TECHNOLOGY REQUIREMENTS

Browser support

D2L is committed to performing key application testing when new browser versions are released. New and updated functionality is also tested against the latest version of supported browsers. However, due to the frequency of some browser releases, D2L cannot guarantee that each browser version will perform as expected. If you encounter any issues with any of the browser versions listed in the tables below, contact D2L Support, who will determine the best course of action for resolution. Reported issues are prioritized by supported browsers and then maintenance browsers.

Supported browsers are the latest or most recent browser versions that are tested against new versions of D2L products. Customers can report problems and receive support for issues. For an optimal experience, D2L recommends using supported browsers with D2L products.

Maintenance browsers are older browser versions that are not tested extensively against new versions of D2L products. Customers can still report problems and receive support for critical issues; however, D2L does not guarantee all issues will be addressed. A maintenance browser becomes officially unsupported after one year.

COURSE AND UNIVERSITY PROCEDURES/POLICIES

Course Specific Procedures/Policies

EXTRA CREDIT: Don't ask, there won't be any. Two types of students usually want to do extra credit work: those who would like to make an even "higher" A; and those who are failing the course. In either case, extra credit makes no sense. Put in the time, energy, and effort on the "regular" work and you will not need any "extra" credit. I will not make any exceptions so DO NOT ASK!

NOTE: We will NOT be negotiating for grades at the end of the semester. You have plenty of opportunities to earn points throughout the semester. A few "bonus" points are built into each exam. At the end of the semester, e-college will calculate your total points and they will be applied to the scale on this syllabus. That is the grade you have earned, and that is the grade you will be assigned.

Syllabus Change Policy

The syllabus is a guide. Circumstances and events, such as student progress, may make it necessary for the instructor to modify the syllabus during the semester. Any changes made to the syllabus will be announced in advance.
