Course Description

The course is designed to provide students enhanced development opportunities for a broad array of principles, practices, and application skills common to contemporary business and industry. Emphasis on communication practices, techniques, and skills; career and educational building activities; and reading and writing activities related to the literature in the field of study. Students will be expected to participate in course activities, read related literature, conduct research on an assigned topic, and to prepare written documents for evaluation.

Student Learning Outcomes (Should be measurable; observable)

1. Demonstrate an understanding of developing a Plan of Study
2. Identify realistic, well-defined long-term goals and specific short-term objectives for self-improvement
3. Demonstrate the ability to clearly communicate a message to others using electronic mail
4. Demonstrate an understanding of APA style formatting by completing a Book Summary and Research Paper
5. Demonstrate effective communication skills

COURSE REQUIREMENTS

Minimal Technical Skills Needed

Examples include: Using the learning management system, using Microsoft Word and PowerPoint, using presentation and graphics programs, etc.

Instructional Methods

Academic Honesty Policy: Acknowledgement of Academic Honesty Policy.

Plan of Study: Each student will prepare plan of study that will help guide the student in making course scheduling decisions to meet the BAAS graduation requirements by the due date.

Personal Goals & Objectives Plan: Each student will develop a personal plan with measurable goals and objectives by the due date.

Email Etiquette: Each student will respond and reply to a discussion board thread topic and complete an email assignment.

The syllabus/schedule are subject to change.

Change, Creativity and Diversity: Each student will view a brief video, then respond and reply to discussion board thread topics.

Effective Listening: Each student will view a brief video, then respond and reply to a discussion board thread topic.

APA Assignment: Each student will complete a brief paper over an assigned topic that will demonstrate proficiency in citing a variety of references within the paper in APA format.

Book Summary and Turnitin Discussion: Each student is to read the assigned course text and compose a 3 - 4 page summary review of the text. This review will contain an introduction, body, and conclusion. In the conclusion, students are to comment on the merits of the book and personal work experiences. A cover page is required in addition to the page requirements by the due date. In addition, each student will respond and reply to the discussion board thread topic about Turnitin.

Student Responsibilities or Tips for Success in the Course

- Stay active in the course by logging into the course on a regular daily basis.
- Always read every course **announcement** at the top of the course. Feedback for assignments, university announcements, and major department announcements will be posted to this forum. These announcements are placed in your course to help you so please take the time to read and understand each announcement. These announcements are time sensitive so they will only be available for a limited period of time.
- Learn to **proficiently** use the D2L system.

GRADING

Final grades in this course will be based on the following scale:

A = 90%-100%

B = 80%-89%

C = 70%-79%

D = 60%-69%

F = 59% or Below

The syllabus/schedule are subject to change.

TECHNOLOGY REQUIREMENTS

Browser support

D2L is committed to performing key application testing when new browser versions are released. New and updated functionality is also tested against the latest version of supported browsers. However, due to the frequency of some browser releases, D2L cannot guarantee that each browser version will perform as expected. If you encounter any issues with any of the browser versions listed in the tables below, contact D2L Support, who will determine the best course of action for resolution. Reported issues are prioritized by supported browsers and then maintenance browsers.

Supported browsers are the latest or most recent browser versions that are tested against new versions of D2L products. Customers can report problems and receive support for issues. For an optimal experience, D2L recommends using supported browsers with D2L products.

Maintenance browsers are older browser versions that are not tested extensively against new versions of D2L products. Customers can still report problems and receive support for critical issues; however, D2L does not guarantee all issues will be addressed. A maintenance browser becomes officially unsupported after one year.

Note the following:

- Ensure that your browser has JavaScript and Cookies enabled.
- For desktop systems, you must have Adobe Flash Player 10.1 or greater.
- The Brightspace Support features are now optimized for production environments when using the Google Chrome browser, Apple Safari browser, Microsoft Edge browser, Microsoft Internet Explorer browser, and Mozilla Firefox browsers.
