

# CSCI 434 Introduction to Computer Networks Fall 2021

# **INSTRUCTOR INFORMATION**

Instructor: Kathiravan Natarajan Office Location: Online Office Hours: Course instructor will communicate via the course page Office Phone: N/A Office Fax: N/A University Email Address: Kathiravan.Natarajan@tamuc.edu Preferred Form of Communication: Email Communication Response Time: 1 day to 3 days

# **COURSE INFORMATION**

Materials - Textbooks, Readings, Supplementary Readings

#### Textbook(s) Required

COMPUTER NETWORKING Author: KUROSE Edition: 6TH 13 Published Date: 2013 ISBN: 9780132856201 Publisher: PEARSON

Course contents will be shared on the course web page. A textbook is beneficial but not mandatory.

#### **Software Required**

It will be communicated on the course web page.

#### **Optional Texts or Materials**

Course materials should suffice in achieving the educational goals of this course.

### **Course Description**

**Student Learning Outcomes** (Should be measurable; observable; use action verbs)

- 1. To understand the basic terms of computer networks and understand the network infrastructure, switches, routers, and VLANs
- 2. To understand the network protocols and standards such as DNS, DHCP, and web
- 3. To plan the networks by understanding the LANs, WANs, server and virtualization architectures, and storage architectures such as RAID
- 4. To understand the concepts of network hardware, wireless networks, windows clients, mac networks, and VPNs
- 5. To implement virtualization in Hyper-V, VMWare, desktop, and some cloud platforms such as AWS, GCP, and Azure.
- 6. To achieve hands-on experience in implementing networks in Linux and Windows platforms
- 7. To understand and visualize the network administration in a real-time setting along with the explanation on industry-recognized certifications
- 8. To evaluate various career opportunities of this course such as network engineer, network administrator, security engineer, etc.

# COURSE REQUIREMENTS

### Minimal Technical Skills Needed

No prerequisites needed

# **Instructional Methods**

The instructor will share the course materials on the course web page in documents; the instructor will explain some complex concepts via video recordings or through zoom meetings based on students' requests.

# Student Responsibilities or Tips for Success in the Course

Build a weekly habit of completing the lessons from the course materials on time every week. Practicing "practice quizzes" would help to score better in the weekly graded quizzes and the mid-term and final exams. Foundational knowledge is essential. If any questions or problems in understanding, never wait for the next week as the instructor would explain some concepts based on the previous weeks. If the materials are hard to understand for some students, the instructor will create study groups to revise the concepts. Work proactively on the instructor's research direction to score the maximum

grade in the team research project. The instructor will be able to help with the programming problems and research questions for the students.

# GRADING

Final grades in this course will be based on the following scale:

A = 90%-100%

B = 80%-89%

C = 70%-79%

D = 60%-69%

F = 59% or Below

Weights of the assessments in the calculation of the final letter grade:

Weekly Quizzes	25%
Team Research Project	25%
Two Midterm Exams	30%
Final Exam	20%
TOTAL	100%

#### Assessments

Assessments will be conducted online, including the two midterm exams, the final exam, and the team research project. All the exams will be multiple-choice questions. A team research project will include a team of 2 or 3 students. The instructor will provide weekly directions on the team research project. In addition, the instructor will also evaluate every week for the team research project. The students should submit a complete report on the team research project or publish the research report in a journal or conference at the end of the semester to achieve the assigned score. The instructor will equip the students in all possible ways to score the most in the team research project.

### **TECHNOLOGY REQUIREMENTS**

#### LMS

All course sections offered by Texas A&M University-Commerce have a corresponding course shell in the myLeo Online Learning Management System (LMS). Below are the technical requirements

LMS Requirements:

https://community.brightspace.com/s/article/Brightspace-Platform-Requirements

LMS Browser Support:

https://documentation.brightspace.com/EN/brightspace/requirements/all/browser\_support.htm

YouSeeU Virtual Classroom Requirements: https://support.youseeu.com/hc/en-us/articles/115007031107-Basic-System-Requirements

# ACCESS AND NAVIGATION

You will need your campus-wide ID (CWID) and password to log into the course. If you do not know your CWID or have forgotten your password, contact the Center for IT Excellence (CITE) at 903.468.6000 or <u>helpdesk@tamuc.edu</u>.

