Welcome to MKT 420.01W, Fall 2020. First of all, I want to say I am excited to be getting ready to be back at school. I realize that the world is definitely a different place than it was a year ago, but we won't allow that to affect your learning experience. I have taught this course in both the online and face to face format many times and I don't anticipate any disruptions to your learning experience. If you do have any questions or concerns, feel free to contact me directly.

Thanks

Important Facts to Remember:

1.) There is a plan. Although lots of things have changed in how school works now, nothing has really changed in how this online class is structured. It has been offered online for many years so I don't anticipate any major changes in the normal functioning of this course at all.

2.) If you do have a need to be on campus for any reason, the university is committed to social distancing and use of face-coverings to keep the campus community safe.

3.) Please feel free to contact me directly with any questions or concerns.

When

“A&M-Commerce requires the use of face-coverings in all instructional and research classrooms/laboratories. Exceptions may be made by faculty where warranted. Faculty have management over their classrooms. Students not using face-coverings can be required to leave class. Repetitive refusal to comply can be reported to the Office of Students’ Rights and Responsibilities as a violation of the student Code of Conduct. “

“Students should not attend class when ill or after exposure to anyone with a communicable illness. Communicate such instances directly with your instructor. Faculty will work to support the student getting access to missed content or completing missed assignments.”

Materials – Text

International Marketing, 11 Ed., by Terpstra, Foley and Sarathy (Naper Publishing Group, 2016). *The ISBN is 978-0-9817293-8-1.* The text is absolutely essential to succeeding in this course.

Course Description

International marketing is the application of marketing principles in more than one country, by companies overseas or across national borders. International marketing is based on an extension of a company’s local market strategy, with special attention paid to market identification, targeting and decisions internationally. This course provides coverage of a broad survey of international trade for imports and exports. Adaptation to different cultures and ethics for global competition in US markets are extensively analyzed. Prerequisites: MKT 306, ECO 2301 and ECO 2302, junior standing.

Goals / Rationale of the course:

- Students will learn international marketing concepts and demonstrate mastery on exams.
- Students will apply international marketing concepts through case analysis, a global citizenship journal and a team marketing plan.
- Students will create an ePortfolio or update their current ePortfolio with an artifact from this class to demonstrate global competence. Use link below for information. http://www.tamuc.edu/aboutus/administrativeOffices/studentAccessAndSuccess/QualityEnhancementPlan/QEP_Components/eportfolio.aspx
- The course is organized with weekly assignments. Exams will be grouped in three modules: CH 1-5; CH 6-10; and CH 11-15.

Course Outcomes/Objectives

This course aims to introduce marketing planning and strategies for foreign environments: cultural, political and economic factors affecting the international marketer, multi-national corporation and multinational market groups. At the conclusion of the course students will be able to:

1. Demonstrate understanding of global marketing environments, including cultural, political, economic and technological factors.
2. Evaluate viability of international markets, focusing on various ways to enter new markets.
3. Demonstrate knowledge of the interconnectedness of global dynamics (issues, processes, trends and systems).
4. Apply knowledge of the interconnectedness of global dynamics through market targeting and developing a marketing mix for a specific international market.
5. View themselves as engaged citizens within an interconnected and diverse world.

COURSE REQUIREMENTS

Activities / Assessments

This course is made up of a series of assignments and assessments to assist you in achieving the course and module learning objectives/outcomes. Each week you will work on various combinations of lectures, assignments, activities, discussions, readings, research, etc. found in the course schedule.

Exams: (45% of total course grade)

Closed book exams will cover the required textbook reading and the content of the online lectures. Complete the exams online by accessing the exam tool. The exams will be timed and grades made available to students following the submission of the exam. If you lose Internet connectivity during the exam, log back in immediately and continue on with the exam. Save your answers often (every 5-10 minutes). If you experience any issues while taking the exam, you must contact the Help desk immediately so that your issue is documented with a helpdesk ticket number. Considerations regarding exam issues will be made by the instructor on an individual basis based on the documentation.

3 Exams consist of 50 multiple-choice questions each, with 65 minutes allowed to complete each exam. Only one question will appear at a time and must be answered before continuing to the next question. You will not be able to go back so some time management skill is required. Exams are closed book and individual. That means using your book or notes, or working with another student is considered cheating and is grounds for an F in the course.

