COURSE DESCRIPTION

Catalogue Description of the Course

551. Practicum. Three semester hours. Provides for continued development and practice of skills learned in Coun 516 and Coun 548. Students develop conceptual and professional skills related to their practice at a field site and practice various specified counseling and related activities during a minimum of 100 hours at an agency or educational setting. Satisfactory performance at the field placement and during on-campus class meetings must be demonstrated before students can proceed to internship (Coun 552). Prerequisites: Application form returned to department several months before actual enrollment in this course (check with department for availability and due dates), a grade of "B" or better in 516 and 548 and successful completion of Admission to Candidacy requirements (or the equivalent for those seeking school counselor certification only) within the Counseling Program.

General Course Information

Practicum is designed to develop students' counseling skills beyond the level required in Basic Skills and Advanced Basic Skills. The primary emphasis is on performing counseling and related activities in a specified agency or educational setting. As a result, Practicum comprises both oncampus and on-site experiences. Students will learn and practice a variety of counseling strategies in this course and will also have a field site where they will gain approximately 100 hours of experience. At the beginning of this course, students are expected to have completed

COURSE REQUIREMENTS

Minimal Technical Skills Needed

In this class, you will utilize the Learning Management System (LMS) entitled D2L for portions of instructional and learning methods and submitting assignments. You will need to utilize other technologies such as Microsoft Word, PowerPoint, etc. If you have issues with this system, it is your responsibility to contact the help desk immediately.

Instructional Methods

Lecture, discussion, seminar, and supervised application. (See instructor syllabus.)

Client Role

You will be in a client role and in a counselor role in different role-plays and activities in this course. These roles are essential and mandatory to your learning, demonstration, and assessment of basic counseling skills. If you are not prepared to engage in these roles, you are recommended to drop this course, as it will negatively influence your grade. What you share in these role-plays (or real-plays) is entirely up to you and your comfort level. As such, all students are held to the highest privacy and confidentiality standards and must abide by the current ACA code of ethics. You have the right and personal responsibility to share only as deeply as you want. At the same time, if you find yourself not wishing to engage in these exercises, you may prefer to drop the course. See appendix D.

Confidentiality and Ethics

In this course, you are entering an experience that involves a fair amount of role-playing and practice interviewing. Naturally, in the course of discussion, it is possible for a student colleague to say something personally important and confidential. It is your duty to maintain confidentiality. Confidentiality is extremely important to the integrity of this course, enrolling in this course carries with it the responsibility to maintain confidentiality. Confidentiality cannot be

The syllabus/schedule are subject to change

guaranteed in any situation, but we are collectively accountable to maintain a safe, trusting environment throughout the course including experiential activities, and in-class conversations. While it can be compelling to share personal information about class members with others, all students are bound by the ACA ethical code of confidentiality with respect to any material shared by other members of the class. The disclosure of personal information to anyone outside this class would be considered unethical and you will face consequences for disclosing it to non-class members. Please explore any concerns you have about confidentiality during class time, after class, or via private communication with the instructor.

When students demonstrate personal limitations that might impede future performance, or consciously violate ethical standards, and are ineffective and harmful to clients, then these students will not receive the instructor's endorsement to continue with the program. (ACA Ethical Standards)

CSCE Statement The Counseling Program is obligated by professional ethics (see ACA Code of Ethics, 2014) and University procedure to assess students as to their potential for meeting the expectations of the professional counseling field. The competencies outlined in this document (CSCE) are specific to professional counseling and are in addition to academic requirements. The Department of Counseling may suspend from the Counseling program any students judged incapable of meeting these expectations. Procedures regarding potential dismissal are outlined in the Program's *Retention/Dismissal* Procedure.

The CSCE may be used by any faculty member with any student enrolled in a Counseling course to provide that student with feedback regarding their potential for meeting the expectations of the professional counseling field and the Department. Completion of a CSCE is required in the following courses: COUN 516, COUN 548, COUN 551, COUN 552, COUN 620, and COUN 660. **Each use of the CSCE must be placed in the student's Department file along with any remediation plan developed by the faculty in conference with the student.**

Personal Counseling Requirements

All students are required to participate as a client in personal counseling (see Student Handbook).

