

## **BUSA 532 – Data Warehouse**

Spring 2021

### **INSTRUCTOR INFORMATION**

<b>Instructor:</b>	Son Bui
<b>Office Location:</b>	virtual office - <a href="https://connect.tamuc.edu/virtual-office">connect.tamuc.edu/virtual-office</a>
<b>Office Hours:</b>	11:00 am – 1:00 pm Tue, Wed, and Thu
<b>Office Phone:</b>	903-886-5692
<b>Office Fax:</b>	903-886-5693
<b>University Email Address:</b>	<a href="mailto:son.bui@tamuc.edu">son.bui@tamuc.edu</a>
<b>Preferred Form of Communication:</b>	email
<b>Communication Response Time:</b>	within 24 hours

### **COVID-19 RELATED INFORMATION**

A&M-Commerce requires the use of face-coverings in all instructional and research classrooms/laboratories. Exceptions may be made by faculty where warranted. Faculty have management over their classrooms. Students not using face-coverings can be required to leave class. Repetitive refusal to comply can be reported to the Office of Students' Rights and Responsibilities as a violation of the student Code of Conduct.

Students should not attend class when ill or after exposure to anyone with a communicable illness. Communicate such instances directly with your instructor. Faculty will work to support the student getting access to missed content or completing missed assignments.

### **COURSE INFORMATION**

**ISBN:** 9780470462072 - Data Warehousing Fundamentals: A Comprehensive Guide for IT Professionals (2nd Edition).

*The syllabus/schedule are subject to change.*

**ISBN:** 9780471200246 - The Data Warehouse Toolkit: The Complete Guide to Dimensional Modeling (2nd Edition)

**Access to SQL Server 2019.** Instructions to access to SQL Server 2019 can be found in first week learning material folder in D2L.

**Access to Tableau and Artificial Intelligence – Machine Learning software.** Instructions to install Tableau and Artificial Intelligence – Machine Learning software can be found in last week learning material folder in D2L.

## Course Description

In this course, you will develop and gain an understanding of the principles, concepts, functions and uses of data warehouses, data modeling and data mining in business.

## Learning Outcomes

This course covers the fundamentals of data warehousing architecture and the issues involved in how IT tools and techniques can allow managers to extract analytics and patterns from numeric data. Specific topics covered include the logical design of a data warehouse, the data staging area and extract-transform-load processing, the use of multi-dimensional analysis using OLAP techniques, and other techniques. The course will explore how to support informed decision making and extract predictive analytics and patterns from nonnumeric data by leveraging tools and techniques to analyze unstructured data. Other big data topics such as Tableau and Hadoop/MapReduce are also introduced to further train students with current skills and knowledge.

## Student Learning Outcomes

Upon successful completion of the course, the student should be able to:

1. Differentiate the components of a data warehouse.
2. Construct a multi-dimensional data warehouse.
3. Use a data warehouse to provide solutions for business problems.

## COURSE REQUIREMENTS

### Minimal Technical Skills Needed

Experience in using SQL. If you want to refresh your SQL skills, it is recommended to check out SQL Tutorial from W3School: <https://www.w3schools.com/sql/>

Please note that completion the SQL training is optional, and there is no credit assigned for completion the training.

### Instructional Methods

Each week learning materials are opened on Monday at 12:00 am in D2L. Weekly lecture will be conducted in class based on class schedule. Students are required to participate in class discussion, and complete multiple assignments and exams throughout the whole semester.

### Student Responsibilities/Tips for Success in the Course

1. Students are expected to:
  - a. Read text assignments as scheduled
  - b. Watch tutorial videos as scheduled
  - c. Work the homework assignments independently. Submit the homework assignments in the appropriate D2L assignment submission folder.
2. This syllabus is tentative for the semester. Certain topics maybe stressed more or less than indicated in schedule. Depend on class progress, certain topics may be omitted or added.
3. Homework assignments are graded bi-weekly. **Many assignment solutions are not posted in D2L. Instead, detail assignment walkthroughs are provided during online class discussion.** It is highly recommended for students to attend the online meeting to ask questions.
4. Feel free to ask questions through email or during online discussion. I am accessible 24/7 through these channels even during weekends or holidays. You can ask any questions related to course topics, assignments, and exams and I try to answer them within few hours (maximum 24 hours). In online discussion, you can also try to answer others' questions. But you are expected to maintain etiquette and decency in your responses.
5. Behavior: "All students enrolled at the University shall follow the tenets of common decency and acceptable behavior conducive to a positive learning environment." (See Student's Guide Book). During your collaboration with me and your fellow students online or in class, professionalism and respect will be expected. I

*The syllabus/schedule are subject to change.*

encourage you to assist one another, but always respect one another's opinion and communicate professionally with each other and with me.

