**Course Requirements:**

**Class Participation, Group/ Homework Activities, Quizzes**

The student will participate in several class, group, and homework activities (including quizzes) throughout the semester. Some will be graded, and some will not. Student participation will be averaged into this category. All attendance and activities will be worth 250 points (or **25% of your final grade**).

Student groups will create a detailed analysis of a sport skill (approved by the instructor). Many more details will be given regarding this assignment. **(20% of your grade)**

**Laboratory Experiences:**

**You must attend all labs.** All lab write-ups are required and are due at the beginning of the next lab. One of our departmental graduate assistants will conduct labs and grade all lab write-ups. Laboratory write-ups will consist of **25% of your final grade in lecture.**

**TECHNOLOGY REQUIREMENTS****Browser support**

D2L is committed to performing key application testing when new browser versions are released. New and updated functionality is also tested against the latest version of supported browsers. However, due to the frequency of some browser releases, D2L cannot guarantee that each browser version will perform as expected. If you encounter any issues with any of the browser versions listed in the tables below, contact D2L Support, who will determine the best course of action for resolution. Reported issues are prioritized by supported browsers and then maintenance browsers.

Supported browsers are the latest or most recent browser versions that are tested against new versions of D2L products. Customers can report problems and receive support for issues. For an optimal experience, D2L recommends using supported browsers with D2L products.

Maintenance browsers are older browser versions that are not tested extensively against new versions of D2L products. Customers can still report problems and receive support for critical issues; however, D2L does not guarantee all issues will be addressed. A maintenance browser becomes officially unsupported after one year.

Note the following:

- For desktop systems, you must have Adobe Flash Player 10.1 or greater.