- For students admitted to the program before Fall 2017, 6 personal counseling sessions must be completed prior to enrollment in COUN 551: Practicum.
- For students admitted in FALL 2017 or later, 10 personal counseling sessions must be completed as a requirement in **your 516 course**. Failure to do so may result in a grade of "F" Failure or "X" Incomplete.

This personal counseling requirement may be completed at no cost to the student at one of the department-operated clinics (CHEC, Mesquite). Students may, at their own expense, complete this requirement with a counselor not associated with A&M-Commerce. Evidence of completion of this requirement is achieved by providing a signed letter from the counselor, preferably on letterhead, stating simply that the student has completed the required number of sessions.

The syllabus/schedule are subject to change

COURSE HOURS REQUIREMENTS include, but are not limited to:

Client hours requirement In addition to regular class meetings, the student will complete at least one hour per week, outside of class time, of individual or triadic supervision with a faculty member or assigned, The syllabus/schedule are subject to change supervised doctoral graduate assistant. The student is required to submit recordings of counseling sessions with clients from his or her field site for this supervision as well as in our class supervision.

Also, in addition to regular class meetings, the student will complete at least one hour per week, outside of class time, of individual or triadic supervision with their field site supervisor. The student is required to submit recordings of counseling sessions with clients from his or her field site for supervision as well as in our class supervision.

The student will complete 100 clock hours of supervised field practice. At least 40 of these hours will be direct service work with clientele appropriate to the student's field setting, including experience in individual and group work.

The student will maintain professional liability insurance throughout internship.

Students will negotiate a Field Experience Contract and an Emergency Contract with their onsite supervisors. This contract constitutes an agreement between the student, field supervisor and instructor of record and specifies the student's activities, hours, and supervision arrangements.

The student will keep a *Weekly Activity Log* that will document a cumulative record of hours including:

The student will complete an evaluation of field site experiences during the last week of the semester. These evaluations will be filed with the department's Coordinator for Field Placement.

Student Responsibilities or Tips for Success in the Course

As a student in this course, you are responsible for the active learning process. Expectations of this course include the following:

1. You are expected to display professionalism at all times. Be respectful to your professor and peers. Be open to feedback, as you will receive this throughout the program.
2. Prepare for classes. Complete any and all readings prior to class time.
3. Complete all assignments by the deadline.
4. Adhere to the university student code of conduct.
5. Participate. During face-to-face classes, you are expected to actively participate in all activities and discussion. In the online format, you are expected to participate in all online discussions/activities. This is crucial to your learning.
6. All writing assignments must be done according to APA 6th edition.
7. Regularly check your University email. My suggestion is to check it at least once a day as

The syllabus/schedule are subject to change

- your instructors and others from the department and University may contact you.
8. Begin your readings ASAP. Sometimes it may take more than one attempt to digest the material.
 9. Deadlines are the last possible moment something is due—not the first moment to start. Work ahead. I realize this may not always be possible; however, when you can do so.
 10. Be open to the process. This degree takes time, work, effort, and growth.

Assignments/Assessments

1. Class Participation & Attendance (15 points)

Due to the nature of this class, attendance and participation are essential. Participation is credited to all activities related to this course. Please be aware that being consistently late to class can also constitute as an absence, particularly when a pattern of lateness emerges without justification. Students will demonstrate knowledge and understanding of key concepts through class discussions and in-class activities. Regular attendance, arriving to class on time, and reading the materials before class are expected. You are encouraged to actively participate in and out of class. Do not expect/rely on class lecture for your learning. This class requires you to be an active and critical thinker, to share your thoughts respectfully, to engage with the material honestly and openly, and to participate in role-playing and skills practice both inside and outside of class. This course is the foundational course for facilitating your counseling skills; thus, attending, participating, and experiential learning within and outside of the classroom are crucial. You will have many opportunities to contribute to the total learning experience through attendance, discussion, and assigned activities.

