Course Description: This course is designed to examine the physiological and sociological effects of drugs and other harmful substances. Legal and ethical implications will also be considered.

Student Learning Outcomes:

By the end of the course, the successful student should be able to:

1. Examine current scientific information concerning the relationship between drugs and mental and physical health as well as risk-taking behavior.
2. Identify reasons to initiate drug use and why individuals choose to continue using drugs.
3. Explore how dependence occurs, the treatment necessary to break dependence, and how dependence might have been prevented.
4. Survey the historical influence on the drug-oriented society and its bearing on personal drug behavior to include laws that arise related to substance use, misuse, and abuse.
5. Identify alternative highs to drug use highs and how they relate to healthy attitudes and behaviors.
6. Identify factors and examine issues in making responsible choices about drugs (e.g. decision-making, refusal skills).
7. Make a distinction between over-the-counter (OTC) medications, prescription medications, alcohol, tobacco, and a number of illegal drugs.

COURSE REQUIREMENTS

Instructional / Methods / Activities Assessments

We will review many legal and illegal substances commonly used and abused. Activities include discussions of timely topics, application of knowledge through quizzes and exams, and a review of the literature on a substance use and abuse topic.

Assignment 1: E-college Quizzes (16 quizzes = 480 points)

Student Learning Outcomes #1, #2, #3, #4, #5, #6, and #7

1. Examine current scientific information concerning the relationship between drugs and mental and physical health as well as risk-taking behavior.
2. Identify reasons to initiate drug use and why individuals choose to continue using drugs.
3. Explore how dependence occurs, the treatment necessary to break dependence, and how dependence might have been prevented.
4. Survey the historical influence on the drug-oriented society and its bearing on personal drug behavior to include laws that arise related to substance use, misuse, and abuse.
5. Identify alternative highs to drug use highs and how they relate to healthy attitudes and behaviors.
6. Identify factors and examine issues in making responsible choices about drugs (e.g. decision-making, refusal skills).
7. Make a distinction between over-the-counter (OTC) medications, prescription medications, alcohol, tobacco, and a number of illegal drugs.

You will take 16 quizzes over material presented in assigned readings (i.e. websites and articles); the chapters of the book; and lectures. Each quiz will be timed and must be completed within the assigned time frame **(Check your course calendar for due dates)**. The purpose of the quizzes is to ensure that you have the basic knowledge to perform other activities in class such as discussing, researching, and writing about a variety of substances and issues related to them.

Assignment 2: Discussions (6 discussions at 45 points = 270 points)

Student Learning Outcomes #1, #2, #3, #4, #5, #6, and #7

1. Examine current scientific information concerning the relationship between drugs and mental and physical health as well as risk-taking behavior.
2. Identify reasons to initiate drug use and why individuals choose to continue using drugs.
3. Explore how dependence occurs, the treatment necessary to break dependence, and how dependence might have been prevented.

Course Specific Procedures/Policies

Attendance/Lateness, Late Work, Missed Exams and Quizzes and Extra Credit

Syllabus Change Policy

The syllabus is a guide. Circumstances and events, such as student progress, may make it necessary for the instructor to modify the syllabus during the semester. Any changes made to the syllabus will be announced in advance.

- A. **LATE ASSIGNMENTS: Late assignments will NOT be accepted.** All assignments are due at midnight on the date they are due. It is the responsibility of the student to complete assignments prior to the due date.

- B. An “**EXCUSED ABSENCE**” is defined as a documented university approved activity. The instructor reserves the right to change the content or format of all make-up work. The student is responsible for making up missed work.
If the absence is one of the reasons listed below, you will be able to make up the work. To reserve this right, you **MUST** provide written documentation on the day of your return to class (a copy that I can keep). Please notify me ahead of time if you know you will be absent.
 - *Participation in an activity appearing on the University’s authorized activity list.
 - *Death or major illness in a student’s immediate family.
 - *Illness of a dependent family member
 - *Participation in legal proceedings or administrative procedures that require a student’s presence.
 - *Religious Holy Day
 - *Illness that is too severe or contagious for the student to attend class (to be determined by Health Center or off campus physician).
 - *Required participation in military duty

- C. **Any student missing an exam or assignment without prior arrangement will receive a score of zero.**

- D. You MUST check your e-mail regularly in case I need to communicate with you. I will not e-mail you junk, and I request that you do the same for me. You may only use your university email. No private email addresses will be included in the group message system.

University Specific Procedures