**Note:** Personal computer and internet connection problems do not excuse the requirement to complete all coursework in a timely and satisfactory manner. Each student needs to have a backup method to deal with these inevitable problems. These methods might include the availability of a backup PC at home or work, the temporary use of a computer at a friend's house, the local library, office service companies, Starbucks, a TAMUC campus open computer lab, etc.

# **COMMUNICATION AND SUPPORT**

If you have any questions or are having difficulties with the course material, please get in touch with your instructor.

### **Technical Support**

If you are having technical difficulty with any part of Brightspace, don't hesitate to get in touch with Brightspace Technical Support at 1-877-325-7778. Other support options can be found here:

https://community.brightspace.com/support/s/contactsupport

#### Interaction with Instructor Statement

# **COURSE AND UNIVERSITY PROCEDURES/POLICIES**

#### **Course Specific Procedures/Policies**

#### **MAKEUP POLICY**

There will be NO makeup exams/assignments in general. However, with prior notification and valid documents, makeup chances may be given to students under extreme circumstances, such as hospitalization, serious injury, death in the family, etc. No makeup allowed for other than exams and assignments.

#### **COLLABORATION POLICY**

Students are encouraged to discuss any of the assignments with each other, to the instructor, or to anyone else. However, any assistance must be limited to discussion of the problem and sketching general approaches to a solution. Each student must write out his or her solutions to the homework. Consulting another student's or group's solution is allowed for team research project but prohibited for exams and quizzes. These and any other form of collaboration on assignments constitute cheating. If you have any question about whether some activity would constitute cheating, please feel free to ask.

#### Syllabus Change Policy

The syllabus is a guide. Circumstances and events, such as student progress, may require the instructor to modify the syllabus during the semester. Any changes made to the syllabus will be announced in advance.

# **University Specific Procedures**

#### **Student Conduct**

All students enrolled at the University shall follow the tenets of common decency and acceptable behavior conducive to a positive learning environment. The Code of Student Conduct is described in detail in the <u>Student Guidebook</u>. <u>http://www.tamuc.edu/Admissions/oneStopShop/undergraduateAdmissions/studentGuidebook.as</u> <u>px</u>

Students should also consult the Rules of Netiquette for more information regarding how to interact with students in an online forum: <u>https://www.britannica.com/topic/netiquette</u>

#### **TAMUC** Attendance

For more information about the attendance policy, please visit the <u>Attendance</u> webpage and <u>Procedure 13.99.99.R0.01</u>.

http://www.tamuc.edu/admissions/registrar/generalInformation/attendance.aspx

http://www.tamuc.edu/aboutUs/policiesProceduresStandardsStatements/rulesProcedures/13students/academic/13.99.99.R0.01.pdf

#### Academic Integrity

Students at Texas A&M University-Commerce are expected to maintain high standards of integrity and honesty in all of their scholarly work. For more details and the definition of academic dishonesty, see the following procedures:

Undergraduate Academic Dishonesty 13.99.99.R0.03 Undergraduate Student Academic Dishonesty Form

http://www.tamuc.edu/aboutUs/policiesProceduresStandardsStatements/rulesProcedures/documents/13.99.99.R0.03UndergraduateStudentAcademicDishonestyForm.pdf

Graduate Student Academic Dishonesty Form

http://www.tamuc.edu/aboutUs/policiesProceduresStandardsStatements/rulesProcedures/13students/undergraduates/13.99.99.R0.03UndergraduateAcademicDishonesty.pdf

### **Students with Disabilities-- ADA Statement**

The Americans with Disabilities Act (ADA) is a federal anti-discrimination statute that provides comprehensive civil rights protection for persons with disabilities. Among other things, this legislation requires that all students with disabilities be guaranteed a learning environment that provides for reasonable accommodation of their disabilities. If you have a disability requiring an accommodation, please contact:

