## Overview of Course

---

**COURSE DESCRIPTION:**

This advanced practice course provides students with theories and skill for working with individuals from an advanced generalist perspective. By the end of the course, students will be expected to demonstrate critical thinking, integration of theory with practice, and knowledge, values and skills appropriate for autonomous practice. Prerequisites: Students must have been admitted to the MSW program; completed all MSW foundation curriculum requirements; and be in good standing in the MSW program.

**COURSE OBJECTIVE(S):**

## **SWK 505: Advanced Generalist Practice with Individuals**

1. The ability to use selected theories and models of intervention in generalist practice with individuals.
2. The ability to critique and apply the theoretical and empirical literature relevant to intervention situations.
3. The ability to select, evaluate and use explanations of human behavior for specific practice situations, i.e., the interventions appropriate for specific conditions and clients.
4. The understanding of intercultural counseling techniques, as relevant to minority groups, and the relevance of generalist practice activities to the social work profession and to social justice.

### **RELATIONSHIP TO OTHER COURSES:**

This course builds upon foundation content that provides knowledge of human behavior and social systems. It builds upon foundation exposure to professional values and ethics, particularly the NASW Code of Ethics.

This course draws upon SWK 501, 555 and 595 to engage research methods and skills in evaluation; critical thinking skills utilize research and empirical evidence.

### **PROGRAM GOALS:**

1. Prepare MSW graduates for professional advanced generalist practice that reflects application and integration of critical thinking, theoretical frameworks, and differential interventions.
2. Enable MSW graduates to apply ethical reasoning to advance equality, justice, and social change.
3. Promote leadership and service that is relevant to individual contexts of practice and enhances well-being and quality of life.

### **CORE COMPETENCIES**

Council on Social Work Education (CSWE) requires a competency-based approach to identify and assess what students demonstrate in practice. In social work, this approach involves assessing students' ability to demonstrate the competencies identified in the educational policy. Students achieve programmatic goals listed above through demonstration of the following competencies for Advanced Generalist Practice (AGP).

#### **Competency AGP 2.1.1 Exemplify professional social work behavior and standards**

Competency AGP 2.1.2 Apply social work ethical principles to resolve dilemmas and  
create positive change

**Competency AGP 2.1.3 Critically analyze practice solutions and**

**Communicate judgments and reasoning through decision-making processes**

Competency AGP 2.1.4 Demonstrate the ability to build strengths based on mutual engagement with diverse populations

Competency AGP 2.1.5 Demonstrate commitment to strategies that address discrimination, reduce disparities, and promote social and economic justice

Competency AGP 2.1.6 Contribute to evidence-based best practice approaches to assess and improve effectiveness

**Competency AGP 2.1.7 Differentially apply theories and frameworks of HBSE**

While content and activities of each course in the MSW curriculum covertly or overtly addresses each of the nine competencies, identified within each course is a set of specific practice behaviors representing observable components of one for more competencies. Content and Assessment for this course reflect bolded competencies and the following practice behaviors:

2.1.1.a Employs conscious use of self, self-reflection, self-monitoring and self-correction in practice situations

#### Additional Readings Suggested:

### Overview of Course Assignments

#### **Analytic Papers (10 @ 10 points = 100 Points):**

A one page double-spaced typewritten paper is due at the beginning of each class meeting for Weeks 5 - 15; summarizes the reading assigned for the day (see course calendar). The paper should identify and discuss at least **four key points** from the reading. Be prepared to discuss these points in class. Each paper is worth ten (10) points.

#### **Group Presentation (50 Points):**

Students will pair with another student to form a group of three (3) – a few of your groups will have more. Each group will be responsible for leading the class discussion for classes meeting in the Weeks 5 – 15. Discussion leaders will review the assigned material and develop a presentation, including: 1) a summary of the theory, 2) assessment of the theory for practice, 3) a case example utilizing the theory. Be sure to develop possible questions and/ or issues for discussion. Leaders should also rely on their own experiences and knowledge to help facilitate class discussion. You will be expected to defend your position on this theory concerning your experience and case example. Parts of your presentation that are out of focus or not clear will be further explained by the instructor.

Full participation and cooperation by both members of the group is expected. Theoretically, one grade will be assigned for each group presentation. It is possible, however, that individual grades may be reduced by a lack of effort or participation in the final product.

**Theory Analysis Paper (100 Points):**

Students will choose a theory that attempts to explain human behavior. It does not need to be one discussed in class. Students will then analyze the theory through some framework, i.e. Payne's framework (see handout). There should also be a section on application to practice, including a case study. The application section should utilize the professional literature and contain at least 5 sources. Finally, a conclusion as to why this theory is the best theory to explain human behavior and interventions for client. The paper should be 8 - 10 pages in length.

