Office Location: 233D AGIT

Office Phone: 903-886-5676

Communication Response Time: 48 hours

COURSE INFORMATION

Materials:

All required material will be provided as handouts in PDF format including extension publications, popular press articles, and lecture notes created by me. Also, Dr. Jeffrey Stevenson, Professor of Animal Science at Kansas State University, has graciously provided me with and given permission to materials that he uses in a dairy science class taught at Kansas State University. I would like to thank him and those before him that put this material together.

This manual has been used by thousands of students at Kansas State University during the past 35 years. It contains numerous contributions by current and former faculty including Drs. Edward P. Call, J. Richard Dunham, Charles L. Norton, James L. Morrill, and John E. Shirley. As current instructor, I thank my predecessors for their contributions and trust that the reader will find enjoyment by learning more about the magic and wonder of the U.S. dairy cow and the dairy industry.

J. S. Stevenson

Textbook(s) Required

No textbook is required.

The following is the textbook I will use for this course and much of its outline and material. If you would like a recommended or supplemental textbook for this course I suggest the following:

Course Overview

This course is 4.5 weeks in duration beginning June 1st and ending July 2nd. This is a tentative schedule.

1. Week 1 (June 1st-June 8th)
 - a. Dairy Industry Introduction and Overview
2. Week 2 (June 9th – June 15th)
 - a. Genetics and Nutrition
3. Week 3 (June 16th – June 22nd)
 - a. Management
4. Week 4 (June 23rd – June 29th)
 - a. Lactation
5. Week 5 (June 30th – July 3rd)
 - a. Wrap up and finalize course

For Each Week:

Each week will have the same format and contain the following heading or subheadings: **Due date will always be either Monday night or Friday night!**

1. Topic Assignment
2. KSU handout
3. Current topic
4. 2 Discussion posts (due **Monday** night)
5. 4 Discussion post responses (due **Friday** night)
6. Question and Answer
7. Quiz (due **Monday** night)

Topic Assignments

A pdf file will be available for each topic (4 topics/week)!! In the file you will get assignment and instructions for the topic which will include at the beginning the objectives or ideas that you should focus on. Each topic will be either power point lecture notes, an article or reading assignment, homework assignment etc.

The syllabus/schedule are subject to change.

KSU Handout

The assignment will reference this handout and what and where the information will be covered.

Current Topic

A short 2-3 page paper will be provided from a current dairy publication. You are expected to read that each week.

Discussion Post

There will be 2 discussion topics per week.

1. You must post an original or primary response to each topic (there will be 2 each week) by **Monday at 11:59 P.M.** of that week (unless directed otherwise). The original posts will be worth 20 pts each.
2. You must respond or comment to **2 other students'/instructor posts for each topic by Friday 11:59 P.M.** (4 total) of the following week. Each response to an original post will be worth 15 points for a total of 60 per week.
3. I am looking for posts that are engaging and show effort and thought. I am thinking 3-4 sentences but there is no limit. For example, posts will be graded according to the following:
 - a. Does the post show thought and understanding of an idea or concept that will allow others to further elaborate and become more connected with the subject?
 - b. Does the post raise an alternative viewpoint or insight that is different or unique that allows others to think of an idea or principle in a different way.

Posts that appear to show lack of effort or thought will result in partial or no credit.

Discussion Post Rules

- i. If needed I may suggest or ask you to alter a post that is inappropriate or inadequate in order to enhance the learning experience. In addition, I may also add a post or respond to other post to contribute to the discussion.
- ii. Remember to be civil and cordial to others and their opinions. It is OK to disagree or provide an alternative view but it can be done in a positive manner that is not personal or combative. If needed I reserve the right to take action against posts that I

The syllabus/schedule are subject to change.

deem inappropriate including removal of the post, loss of points, and/or up to removal from the class.

Question and Answer

If you have any questions concerning the material, concepts, or anything else concerning the class enter your post in this section. Send me an email that you submitted the question and I'll respond. This way others may benefit and I don't have to repeat the answer quite as often.

Quiz

An online quiz will be available each week over the material for that week and will be due **Monday @ 11:59 P.M.** of the following week.

Quiz 1: Due June 8th
Quiz 2: Due June 15th
Quiz 3: Due June 22nd
Quiz 4: Due June 29th

Exams

Three exams will be given through the course. It will be a blend of online and take home. The first exam will cover the sections 1-2, the second exam will cover sections 3-4, and the last exam section 5 and maybe comprehensive.

Exam 1 = June 13th
Exam 2 = June 27th
Exam 3 = July 3rd

Student Responsibilities or Tips for Success in the Course

Keep in mind that this is a 3 semester hour course that we are going to cover in 5 weeks or about a 1/3 of the time it would be covered in a regular 15 week fall/spring semester. I will keep try and stay aware of not giving you a bunch of busy work that is going to take up your time. I will however try and let you know what the expectations are and what I really think you should know. And you need to read, study, and ponder to commit to memory what you are learning.

GRADING

Final grades in this course will be based on the following scale:

A = 90%-100%

B = 80%-89%

C = 70%-79%

D = 60%-69%

F = 59% or Below

TECHNOLOGY REQUIREMENTS

Browser support

D2L is committed to performing key application testing when new browser versions are released. New and updated functionality is also tested against the latest version of supported browsers. However, due to the frequency of some browser releases, D2L cannot guarantee that each browser version will perform as expected. If you encounter any issues with any of the browser versions listed in the tables below, contact D2L Support, who will determine the best course of action for resolution. Reported issues are prioritized by supported browsers and then maintenance browsers.

Supported browsers are the latest or most recent browser versions that are tested against new versions of D2L products. Customers can report problems and receive support for issues. For an optimal experience, D2L recommends using supported browsers with D2L products.

Maintenance browsers are older browser versions that are not tested extensively against new versions of D2L products. Customers can still report problems and receive support for critical issues; however, D2L does not guarantee all issues will be addressed. A maintenance browser becomes officially unsupported after one year.

Note the following:

The syllabus/schedule are subject to change.

- Ensure that your browser has JavaScript and Cookies enabled.
- For desktop systems, you must have Adobe Flash Player 10.1 or greater.
- The Brightspace Support features are now optimized for production environments when using the Google Chrome browser, Apple Safari browser, Microsoft Edge browser, Microsoft Internet Explorer browser, and Mozilla Firefox browsers.