The following criteria will be used to determine participation & attendance points:

Class Participation Rubric

3 – *Exceeds Expectations* (27-30 points)

Proactive participation: leading, originating, informing, challenging contributions that reflect in-depth study, thought, and analysis of the topic under consideration. This does not mean dominating discussion or self-disclosure inappropriate to the circumstances. No more than one absence/no evident pattern of lateness with the completion of course hours requirement.

2 – *Meets Expectations* (24 – 26 points)

Reactive participation: supportive, follow-up contributions that are relevant and of value, but rely on the leadership and study of others, or reflect opinion/personal self-disclosure rather than study, contemplation, synthesis, and evaluation. Two or less absences/no evident pattern of lateness, with the completion of course hours requirement. Student attended another department equivalent class to meet supervision requirement due to excused absence.

The syllabus/schedule are subject to change

1 – *Does Not Meet Expectations* (0-25 points)

Passive participation: present, awake, alert, attentive, but not actively involved or invested; Or Uninvolved: absent, present but not attentive, sleeping, texting/surfing, irrelevant contributions. More than two absences/pattern of lateness evident

2. **Video recording & Session Analysis (25 points for each tape).** Each student is required to meet weekly with clients at their field site to practice their counseling skills (see **Appendix B**) and record video sessions. From these weekly sessions, students are to bring two video recorded counseling sessions (preferably a minimum of 40 minutes in length), as counselor to class. Along with each of the two recorded sessions as counselor you are to complete a session analysis using **Appendix A** as a guide. Content of the session analysis must correspond to the recorded video tape played in class. Please turn the session analysis the day the assignment is due.

Counseling skills of process, conceptualization, personalization, and professionalism are the focus of internship and should be evidenced in your tapes and session analyses. See **Appendix B** for more detail in regard to counseling skills. Tape two will also require a case conceptualization that utilizes the structure from page 15 in Sperry & Sperry.

See **Rubric** below for grading details

5. Counseling Student Competency Evaluation (CSCE)

The Counseling Program is obligated by professional ethics (see ACA Code of Ethics, 2014) and University procedure to assess students as to their potential for meeting the expectations of *professional practice* in the professional counseling field. The competencies outlined in this document (CSCE) are specific to professional counseling and are in addition to academic requirements. The Counseling Program may suspend from the program any students judged incapable of meeting these expectations. Procedures regarding potential dismissal are outlined in the Program's Retention/Dismissal Procedure.

The CSCE may be used by any faculty member with any student enrolled in a Counseling course to provide that student with feedback regarding their potential for meeting the expectations of the professional counseling field and the Department. Completion of a CSCE is required in the following courses: COUN 551, COUN 552, COUN 620, and COUN 660 (i.e., Clinical Supervision, Advanced Practicum, Advanced Internship, Advanced Supervision, Advanced Teaching). The course instructor in COUN 516 and COUN 548 may choose to implement the CSCE at his/her discretion. Each use of the CSCE must be placed in the student’s Department file along with any remediation plan developed by the faculty in conference with the student.

The Counseling Program has elected to use the CSCE to monitor student’s progress in *professional practice*. As a requirement in this course, a final CSCE evaluation will be completed by the course instructor, in consultation with the student, to assess your professionalism, general competency, social and emotional maturity, integrity and ethical conduct, and clinical competency. Please note that the instructor of the course may choose to administer the CSCE at different time intervals throughout the semester (e.g., initial, mid) at his/her discretion. The CSCE can yield an overall average composite score or an average subscale score for each domain. The Department utilizes both overall average composite score and average subscale scores to monitor students’ *professional practice*. See rubric below.