Assignments (55% of total course grade)

The first assignment type is Global Citizen Journal assignments that will be kept in the Journal icon on the course website. There are four short (**three to four fully developed paragraphs**) essays. This is worth **15% of your grade**.

The second assignment type will be a case analysis to apply the readings to a specific situation. There are discussion questions to guide you with the case analysis. This is worth **10% of your grade**.

The team project will be the third assignment type and will begin during Week 6. You will be assigned a team of 4 or 5 students to develop a marketing plan to introduce a new product in a different country. Your team will choose a country and product to develop a plan that fits the demographics, culture, needs, political and governmental situation/ constraints. **The assignment is worth 30% of your grade.**

Assessment Method: Papers will be graded on the comprehensiveness of the assignment (i.e. covering every element in the assignment), quality of research (using appropriate sources, objective sources), thoroughness of research (quantity of sources), quality of writing, incorporation of marketing terms and concepts in the paper, and originality of your recommendation.

Extra Credit (up to 5% of your final grade)

This is a Global Course, and I want to encourage all students to apply for Global Scholar status (if you began as a Freshman at TAMUC) or Global Learner status (if you transferred to TAMUC). Participation in Global Events is one of the requirements for Global Scholar and Global Learner. You may earn extra credit points for participating and writing a brief reflection for your ePortfolio. I will have a list of appropriate activities, both on campus, and in the DFW area. If you live away from campus or DFW, you may find activities in your hometown that also qualify. Both extra credit opportunities must be submitted to the ePortfolio to be counted.

NEW LEARNING MANAGEMENT SYSTEM (LMS) AND LOG-IN:

Effective Fall, 2018, a new LMS will fully replace eCollege. Preferred browser for D2L: Firefox or Chrome. To get started, you will need your campus-wide ID (CWID) and password to log into the course. Log-in to myLeo student portal and from the top menu ribbon select Apps (2nd tab). Scroll down and click on MyLeo Online D2L. If you do not know your CWID or have forgotten your password, contact the Center for IT Excellence (CITE) at (903) 468-6000 or helpdesk@tamuc.edu.

Alternatively, use the new [myLeo Online](https://myleonline.tamuc.edu/d2l/login) URL (https://myleonline.tamuc.edu/d2l/login). You will login to the new myLeo Online system using your CWID and password, just like you would login to the student portal [to get into eCollege]. If you have not already done so, please go ahead and test your login to the system and report any problems to the e-mail listed below.

Once you are logged-in your D2L account, scroll to the bottom to find “My Courses.” If you have trouble logging in your myLeo Online, please e-mail Project.Nova@tamuc.edu immediately. If you have other technical difficulties with accessing your course once the semester has started, please use the Support Widget on the myLeo Online homepage to contact D2L Support. They'll be happy to help you!

You are also enrolled in the [myLeo Online Student Resources course](https://myleonline.tamuc.edu/d2l/home/6779) (https://myleonline.tamuc.edu/d2l/home/6779) that has been created as a brief orientation to the new system. Once you are logged in, click on the course selector icon at the top middle to access your course from the drop down menu.

I realize that the use of the new LMS will be challenging to both students and instructors. We just need to be patient with the learning process. Obviously, there is a learning curve associated with the new platform.

Students who encounter other technical problems can also contact our HelpDesk, available 24 hours a day, seven days a week. The HelpDesk can be reached by calling at (903) 468-6000.

Browser support

D2L is committed to performing key application testing when new browser versions are released. New and updated functionality is also tested against the latest version of supported browsers. However, due to the frequency of some browser releases, D2L cannot guarantee that each browser version will perform as expected. If you encounter any issues with any of the browser versions listed in the tables below, contact D2L Support, who will determine the best course of action for resolution. Reported issues are prioritized by supported browsers and then maintenance browsers.

Supported browsers are the latest or most recent browser versions that are tested against new versions of D2L products. Customers can report problems and receive support for issues. For an optimal experience, D2L recommends using supported browsers with D2L products.

Maintenance browsers are older browser versions that are not tested extensively against new versions of D2L products. Customers can still report problems and receive support for critical issues; however, D2L does not guarantee all issues will be addressed.
