Description

The purpose of EDAD 618: Leading the School Community online course is to gain an understanding of the Texas Leadership Standards by focusing on real world issues and tasks. Scenarios, case studies, and testing strategies will assist the student in the preparation for taking the Texas Superintendent Certification exam: 195.

Prerequisite: Principal certification and admission into the superintendent certification or doctoral program.

EDAD 620, EDAD 627, EDAD 651, EDAD 611, and EDAD 628.

The TExES Competencies for the Superintendent Certificate will be presented in three domains:

- Leadership of the Education Community
- Instructional Leadership
- Administrative Leadership

Student Learning Outcomes

This superintendent course provides opportunities to work with administrators and other student in the pursuit of learning school administration. This capstone course will afford the student the opportunity to enhance her/his knowledge and experiences, the opportunity to strengthen his or her qualifications, and the opportunity to prepare for the superintendent certification test. The student should be able to:

1. Demonstrate administrative skills, techniques, and theory by examining and evaluating case studies.
2. Identify leadership styles that will affect administration of a school district.

3. Identify the components of vision statement and the methods of vision casting.
4. Reveal their organization understanding and develop a professional action plan.
5. Identify test taking strategies and demonstrate these strategies by taking the superintendent practice test and enrolling to take the Texas Education Agency Superintendent Certification Test.
6. Identify the components of a district improvement plan and illustrate the plans development and implementation.
7. Identify the elements of AEIS Reports and demonstrate usage of this information.
8. Explain the elements of communication and collaboration and state how these are integrally important to the administration of a school district.
9. Demonstrate the ability to conduct a self-assessment and identify one's strengths and weaknesses.
10. Demonstrate the ability to identify the Standards of Leadership and the Competencies for each standard.

The content of the course will be organized to develop The Superintendent as CEO of a Learning Organization.

COURSE REQUIREMENTS

The student will access and follow all course instruction found in the units, which are located in the content area of the eCollege course. Additionally, the student will attend designated face-to-face meetings. Assignments are to be learning experiences for the students. As a graduate level course, the instructor expects quality work from each student. This work should be supported by adequate preparation and involvement. Learning will be achieved through readings, assignments, group interaction, and class participation. This course is made up of a series of assignments and assessments to assist you in achieving the course learning outcomes. Students are expected to weekly work on various combinations of assignments, activities, discussions, readings, projects, and class interaction. Evaluation will be based upon successful completion of each of the performance expectations.

Course Topics

As an overview, the course will cover these topics.

Domain I — Leadership of the Educational Community

Competency 001: The superintendent knows how to act with integrity, fairness and in an ethical manner in order to promote the success of all students.

Competency 002: The superintendent knows how to shape district culture by facilitating the development, articulation, implementation and stewardship of a vision of learning that is shared and supported by the educational community.

Competency 003: The superintendent knows how to communicate and collaborate with families and community members, respond to diverse community interests and needs and mobilize community resources to ensure educational success for all students.

Competency 004: The superintendent knows how to respond to and influence the larger political, social, economic, legal and cultural context, including working with the board of trustees, to achieve the district's educational vision.

Domain II – Instructional Leadership

Competency 005: The superintendent knows how to facilitate the planning and implementation of strategic plans that enhance teaching and learning; ensure alignment among curriculum, curriculum resources and assessment; use the current accountability system; and promote the use of varied assessments to measure student performance.

COURSE REQUIREMENTS

Minimal Technical Skills Needed

Students are expected to navigate through D2L learning management system, use Microsoft Word and PowerPoint, and utilize computer software skills for use in presentation, graphics programs, and communication.

Browser support

D2L is committed to performing key application testing when new browser versions are released. New and updated functionality is also tested against the latest version of supported browsers. However, due to the frequency of some browser releases, D2L cannot guarantee that each browser version will perform as expected. If you encounter any issues with any of the browser versions listed in the tables below, contact D2L Support, who will determine the best course of action for resolution. Reported issues are prioritized by supported browsers and then maintenance browsers.

Supported browsers are the latest or most recent browser versions that are tested against new versions of D2L products. Customers can report problems and receive support for issues. For an optimal experience, D2L recommends using supported browsers with D2L products.

Maintenance browsers are older browser versions that are not tested extensively against new versions of D2L products. Customers can still report problems and receive support for critical issues; however, D2L does not guarantee all issues will be addressed. A maintenance browser becomes officially unsupported after one year.

Note the following:

- Ensure that your browser has JavaScript and Cookies enabled.
- For desktop systems, you must have Adobe Flash Player 10.1 or greater.
- The Brightspace Support features are now optimized for production environments when using the Google Chrome browser, Apple Safari browser, Microsoft Edge browser, Microsoft Internet Explorer browser, and Mozilla Firefox browsers.