6. **Practicum Site Supervisor’s Evaluation of Trainee (CMHC[D] & SC [C]):** The Counseling Program has elected to assess and incorporate site supervisors’ feedback in the evaluation of students’ performance in *professional practice*. Completion of a site supervisor’s evaluation of trainee is required in COUN 552. Each use of the site supervisor’s evaluation of trainee must be placed in the student’s Department file.

As a requirement in this course, a final site supervisor’s evaluation of trainee will be completed by the site supervisor, in consultation with the student, to evaluate your *professional practice* across various domains. Please note that the instructor of the course may require a site supervisor’s evaluation of trainee at different time intervals throughout the semester (e.g., mid) at his/her discretion. The site supervisor’s evaluation of trainee can yield an overall average composite score or an average subscale score for each domain. The Department utilizes both overall average composite score and average subscale scores to monitor students’ *professional practice*.

*Instructors, please be aware that the site supervisor’s evaluation of trainee is program specific (CMHC or School Counseling) and exist in two different versions (Practicum or Internship). Therefore, please use the SC rubric for school counseling students and CMHC rubric for clinical mental health counseling students. See rubrics below.

GRADING

Final grades in this course will be based on the following scale:

90%-100%	S
80%-89%	S
<79%	U

Assignment/Assessment	Point Value
Class Participation & Discussions	15
Theory and conceptualization paper	35
Two Video Recordings/Session Analyses (100 points each)	50
KAA: CSCE	0
KAB: Site Supervisor's Evaluation	0

This is a pass/fail course. To pass this course, students must get a minimum of 80 points out of a possible 100. For accreditation, instructors do calculate grades on assignments.

Total points possible = 100 for this course.

100-90 points = A

89-80 points = B

Below 80 = C (Failing grade in this course).

TECHNOLOGY REQUIREMENTS

Browser support

D2L is committed to performing key application testing when new browser versions are released. New and updated functionality is also tested against the latest version of supported browsers. However, due to the frequency of some browser releases, D2L cannot guarantee that each browser version will perform as expected. If you encounter any issues with any of the browser versions listed in the tables below, contact D2L Support, who will determine the best course of action for resolution. Reported issues are prioritized by supported browsers and then maintenance browsers.

Supported browsers are the latest or most recent browser versions that are tested against new versions of D2L products. Customers can report problems and receive support for issues. For an optimal experience, D2L recommends using supported browsers with D2L products.

Maintenance browsers are older browser versions that are not tested extensively against new versions of D2L products. Customers can still report problems and receive support for critical issues; however, D2L does not guarantee all issues will be addressed. A maintenance browser becomes officially unsupported after one year.

Note the following:

- Ensure that your browser has JavaScript and Cookies enabled.
- For desktop systems, you must have Adobe Flash Player 10.1 or greater.
- The Brightspace Support features are now optimized for production environments when using the Google Chrome browser, Apple Safari browser, Microsoft Edge browser, Microsoft Internet Explorer browser, and Mozilla Firefox browsers.

- At a minimum, you must have Microsoft Office 2013, 2010, 2007 or Open Office. Microsoft Office is the standard office productivity software utilized by faculty, students, and staff. Microsoft Word is the standard word processing software, Microsoft Excel is the standard spreadsheet software, and Microsoft PowerPoint is the standard presentation software. Copying and pasting, along with attaching/uploading documents for assignment submission, will also be required. If you do not have Microsoft Office, you can check with the bookstore to see if they have any student copies.

ACCESS AND NAVIGATION

You will need your campus-wide ID (CWID) and password to log into the course. If you do not know your CWID or have forgotten your password, contact the Center for IT Excellence (CITE) at 903.468.6000 or helpdesk@tamuc.edu.

Note: Personal computer and internet connection problems do not excuse the requirement to complete all course work in a timely and satisfactory manner. Each student needs to have a backup method to deal with these inevitable problems. These methods might include the availability of a backup PC at home or work, the temporary use of a computer at a friend's home, the local library, office service companies, Starbucks, a TAMUC campus open computer lab, etc.