#### Office of Student Disability Resources and Services

Texas A&M University-Commerce Velma K. Waters Library Rm 162 Phone (903) 886-5150 or (903) 886-5835 Fax (903) 468-8148 Email: <u>studentdisabilityservices@tamuc.edu</u> Website: <u>Office of Student Disability Resources and Services</u>

http://www.tamuc.edu/campusLife/campusServices/studentDisabilityResourcesAndServices/

#### **Nondiscrimination Notice**

Texas A&M University-Commerce will comply in the classroom, and in online courses, with all federal and state laws prohibiting discrimination and related retaliation on the basis of race, color, religion, sex, national origin, disability, age, genetic information, or veteran status. Further, an environment free from discrimination on the basis of sexual orientation, gender identity, or gender expression will be maintained.

# **Campus Concealed Carry Statement**

Texas Senate Bill - 11 (Government Code 411.2031 et al.) authorizes the carrying of a concealed handgun in Texas A&M University-Commerce buildings only by persons who have been issued and are in possession of a Texas License to Carry a Handgun. Qualified law enforcement officers or those who are otherwise authorized to carry a concealed handgun in the State of Texas are also permitted to do so. Pursuant to Penal Code (PC) 46.035 and A&M-Commerce Rule 34.06.02.R1, license holders may not carry a concealed handgun in restricted locations.

For a list of locations, please refer to the <u>Carrying Concealed Handguns On Campus</u> document and/or consult your event organizer.

Web URL: <u>http://www.tamuc.edu/aboutUs/policiesProceduresStandardsStatements/rulesProcedures/34SafetyOfEmployeesAndStudents/34.06.02.R1.pdf</u>

Pursuant to PC 46.035, the open carrying of handguns is prohibited on all A&M-Commerce campuses—report violations to the University Police Department at 903-886-5868 or 9-1-1.

# A&M-Commerce Supports Students' Mental Health

The Counseling Center at A&M-Commerce, located in the Halladay Building, Room 203, offers counseling services, educational programming, and connection to community resources for students. Students have 24/7 access to the Counseling Center's crisis assessment services by calling 903-886-5145. For more information regarding Counseling Center events and confidential services, please visit www.tamuc.edu/counsel

# **Department or Accrediting Agency Required Content**

# COURSE OUTLINE / CALENDAR (Tentative)

Week	CONTENT	REFERENCE
3-Sep (W1)	Course Introduction, Network infrastructure	[KR] Ch1.1-1.3
10-Sep (W2)	Switches, Routers, and VLANs	[KR] Ch4.5-4.6
	Intro to servers, virtualization, and cloud	[KR] Ch1.4-1.6
17-Sep (W3)	computing	
	Network protocols and standards, TCP/IP, IP	[KR] Ch2.1-2.2, 2.5,
	addresses, DNS, DHCP and web.	[KR] Ch3.4-3.5,
24-Sep (W4)		[KR] Ch4.4
1-Oct (W5)	Local Area Network (LAN)	[KR] Ch5.4
8-Oct (W6)	Midterm Exam 1	
15-Oct (W7)	Wide Area Network (WAN)	[KR] Ch5
	Server and virtualization architectures, and	[KR] Ch4.1-4.3
22-Oct (W8)	storage architectures such as RAID	
29-Oct (W9)	Network hardware, wireless networks	
5-Nov (W10)	Midterm Exam 2	
	Networks in windows clients, mac networks, and	Instructor
12-Nov (W11)	VPNs	material
	Virtualization in Hyper-V, VMWare, desktop, and	Instructor
	some cloud platforms such as AWS, GCP, and	material
19-Nov (W12)	Azure (Not graded- for knowledge purpose)	
	Implementing networks in Linux and Windows	Instructor
26-Nov (W13)		material
3-Dec (W14)	Team Research Project Review	
10-Dec (W15)	Final Exam