Online Comprehensive Final (50 points)

**Grading Scale**

- 251 - 300 points = A
- 201 - 250 points = B
- 150 - 200 points = C

## Student Rights and Responsibilities

---

"Civility in face-to-face classrooms, online courses and in labs, internships, practicum and all other academic settings necessitate respect for the opinions of others and is very important in all academic settings. It is likely you may not agree with everything that happens or discussed in the academic setting; however, courteous behavior and responses are expected. To create a civil and preserve learning environment that optimizes teaching and

learning, all participants share a responsibility in creating a civil and non-disruptive forum" (Student Guide Book, p 35). To create an optimum learning environment, students have rights and responsibilities.

### **Student Rights**

#### As set forth in Texas A&M University System Policy 13.02

The rights of students are to be respected. These rights include respect for personal feelings; freedom from indignity of any type, freedom from control by any person except as may be in accord with published rules of the system academic institutions, and conditions allowing them to make the best use of their time and talents toward the objectives, which brought them to the system academic institutions. No officer [university faculty, employee] or student, regardless of position in rank, shall violate those rights, any custom, tradition or rule in conflict will be allowed to prevail.

Students are expected at all times to recognize constituted authority, to conform to the ordinary rules of good conduct, to be truthful, to respect the rights of others, to protect private and public property, and to make the best use of their time toward an education.

#### Students with Disabilities

The Americans with Disabilities Act (ADA) is a federal anti-discrimination statute that provides comprehensive civil rights protection for persons with disabilities. Among other things, this legislation requires that all students with disabilities be guaranteed a learning environment that provides for reasonable accommodation of their disabilities. If you have a disability requiring an accommodation, please contact:

### **Students Responsibilities**

#### **Class Attendance and Participation Policy**

- Class participation has three components: (1) appropriate interactions with classmates; (2) active involvement in class activities and (3) attentiveness
- Students will attend class, reflecting responsibility, inherent in the development as a social work professional. Being on time and prepared when class begins and remaining present throughout the entire class meeting demonstrates emerging

professional behavior expected in social work graduates. Roll is taken in each class to document students' attendance.

- Classroom exercises, discussions, role-plays, guest speakers and other in-class experimental exercises are essential for a student's professional learning and continued development of self-awareness. Tardiness (or early departure) of more than 15 minutes will count as one-half absence and two (2) times being late to class or two (2) early departures culminating into one absence.
- A student is absent if he/she arrives more than 30 minutes late to class, leaves 30 minutes early or does not come to class.
- The following penalties for absences (unexcused, or excused, according to university policy) will be administered:

<b><u>Weekly</u></b> <b><u>(class meets</u></b> <b><u>1X week)</u></b>	<b><u>Up to 2</u></b> <b><u>absences: No</u></b> <b><u>Penalty</u></b>	<b><u>3 absences: 1</u></b> <b><u>letter grade drop</u></b>	<b><u>4 absences: Class grade of "F"</u></b>	
<b><i>Bi-Weekly</i></b> <b><i>(class meets</i></b> <b><i>2X week)</i></b>	<b><i>Up to 3</i></b> <b><i>absences: No</i></b> <b><i>Penalty</i></b>	<b><i>4 absences: 1</i></b> <b><i>Letter grade</i></b> <b><i>drop</i></b>	<b><i>5 absences: 1</i></b> <b><i>Letter grade</i></b> <b><i>drop</i></b>	<b><i>6 absences:</i></b> <b><i>Class grade of</i></b> <b><i>"F"</i></b>
<b><i>Summer 10-week</i></b>	<b><i>Up to 1</i></b> <b><i>absence: No</i></b> <b><i>Penalty</i></b>	<b><i>2 Absences: 1</i></b> <b><i>Letter grade</i></b> <b><i>drop</i></b>	<b><i>3 absences: Class grade of "F"</i></b>	

Online, Blended and Web Enhanced Classes: Just as students are required to attend face-to-face classes, students are required to log in and participate in online venues. To receive credit for attendance online via eCollege, students must log in and complete assignments as required in the course. Not logging onto eCollege (monitored by the instructor) and completing assignments online during the required time is the equivalent of an absence for each week this occurs.

### Final Evaluation and Grade Depends on both Classroom attendance and Participation

Inadequate participation or lack of required time commitment in each class significantly affects students' grades. No matter the course venue, students must engage in a comparable amount of time. Expectations of both Face-to-Face classes and those with Online components include time spent reading and studying course material.