Appendix A (Session Analysis Tapes 1&2)

- Include client demographics: age, gender, ethnicity, family constellation, etc.
- Description of presenting problem, referral source, areas of concern
- Brief summary of session content
- Interventions and techniques used in the session and a rationale for choosing these responses.
- Session-Analysis: evaluate your performance and the session

Partial Example: Your analysis will be considerably longer than the brief excerpts below.

- **Demographics:** BC is a 12-year-old Hispanic male who is in 7th grade. He is the youngest of four children and lives with both biological parents.
- **Presenting problem:** BC was referred by his teacher. He is currently failing math and language arts and has been referred to the principal for disruptive behavior.
- **Areas of concern:** BC appears to have low self-esteem and few friends. He does not appear to have support for his schoolwork at home. His parents do not speak English well and are not very involved with his school responsibilities.
- **Summary of Session Content:** Identify client and counselor goals. What was the objective of the session? Include here what were the major themes/topics explored?
- **Interventions/techniques (along with rationale):** The counselor used reflective listening, open questions, paraphrasing, clarifying, and summarizing. Goal setting was also utilized. A

The syllabus/schedule are subject to change

homework assignment was given. *Client agreed to “act as if” the next time he is embarrassed to go to tutoring for math.*

- **Most prominent theoretical approach used during this session:** At this stage you will incorporate your use of theory into the process and include in your analysis your intention and rationale for doing what you did in session. You will document this with a(n) excerpt(s) from your session.
- **Session-Analysis:** Evaluate your performance and the session, focusing on **you** and not your client: what did you like best and least about your use of process, personalization, professional, and conceptual skills (see Appendix B for list of skills); what skills/processes did you do well?; what do you need to improve on?; what did you miss?; when were you aware of what was missed?; how did you handle any misconceptions or other issues that arose in session?; how would you define the quality of the counselor-client relationship?; what are the considerations surrounding multicultural factors?; what were you experiencing as the counselor during the session?; what might be going on that was left unspoken?; what might you tell a clinical supervisor when asked what you might not have addressed with your client?; and what hypotheses can you develop about what was occurring for your client?

Appendix B (Counseling Skills)

Skills needed to be demonstrated during the course...

Process Skills: These include skills learned in Pre-Practicum and refer to counselor behaviors that can be observed either through two-way mirrors, video or audio recording. These skills enhance the process of counseling and will be evaluated in their execution rather than their choice. Process skills are observable counselor' attitudes and skills. Process skills range from paraphrasing to more complex skills such as attempts to empathizing, confronting discrepancies, responding to nonverbal behavior, pacing a session, and using silence.

Conceptual Skills: Most of the counselor's covert behaviors are found here. Conceptual skills reflect deliberate thinking and case analysis. There are two kinds of thinking in this area: conceptualization during the session and between the sessions. Kinds of behaviors that represent these skills include:

- understanding what the client is saying;
- identifying themes in the client messages;
- choosing strategies appropriate to client goals;
- recognizing even subtle improvement by the client.

Conceptualization skills involve understanding patterns and themes with each client. Conceptualization skills also involve being able to distinguish between important and unimportant client statements and processes.

Personalization Skills: These include both easily observable and subtle behaviors. Because counseling is a very personal activity, these skills will indicate how well the student has adjusted to the role of helper. Examples of these might include:

comfort with the responsibility of being a counselor;
being able to separate one's own issues from those of the client.
being able to handle a range of personal emotions
being able to accept constructive criticism

Professional Skills: These include ethical behaviors both within, and outside, counseling sessions. Examples include, but are not restricted to, the following:

- completing paper work on time,
- safeguarding confidentiality,
- behaving professionally in field placement,
- dressing appropriately for counseling contacts,
- not being defensive with an accusing client,
- being able to handle a range of personal emotions, and
- being able to accept constructive critique.

When students demonstrate personal limitations that might impede future performance, or consciously violate ethical standards, and are ineffective and harmful to clients, then these students will not receive the instructor's endorsement to continue with the program and pass the course.
