## COURSE REQUIREMENTS

This is an online class. Students are required to review the eCollege weekly agendas that complement the course calendar and be aware of the announcements within our AFE 576 *eCollege* course home page for updated information pertaining to this course.

In order to minimize confusion and repetition, I like to communicate through personal email as little as possible. Therefore, each of the weekly agendas within our course shell has a link entitled *Weekly Q&A* where you can post questions and review responses to questions that pertain to course information as we progress through this course. While you are welcome to email me in reference to personal matters, I prefer that you ask non-confidential questions through these *Weekly Q&A* forums. If you prefer to correspond via telephone, simply email me a telephone number where I can reach you and a time that will be convenient for me to call you. Prior to asking a question, please quickly review previous responses within a particular *Weekly Q&A* forum as your question may already have been addressed. You are also welcome to respond to a classmate's question if you can accurately address the issue.

### Assignments and Grades:

Assignments that you complete for this course should not have been used in other courses. **You must complete all assignments to earn an A in this course.**

**Grading Rubric:** A: 100-90 B: 89-80 C: 79-70 D: 69-60 F: 59 and below

**Weekly Discussion Forums:** (8 @ 5 points each = 40 points total)

Eight weekly agendas within this course contain a discussion forum. I would like for you to respond to the question or activity that is specifically designated for each discussion forum activity. Utilize the resource/reading list that complements each discussion forum and create an original discussion post to respond to a particular forum by **Friday** of each discussion forum week.

I would then like for you to interact and provide feedback to **at least two** of your classmates' original discussion forum posts. Your contribution to the discussion forums will be graded for **quality** not quantity, **timeliness** of your contributions (please do not wait until Sunday to begin participation), and a **detailed analysis** of linking together theory to application via critical thinking evident within your discussions. Each discussion forum will be open **until Midnight Sunday** of each discussion forum week.

**SAE Reflective Exercise: 20 points each X3=60 points**

You will journal on your experiences with SAEs by keeping an electronic journal in a word document. Three times during the semester, you will be asked to write in your electronic journal for review. This journal should document the types of SAEs or SAE you were involved with, either as a student or with your students if you're teaching, what you learned or your students learned, how you documented your SAE or had your students document their SAE, and the overall experience of your students or yourself with the SAE. More information will be provided in the course shell.
