Program and Course Description

Program Description:

This course is offered through The Bachelor of Applied Arts and Sciences (BAAS) in Organizational Leadership program. It is a competency-based course that prepares innovative leaders for employment in an increasingly technological and global society. Because it is fully online, you are able to plan your study schedule around the rest of your day to complete the coursework.

Course Description:

This is a comprehensive, integrated approach to the study and application of written and oral business communications. This course prepares you to use speaking skills in making effective oral presentations, whether alone, whether face-to-face, virtually or as part of a group.

Student Learning Outcomes

Upon successful completion of this course, students will:

1. Demonstrate communication competence through an understanding of the foundational communication models.
2. Demonstrate essential public speaking skills in professional presentations.
3. Demonstrate written and oral competencies related to job searches, professional interaction, conflict management, leadership, and performance appraisals.
4. Explain essential dyadic and small group processes as they relate to the workplace.
5. Utilize various professional technologies as they relate to competent communication.
6. Describe how to communicate within diverse or multi-cultural workplaces.

COURSE REQUIREMENTS

Minimal Technical Skills Needed

Microsoft Word and PowerPoint, webcam recording, software.

Instructional Methods

This is a 7 week course divided into 5 competencies. Each competency has specific chapters to study. In addition to the reading materials, there are learning activities and videos to deepen your communication skills. Student Responsibilities or Tips for

Success in the Course

Log into the course as soon as possible. Complete the orientation module. Take the pretest as soon as possible. Don't wait to get started! The worker will become more rigorous for each competency. Set aside extra time to complete the final presentation in the last competency.

GRADING

Your final grade is your average score on the post-tests and final presentation competencies only. Each competency is equally weighted. Final grades in this course will be based on the following scale:

A = 90%-100%

B = 80%-89%

The syllabus/schedule are subject to change.

C = 70%-79%
D = 60%-69%
F = 59% or Below

Assessments

Each posttest is an assessment of your knowledge of the material required for the competency. A score of 80 points or higher is required on each posttest to demonstrate competency. If you score less than 80 points on any competency you will have an opportunity to review the material and re-take the competency posttest. You may take the Posttest assessment up to three times. If you have not passed the competency in three attempts, you will work with an Academic Coach to determine another method of fulfilling the program requirements in this subject. In order to demonstrate competency, a score of 80 points or higher is required. There is also a pretest for each competency. The purpose of the pretest is to provide a baseline understanding of your knowledge in this competency. The pretest is required for the course but is not part of your final grade.

These learning outcomes are grouped into five competencies:

Competency 1 -- Learning Outcome 1. Students will demonstrate communication competence through an understanding of the foundational communication models.

Competency 2 -- Learning Outcomes 3 and 5. Demonstrate written and oral competencies related to job searches, professional interaction, conflict management, leadership, and performance appraisals. Utilize various professional technologies as they relate to competent communication.

Competency 3 -- Learning Outcomes 4 and 6. Explain essential dyadic and small group processes as they relate to the workplace. Describe how to communicate within diverse or multi-cultural workplaces.

Competency 4 -- Learning Outcome 2. Demonstrate essential public speaking skills in professional presentations. In this course competency, students will create two video presentations to demonstrate effective business communications skills.

Competency 5 — Deliver a persuasive speech presentation with an attached executive summary.

TECHNOLOGY REQUIREMENTS

Browser support

D2L is committed to performing key application testing when new browser versions are released. New and updated functionality is also tested against the latest version of supported browsers. However, due to the frequency of some browser releases, D2L cannot guarantee that each browser version will perform as expected. If you encounter any issues with any of the browser versions listed in the tables below, contact D2L

The syllabus/schedule are subject to change.

Support, who will determine the best course of action for resolution. Reported issues are prioritized by supported browsers and then maintenance browsers.

Supported browsers are the latest or most recent browser versions that are tested against new versions of D2L products. Customers can report problems and receive support for issues. For an optimal experience, D2L recommends using supported browsers with D2L products.

Maintenance browsers are older browser versions that are not tested extensively against new versions of D2L products. Customers can still report problems and receive support for critical issues; however, D2L does not guarantee all issues will be addressed. A maintenance browser becomes officially unsupported after one year.