6. **Any form of cheating – copying, sharing files, submitting the work of another as your own – is not permitted.** Students who participate (as givers/receivers) in any form of cheating will fail the course.
7. Attendance Policy: regular attendance will be taken. There is no penalty for absence but opportunity for any grace points based on class participation will be lost if there is too much absence. You are yourself responsible for getting class notes from friends for missed classes due to unavoidable circumstances. However, assignments and tests have corresponding due dates which will not be extended for your personal excuses.

## GRADING

Final grades in this course will be based on the following scale:

- A = 90%-100%
- B = 80%-89%
- C = 70%-79%
- D = 60%-69%
- F = 59% or Below

Assignments/Projects	Percentage
Application Assignments	40%
Midterm Exam	30%
Final Exam	30%

## Assessments

**Exams:** There will be 2 exams during the semester. Each exam will be counted as 30% of your final grade. **These exams will be open-book, open-note, and open-internet. However, they are not open-neighbor, and you can't discuss with your friends including people who are and aren't taking the class. No late exams will be accepted.**

**Application Assignments:** You will have 10 assignments that help you to master materials in class. Each assignment will be graded separately, but only the best 9

*The syllabus/schedule are subject to change.*

assignment scores will be used to calculate for your final grade. In addition, assignment 11 is the bonus assignment that will give you bonus credit toward your application assignment. These application assignments will be counted as 40% of your final grade. **Late assignments are highly discouraged. For each day an assignment is late it will be deducted 10%. Under NO circumstances will I accept an assignment more than a week late.**

**Certification:** In a competitive environment, businesses are always looking for certified and skilled professionals. There is no better way to show this than to earn a new well-regarded certification. As such, the class will encourage you to take the following certifications for future career. **Please keep in mind that earning a certification is totally optional activities. It is not necessary to get a good grade for the class. The class might cover a certain portion of the exam, but it rests in your hand to prepare thoroughly for the exam. All the learning materials and exam fees are your responsibility. Please do not email me to ask for learning materials. Copy of your certification must be emailed before the last day of class to earn credits:**

- Microsoft Certified Solutions Associate (MCSA) SQL 2016 BI Development: automatically pass the class with an 'A' grade
- Tableau Desktop Specialist: bonus 5% toward final grade

## TECHNOLOGY REQUIREMENTS

### LMS

All course sections offered by Texas A&M University-Commerce have a corresponding course shell in the myLeo Online Learning Management System (LMS). Below are technical requirements

LMS Requirements:

<https://community.brightspace.com/s/article/Brightspace-Platform-Requirements>

LMS Browser Support:

[https://documentation.brightspace.com/EN/brightspace/requirements/all/browser\\_support.htm](https://documentation.brightspace.com/EN/brightspace/requirements/all/browser_support.htm)

YouSeeU Virtual Classroom Requirements:

<https://support.youseeu.com/hc/en-us/articles/115007031107-Basic-System-Requirements>

## ACCESS AND NAVIGATION

You will need your campus-wide ID (CWID) and password to log into the course. If you do not know your CWID or have forgotten your password, contact the Center for IT Excellence (CITE) at 903.468.6000 or [helpdesk@tamuc.edu](mailto:helpdesk@tamuc.edu).

*The syllabus/schedule are subject to change.*

**Note:** Personal computer and internet connection problems do not excuse the requirement to complete all course work in a timely and satisfactory manner. Each student needs to have a backup method to deal with these inevitable problems. These methods might include the availability of a backup PC at home or work, the temporary use of a computer at a friend's home, the local library, office service companies, Starbucks, a TAMUC campus open computer lab, etc.

## COMMUNICATION AND SUPPORT

If you have any questions or are having difficulties with the course material, please contact your Instructor.

### Technical Support

If you are having technical difficulty with any part of Brightspace, please contact Brightspace Technical Support at 1-877-325-7778. Other support options can be found here:

<https://community.brightspace.com/support/s/contactsupport>

### Interaction with Instructor Statement

I generally response to students' questions in a few hours (maximum 24 hours), and feedback on assignments is provided bi-weekly.

## COURSE AND UNIVERSITY PROCEDURES/POLICIES

### Course Specific Procedures/Policies

**Missed homework assignment will result in 0 points while missing the exams will results in grade 'F'. There will be no make-up exam, or make-up assignment.** No late exam will be accepted. Late assignments are highly discouraged. For each day an assignment is late it will be deducted 10%. Under NO circumstances will I accept an assignment more than a week late.

Regular attendance will be taken. There is no penalty for absence but opportunity for any grace points based on class participation will lost if there is too much absence. You are yourself responsible for getting class notes from friends for missed classes due to unavoidable circumstances. However, assignments and tests have corresponding due dates which will not be extended for your personal excuses.

