COURSE INFORMATION

Materials – Textbooks, Readings, Supplementary Readings

Textbook Required: Perez, M. & Luquis, R. (2013). Cultural Competence in Health Education and Health Promotion (2nd ed.). San Francisco, CA. Josey-Bass Publishers.

Optional Texts and/or Materials: All written assignments are to be submitted in APA format style unless otherwise noted in the assignment directions. All students are encouraged to have a current copy of the APA Publication Manual: *Publication Manual of the American Psychological Association*, (6th ed., 2nd printing).

Course Description

Course Description: "Cultural Competency" is one of public health's primary tools to closing the disparities gap among populations. It encompasses behaviors, attitudes, and policies that are integrated in a system, agency, or group of professionals that enables effective work in cross-cultural settings and situations. While "culture" is commonly associated with race/ethnicity, it encompasses the language, thoughts, communications, actions, customs, beliefs, and values of any social group.

This course will examine both analytical and practical approaches to cultural competency in public health. Concepts, models, frameworks, and communication that

occur in cross-cultural health situations will be discussed, but also the application of these concepts in real interventions and programs.

Student Learning Outcomes

By the end of the course, the successful student should be able to:

- 1. Define key terms and concepts relating to cultural competency, including key theoretical underpinnings of vulnerability and approaches to special populations.
- 2. Explain the role of cultural competency in addressing health disparities and the care of various racial/ethnic groups and vulnerable populations.
- 3. Demonstrate an understanding of the fundamentals of cross-cultural communication, and the planning and delivery of culturally competent health education programs.
- 4. Demonstrate and understanding of health literacy and discuss the relationship between health literacy and cultural competence.

COURSE REQUIREMENTS

Minimal Technical Skills Needed

Students should have a basic knowledge of computer and Internet skills in order to be successful in an online course. Here are some highlights:

- 1. Knowledge of terminology, such as browser, application, URL, etc.
- 2. Understanding of basic computer hardware and software; ability to perform computer operations, such as: managing files and folders: save, name, copy, move, backup, rename, delete, check properties
- 3. Ability to use the learning management system, using Microsoft Word and PowerPoint, using presentation and graphics programs, accessing and navigating sites like YouTube
- 4. Knowledge of copying and pasting, spell-checking, saving files in different formats and sending and downloading attachments
- 5. Internet skills (connecting, accessing, using browsers) and ability to perform online research using various search engines and library databases.
- 6. Ability to use online communication tools, such as email (create, send, receive, reply, print, send/receive attachments), discussion boards (read, search, post, reply, follow threads), chats, etc.

Instructional Methods

We will review the importance and benefits of importance of cultural and linguistic competence in health promotion and health education. Activities include discussions of timely topics, application of knowledge through quizzes and exams.

Student Responsibilities or Tips for Success in the Course

Strong reading and writing skills:

- Most of the material in the online environment will come from your textbooks, discussions, chapter PowerPoints, and videos; therefore, strong reading, writing and critical thinking skills are very important for success in an online course.
- Success in this class will come from independent reading of textbook chapters as well as other assigned material.

Self-motivated and independent learner:

• While online courses can offer more flexibility in scheduling, they require more self-discipline and independence than on-campus courses.

• In the online environment, you have to be able to start and to work on tasks on your own, without someone keeping you focused, and you have to be self-disciplined in order to follow the class schedule and meet deadlines.

Time commitment:

- Online classes take as much time as regular on-campus classes. You need to set aside sufficient time for study. Plan to spend at least as much time working on the assignments and studying as you would with a traditional course.
- Even though you may not have to "be" in class on some specific day and time, you still have to follow the **course schedule** provided. Remember that online classes are not independent study courses; you are still required to "show up" and participate actively (e.g. regularly logging into the course website, actively participating and turning in assignments on time.

Active Learner:

- Online students must be active learners, self-starters who are not shy or afraid to ask questions when they do not understand. Remember that you are in control of your learning process.
- Since I cannot see you, you need to "speak up" right away if you have problems and be as explicit as possible; otherwise there is no way I will know that something is wrong.

GRADING

Final grades in this course will be based on the following scale:

- A 900 1000 points
- B 800 899 points
- C 700 799 points
- D 600 699 points

F

0 - 599 and below

ASSESSMENTS

NOTE: Weekly modules open:

- Monday at 12:00am, and close, Sunday at 11:30pm of the course module!
- All module requirements are due at the close of the course module.
- Please pay close attention to dates in the course schedule.

Introduction Week Graded Content (Syllabus Quiz & Introduction Discussion at 10 points each = 20 points):

• During the introduction week, students will read over the syllabus and complete a syllabus quiz in addition to introducing themselves to the class.

Chapter Readings: Students are expected to read the assigned chapters in the required text for that module.

Section Assignments (5 x 40 points = 200 points):

- Students will complete five (5) assignments consisting of chapter case studies and/or written assignments over chapter material.
- Guidelines for completing each specific assignment are given in the module.

Multi-Cultural Brochure (1 x 100 = 100 points):

- Students will develop an educational tri-fold brochure with their choice of one health disparity from <u>Appendix B (page 313) in the textbook</u>.
- The brochure must be in color and submitted to the course in Module 14.
- Additional details are available under the course content module.

