical attendance is mandatory. Refer to the Nursing Student Guide for Absence policy information.
2. Immunizations, CPR, and TB status must be current for students to be able to attend clinical experience at the assigned clinical location.
3. Students are expected to meet clinical expectations outlined in the clinical evaluation tool.
4. Based on student learning needs, the faculty will determine the appropriate amount of time and clinical assignments needed to assess student growth. Faculty may require additional assignments and clinical work to ensure students have met clinical objectives. Students are expected to comply with any additional assignments or clinical hours assigned.
5. Students are expected to prepare for clinical practice in order to provide safe, competent care.
6. Clinical assignments must be handed in on time to the clinical instructor as directed. No exceptions.
7. Clinical is graded Pass/Fail. If the student fails the clinical component, the entire course must be repeated.

## **UNSATISFACTORY CLINICAL PERFORMANCE**

1. There are several infractions that might lead to a student being given a clinical warning for the day, including but not limited to:
  - Absences
  - Tardiness
  - Violation of dress code
  - Incomplete health immunization records
  - Expired CPR certification
  - Failure to turn in written assignments on time
  - Incomplete hospital orientation
  - Lack of preparation
2. Accumulation of two (2) warnings in this clinical course may lead to failure of the clinical rotation and therefore, failure of the entire course.
3. Other offenses which may lead to immediate failure of the course and possible dismissal from the Nursing Program includes but is not limited to:
  - A pattern of lack of accountability for class, clinical and lab skills preparation
  - Unsafe practice or behavior
  - Unprofessional practice or behavior
  - HIPPA violation
  - Inability to pass required clinical assignments
  - Falsification of patient records/documentation
  - Inability to achieve 100% on the dosage calculation exams

*The syllabus/schedule are subject to change.*

## **Syllabus Change Policy**

The syllabus is a guide. Circumstances and events, such as student progress, may make it necessary for the instructor to modify the syllabus during the semester. Any changes made to the syllabus will be announced in advance.

## **University Specific Procedures**

### **Student Conduct**

All students enrolled at the University shall follow the tenets of common decency and acceptable behavior conducive to a positive learning environment. The Code of Student Conduct is described in detail in the [Student Guidebook](#).

## Lecture Assignments

**Types of Lecture Assignments and Purpose of Each:** There is a variety of assignments for this class to accommodate different learning styles.

1. **Exams** **84% total, 12% each**  
**9/19; 10/3; 10/17; 10/31; 11/14; 11/28; 12/11**

There are seven exams in this class on the dates identified. They will cover the topics as indicated on eCollege. The examinations may include terminology from the applicable chapters in the textbook. The questions will be in multiple formats: multiple choice, multiple answers, matching, etc.

2. **Group Paper** **6%** **10/30**

Students will be divided into groups. Group assignment will be chosen related to clinical assignment. Each group will choose a phenomenon that one of you had in the ICU for a case study related to patient care that you wish to investigate. Your clinical instructor must approve the case study by 9/29. The group will research their issue and find current evidence, at least three (3) peer-reviewed research articles from a nursing journal related to their condition/issue.

Three weeks prior to the due date of the paper as indicated on the schedule (10/9), the group will submit an outline of their abstract to their clinical instructor that includes the group members, what each group member is contributing to the paper, PICOT question, case study overview, nursing practice issue, and references in APA format.

The paper must include the following items:

1. Title Page with all group members
2. Abstract with the following:
  - Case Study Overview
  - PICOT questions
  - Nursing Practice Issue
  - Summary of Current Evidence
3. Reference Page

The paper is to be no longer than three pages in length, excluding the title page and reference page, written in APA format. A title page and reference page are required. See rubric on eCollege. The paper, along with the three articles is to be uploaded on eCollege by 2359 on the due date. Only one member of each group needs to upload the paper.

This paper is a group or team project. All members of the group will receive the same grade on the paper. However, a student can be removed from his/her

*The syllabus/schedule are subject to change.*

team if the other students in the group come to the instructor and report that a student is not doing his/her fair share of the work. If that happens, the instructor will notify the student in writing. The student will then be responsible for doing the assignment on his/her own.

**3. Being Mortal/Hospice Report 5% due by midnight the day after your hospice experience.**

Write up a short reflection paper (1-2 pages) describing your opinion of the book Being Mortal and your reflections on your hospice day experience. This paper is designed to be a creative expression and will contribute to discussion in class during the semester. No APA format is required, first person narrative is acceptable. Please use appropriate grammar and complete sentences. No references are required.

**4. NCLEX Med-Surg Questions 5% total (1% per 100 questions) Varies**

You must complete 500 NCLEX Med-Surg Questions during the semester. Proof of completion must be turned in the Dropbox on eCollege by 2359 on the dates indicated below.

100 Questions	9/19
100 Questions	10/3
100 Questions	10/31
100 Questions	11/28
100 Questions	12/5

**5. HESI Med-Surg Practice Cr/NC 12/11**

Complete online non-proctored exam by May 9th with a score of 90% or better to receive credit.

**6. HESI Med-Surg Examination Cr/NC 12/12**

Complete proctored exam on Dec 12th with a score of 900 or better to receive credit. If you receive below 900, you will have to complete remediation and re-take the examination to receive credit. For initial scores on the HESI of 950-999, you will receive 2 extra points and for scores of 1000 and greater, you will receive 3 extra points. You must achieve an average of 75% or better on your exams before the extra credit points will be added.

*The syllabus/schedule are subject to change.*

information. Your clinical instructor will let you know what to do. You are NOT to leave until your clinical instructor informs you that you can.

**5. Simulation Day Effectiveness Journal & Progress Note November 1 or 2**

The student will be exposed to a client(s) in the simulation to improve their familiarity and comfort with varying client situations. The experience in the simulation will be graded pass/fail for each individual student.

The student will reflect on their experience during the simulation day by completing the simulation effectiveness tool. The simulation effectiveness tool is posted on eCollege. Circle your responses to the questions and in the comment area write a paragraph reflecting on your experience.

In addition, the student will complete a narrative progress note on their patient and submit it along with the effectiveness journal.

Both are due by 2359 the day of your simulation experience and are to be submitted on eCollege in the Dropbox.

**6. Skills check 9/6**

In this course, you will learn to perform the below listed skills during skills day. You will be required to perform at least one of these skills on simulation day. If you do not perform the skill correctly, you will be given one opportunity to retest on the skill:

- a. tracheostomy care
- b. suctioning a tracheostomy
- c. changing a central line dressing
- d. administration of blood products

**7. Skills Practice varies**

You are required to complete two (2) hours of skills practice between September 20<sup>th</sup> and October 27<sup>th</sup>. You must sign in on the Adult 2 skills practice sheet posted in the TAMUC hospital. Contact Kimberly Vice ([Kimberly.vice@tamuc.edu](mailto:Kimberly.vice@tamuc.edu)) or Kevin Green ([kevin.green@tamuc.edu](mailto:kevin.green@tamuc.edu)) if you want to ensure that the skills lab is available on your desired days/times before you come in to campus to practice. There is limited space in the skills lab. You can practice more than two hours but will NOT be able to practice these skills for credit for this assignment after October 27<sup>th</sup>.

**8. Clinical Evaluation End of semester**

*The syllabus/schedule are subject to change.*

You will be evaluated by your clinical instructor at the end of the semester. The overall evaluation of your clinical performance must be satisfactory. You must pass the clinical evaluation to pass the course regardless of the rest of your clinical grade.