*The syllabus/schedule are subject to change.*

## **Syllabus Change Policy**

The syllabus is a guide. Circumstances and events, such as student progress, may make it necessary for the instructor to modify the syllabus during the semester. Any changes made to the syllabus will be announced in advance.

## **University Specific Procedures**

### **Student Conduct**

All students enrolled at the University shall follow the tenets of common decency and acceptable behavior conducive to a positive learning environment. The Code of Student Conduct is described in detail in the [Student Guidebook](http://www.tamuc.edu/Admissions/oneStopShop/undergraduateAdmissions/studentGuidebook.aspx).  
<http://www.tamuc.edu/Admissions/oneStopShop/undergraduateAdmissions/studentGuidebook.aspx>

Students should also consult the Rules of Netiquette for more information regarding how to interact with students in an online forum:  
<https://www.britannica.com/topic/netiquette>

### **TAMUC Attendance**

For more information about the attendance policy please visit the [Attendance](#) webpage and [Procedure 13.99.99.R0.01](#).  
<http://www.tamuc.edu/admissions/registrar/generalInformation/attendance.aspx>  
<http://www.tamuc.edu/aboutUs/policiesProceduresStandardsStatements/rulesProcedures/13students/academic/13.99.99.R0.01.pdf>

### **Academic Integrity**

Students at Texas A&M University-Commerce are expected to maintain high standards of integrity and honesty in all of their scholastic work. For more details and the definition of academic dishonesty see the following procedures:

[Undergraduate Academic Dishonesty 13.99.99.R0.03](#)

<http://www.tamuc.edu/aboutUs/policiesProceduresStandardsStatements/rulesProcedures/13students/undergraduates/13.99.99.R0.03UndergraduateAcademicDishonesty.pdf>

[Graduate Student Academic Dishonesty 13.99.99.R0.10](#)

<http://www.tamuc.edu/aboutUs/policiesProceduresStandardsStatements/rulesProcedures/13students/graduate/13.99.99.R0.10GraduateStudentAcademicDishonesty.pdf>

*The syllabus/schedule are subject to change.*

## **Students with Disabilities-- ADA Statement**

The Americans with Disabilities Act (ADA) is a federal anti-discrimination statute that provides comprehensive civil rights protection for persons with disabilities. Among other things, this legislation requires that all students with disabilities be guaranteed a learning environment that provides for reasonable accommodation of their disabilities. If you have a disability requiring an accommodation, please contact:

### **Office of Student Disability Resources and Services**

Texas A&M University-Commerce

Gee Library- Room 162

Phone (903) 886-5150 or (903) 886-5835

Fax (903) 468-8148

Email: [studentdisabilityservices@tamuc.edu](mailto:studentdisabilityservices@tamuc.edu)

Website: [Office of Student Disability Resources and Services](#)

<http://www.tamuc.edu/campusLife/campusServices/studentDisabilityResourcesAndServices/>

## **Nondiscrimination Notice**

Texas A&M University-Commerce will comply in the classroom, and in online courses, with all federal and state laws prohibiting discrimination and related retaliation on the basis of race, color, religion, sex, national origin, disability, age, genetic information or veteran status. Further, an environment free from discrimination on the basis of sexual orientation, gender identity, or gender expression will be maintained.

## **Campus Concealed Carry Statement**

Texas Senate Bill - 11 (Government Code 411.2031, et al.) authorizes the carrying of a concealed handgun in Texas A&M University-Commerce buildings only by persons who have been issued and are in possession of a Texas License to Carry a Handgun. Qualified law enforcement officers or those who are otherwise authorized to carry a concealed handgun in the State of Texas are also permitted to do so. Pursuant to Penal Code (PC) 46.035 and A&M-Commerce Rule 34.06.02.R1, license holders may not carry a concealed handgun in restricted locations.

For a list of locations, please refer to the [Carrying Concealed Handguns On Campus](#) document and/or consult your event organizer.

Web url:

<http://www.tamuc.edu/aboutUs/policiesProceduresStandardsStatements/rulesProcedures/34SafetyOfEmployeesAndStudents/34.06.02.R1.pdf>

Pursuant to PC 46.035, the open carrying of handguns is prohibited on all A&M-Commerce campuses. Report violations to the University Police Department at 903-886-5868 or 9-1-1.

*The syllabus/schedule are subject to change.*

## **COURSE OUTLINE**

Week	Topic	Reading Assignment	Homework Assignment
<b>WEEK 1:</b> <i>Jan 11<sup>th</sup></i>	<ul style="list-style-type: none"> <li>Review Syllabus</li> <li><b>Mandatory online discussion</b></li> </ul>		<ul style="list-style-type: none"> <li>Submit Academic Dishonesty Policy</li> </ul>