Multicultural Event or Activity (1 x 200 = 200 points):

- Students will attend one activity that relates to a cultural, ethnic, value, or identity issue.
- Students should spend at least 2 hours engaged in the activity/event.
- Students are encouraged to attend an event with a group about which you have the MOST preconceived ideas, and a primary purpose is to experience noticeably being in the minority.
- Past experiences may not be used for this assignment.
 - 1. Provide a **2-page paper**, **single spaced**, **12 font**, **1 inch margins** that discusses why you chose this activity, when it took place, your expectations before the event, your experience through the event, and your reflections of the experience following the event.
 - 2. A portion of the paper should include ways this experience might influence your work and ways in which you can better prepare for interaction within the public health field.
 - Activities may include, but are not limited to, attending a religious service, attending a funeral of another religion, attending a meeting for a campus multicultural organization, or participation in any other activity that may be related to a cultural, ethnic, value, or identity issue different from your own.
 Please note that you must receive prior instructor approval for the event you choose.

Chapter Discussions (4 x 20 = 80 points):

- Students will participate in four (4) discussion forums.
- Students will post a minimum of <u>2</u> posts per discussion thread: one initial post and one response posts to your fellow classmates that further the discussion. Responses should go beyond "I agree" or "I disagree." In your responses, I am looking to see how well you can add to the "conversation." This can be accomplished by offering your interpretation of the course readings and/or from your personal experiences.

• Specific posting guidelines are provided within the module.

Section Exam (4 x 100 points each = 400 points):

- Students will take four (4) section quizzes over material presented in assigned readings (i.e. websites and articles); and textbook chapters.
- Each section exam will consist of multiple-choice questions, true and false matching and/or short answer/essay.
- Each exam will be timed and must be completed within the assigned time frame.

The FINAL section exam is due Sunday, May 3, 2020 by 11:30 pm

TECHNOLOGY REQUIREMENTS

Browser support

D2L is committed to performing key application testing when new browser versions are released. New and updated functionality is also tested against the latest version of supported browsers. However, due to the frequency of some browser releases, D2L cannot guarantee that each browser version will perform as expected. If you encounter any issues with any of the browser versions listed in the tables below, contact D2L Support, who will determine the best course of action for resolution. Reported issues are prioritized by supported browsers and then maintenance browsers.

Supported browsers are the latest or most recent browser versions that are tested against new versions of D2L products. Customers can report problems and receive support for issues. For an optimal experience, D2L recommends using supported browsers with D2L products.

Maintenance browsers are older browser versions that are not tested extensively against new versions of D2L products. Customers can still report problems and receive support for critical issues; however, D2L does not guarantee all issues will be addressed. A maintenance browser becomes officially unsupported after one year.

Note the following:

- Ensure that your browser has JavaScript and Cookies enabled.
- For desktop systems, you must have Adobe Flash Player 10.1 or greater.

• The Brightspace Support features are now optimized for production environments when using the Google Chrome browser, Apple Safari browser, Microsoft Edge browser, Microsoft Internet Explorer browser, and Mozilla Firefox browsers.

Interaction with Instructor Statement

E-mail strategy: You are welcome to email your questions or concerns to me. There are, however, some caveats associated with email that you must remember:

• Do not expect an immediate response to your questions. A reasonable response time to emailed questions is 24 - 48 hours. **

- Questions emailed on weekends may not receive a response until the work week begins.
- As the instructor, I reserve the right to answer emailed questions regarding assignments, tests, discussion boards, etc., in a direct email to everyone for the benefit of all students.
- Please be courteous and professional in all your interactions with me and fellow students.

COURSE AND UNIVERSITY PROCEDURES/POLICIES

Course Specific Procedures/Policies

How is the Course Organized?

• The course is organized by weekly modules. Each module will be formatted similarly including chapter learning objectives, printable power point slides, discussion boards/ assignments and section exams.

What Should Students Do First?

Students should begin by:

- Thoroughly reviewing the syllabus
- Obtain materials (textbooks)
- Familiarizing oneself with the course layout
- Take the syllabus quiz
- Introduce yourself in the Module 1 introduction discussion

How Should Students Proceed Each Week for Class Activities?

- The student will access and follow all course instructions found in the weekly module content areas. The weekly module content area of our course is found on the left navigation bar.
- The student will read chapters and review Power Point section of each week.
- The student will complete all assignments, quizzes, respond to posted online course discussion questions and exams.

Attendance, Late or Missing Course and Extra Credit

- 1. Attendance in class is **required**. If you are unable to attend a class (actively logged in and participating in the online class), please notify me through email.
- 2. It will be very difficult for you to do well in this class if you miss submitting coursework. Please be aware that class participation goes beyond simply logging into this class. Just because you are logged in to the class, does not mean you

are participating. It means active involvement in class discussions, assignments, quizzes and active participation in group activities.

- 3. Make-up of coursework will only be given in very rare circumstances: serious illness with a note from your physician, a death in your family or if you have an officially excused absence while representing the university. If any of these situations occur, you **MUST** email me prior to the module end date.
- 4. Make-ups will only be given if I have been notified prior to the end of the course module to verify your reason for missing coursework. All missed coursework not meeting the criteria for a make-up will be given a grade of 0.
- 5. Extra credit is **NOT** available.

Syllabus Change Policy

The syllabus is a guide. Circumstances and events, such as student progress, may make it necessary for the instructor to modify the syllabus during the semester. Any changes made to the syllabus will be announced in advance.

University Specific Procedures

Student Conduct

All students enrolled at the University shall follow the tenets of common decency and acceptable behavior conducive to a positive learning environment. The Code of Student Conduct is described in detail in the <u>Student Guidebook</u>. <u>http://www.tamuc.edu/Admissions/oneStopShop/undergraduateAdmissions/studentGuidebook.as</u> <u>px</u>
