COURSE DESCRIPTION AND OUTCOMES

Through the careful study of artworks and art historical texts, students will be engaged in an extended, historically-based examination of the development of public art across the US and abroad in the contemporary landscape. Not only will students read seminal and important works that have shaped public art history, but students will imagine the construction of a piece of public art. Additionally, students are going to research public art organizations and spaces to see different types of opportunities to pursue public projects.

COURSE OBJECTIVES

- discuss and explain historically significant works of public art, with emphasis on works that are site-specific as well as ignited controversy
- become acquainted with the characteristic features of public art, in particular, what distinguishes it from other types of art
- learn to analyze the relationships among content, context, and style
- analyze and discuss significant theoretical and art historical texts
- develop research skills
- enhance visual literacy and critical thinking skills

ASSESSMENT

Students' ability to meet the course objectives and learning outcomes will be evaluated by written assignments, class participation in original posts as well as engaging in discussion threads, research projects, and written responses to experiences.

Note: Personal computer problems do not excuse the requirement to complete all course work in a timely and satisfactory manner. Each student needs to have a backup method to deal with these inevitable problems. These methods might include the availability of a backup PC at home or work, the temporary use of a computer at a friend's home, the school or local library, office service companies, an Internet cafe, or a bookstore, such as Barnes & Noble, etc.

WORKLOAD:

The rule of thumb for time required for course study and preparation each week for a face-to-face class or an online course during the spring and fall semesters is three times the number of credit hours (or 9 hours per week) for the course. If you find yourself unable to complete course requirements in a timely manner, refer to the University's withdrawal policy and the appropriate dates. Incomplete grades are only granted for extreme emergencies. Being "overloaded" either from other class assignments or job commitments are not considered to be emergency situations.

SYLLABUS CHANGE POLICY

The syllabus is a guide. Circumstances and events, such as student progress, may make it necessary for the instructor to modify the syllabus during the semester. Any changes made to the syllabus will be announced in advance.

NONDISCRIMINATION NOTICE

Texas A&M University-Commerce will comply in the classroom, and in online courses, with all federal and state laws prohibiting discrimination and related retaliation on the basis of race, color, religion, sex, national origin, disability, age, genetic information or veteran status. Further, an environment free from discrimination on the basis of sexual orientation, gender identity, or gender expression will be maintained.

HANDING IN ASSIGNMENTS

Each assignment must be uploaded on time. For each class day late, the grade will be deducted. **Assignments will NOT be accepted over ONE week late.**

FORMATTING

All written assignments must be typed using the following guidelines: 12 pt. Times New Roman font, 1" margins, double-spaced, with page numbers. Failure to format properly will result in a lower grade. Artwork titles **MUST** be italicized.

UNIVERSITY'S PANDEMIC RESPONSE

"A&M-Commerce requires the use of face-coverings in all instructional and research classrooms/laboratories. Exceptions may be made by faculty where warranted. Faculty have management over their classrooms. Students not using face-coverings can be required to leave class. Repetitive refusal to comply can be reported to the Office of Students' Rights and Responsibilities as a violation of the student Code of Conduct. "

"Students should not attend class when ill or after exposure to anyone with a communicable illness. Communicate such instances directly with your instructor. Faculty will work to support the student getting access to missed content or completing missed assignments."

All students enrolled at the University shall follow the tenet of common decency and acceptable behavior conducive to a positive learning environment (See Student's Guide Handbook, Policies and Procedures, Conduct).

All students must show respect toward the instructor and the instructor's syllabus, presentations, assignments, and point of view. Students should respect each others' differences. If the instructor determines that a student is not being respectful towards other students or the instructor, it is the instructor's prerogative to ask the student to leave, to refer the student to the department head, and to consider referring the student to the Dean of Students who may consider requiring the student to drop the course. Please refer to pages 42 – 46 of the Texas A&M University-commerce Student guidebook's Codes of Conduct for details.

Academic Dishonesty: There is **no tolerance** for any kind of academic dishonesty in this course. This includes, but is not limited to, plagiarism, cheating on exams, theft of instructional material or exams, representing the work of someone else as one's own, and misrepresenting absences. Academic dishonesty is a severe transgression and may result in referral to the Dean of Students, expulsion from class and/or the University, and a failing grade.

It is the student's responsibility to:

1. research and write their own papers
2. give proper credit through documentation when using words or ideas of others
3. rely on their own knowledge when taking tests
4. refuse to give another student the opportunity to be dishonest
