<b>COURSE REQUIREMENTS</b>
----------------------------

### **Instructional / Methods / Activities Assessments**

The readings, recommended multimedia (videos and podcasts), and assignments are listed for each UNIT in D2L. This course is designed so you can work at your own pace but I recommend you to complete at least 5 UNITS each week to make the course work manageable. Each assignment has a recommended due date but these are flexible. There will be no points deducted for late work. There are no Zoom meetings to attend as this is an asynchronous course you will complete based on your own schedule.

All assignments must be submitted through D2L; no emailed assignments please.

You are welcome to email me with any questions you may have or to schedule a Zoom meeting. I will respond within 24 hours, excluding weekends.

### **Grading**

Academic Honesty Quiz	50
About Me! Post	50
Midterm Exam	100
Final Exam	100
Multiple Choice Quizzes (15 @ 10 points each)	150
Primary Resource Analysis	100
<b>TOTAL:</b>	<b>550 points</b>

Semester Grades: A, Excellent: 100-90%; B, Good: 89-80%; C, Average: 79-70%; D, Below Average: 69-60%; F, Fail: 59% and below.

The general grading criteria for all written assignments in this class is based on the following:

A = Mastery of content and reading material; factual accuracy; thoughtful interpretation or argument that synthesizes original thoughts and ideas with content; technically clean

B = Good-to-excellent command of the majority of content and reading material; competent factual accuracy; a generally solid historical argument backed with adequate evidence

C = Fair command of content material; reasonable factual accuracy; ability to articulate a specific thesis or argument even if it is not original or is poorly supported by the evidence

D = Poor command of content; factual errors; no real argument driving the essay

F = Even worse than above; completely off topic; no work submission

### **Academic Honesty Quiz:**

All students must complete the Academic Honesty Quiz before completing any written assignments. No written assignment grades will be released to the student until submission of the Academic Honesty Quiz is complete. This will be your first EASY 50 points in the course!

### **About Me! Post:**

This assignment asks students to upload a picture that says something about you. It doesn't have to be "you" but can be anything that would help the class get to know you. Then write a paragraph or two about yourself. You can include any information you feel comfortable sharing. Some possible ideas are: where you are from, your major, what you plan to do after college, what you find interesting about history, your favorite classroom activity, and anything else you would like to share. In the past students have talked about being from other countries, travels, favorite foods, kids, books, music, pets, and hobbies. I will also post my own About Me! After posting, take a look at your classmates' posts. Notice the diversity and interests among your fellow Lions. Feel free to engage in discussion and ask questions. This is our opportunity to get to know one another. This will be your second EASY 50 points in the course!

### **Midterm and Final Exams:**

There will be two non-comprehensive exams, consisting of three short essays each (expect 3 to 4 pages total for each exam). You will upload your completed exam to the appropriate Dropbox as a Word document (if using Google Docs make sure to save as .doc or .docx). D2L automatically filters all exams through Turnitin, a paper originality application (See the policy on Academic Honesty). You can use any class resources to complete the exams; no outside sources.

To receive better than a 75%, your exam must include at least three pieces of cited evidence from the readings; direct quotes of no more than one sentence in length or

paraphrase. You can note specific readings either in the text (In Abraham Lincoln's Gettysburg Address he stated...), or using MLA format for primary sources or the textbook (Lincoln or American Yawp, Chapter 16, Section 2).

Avoid the use of first person and write professionally with accurate spelling and grammar. Exams will require critical reflection on material learned in the course. Each exam is graded on a 100-point scale. These exams are challenging but if you take your time, prepare yourself, and pay attention to detail, think of the points!

### **Quizzes:**

After completing the assigned reading in each UNIT students will complete a short multiple choice quiz to assess retention of material. Do not begin the quiz until you complete the reading. Quizzes have a 30-minute time limit, leaving little opportunity to look up the answers. There will be 15 quizzes worth 10 points each. More EASY points (as long as you do your reading)!

### **Primary Resource Analysis:**

This assignment is based on a primary resource distributed to students at least one week before the due date. Students will be asked to respond to a series of questions in a prompt using information gathered from the document. This assignment will help you learn how to recognize and summarize a primary source, use appropriate citation, identify an argument, and understand historical cause and effect. Students will complete the assignment using only the assigned primary source and in class resources; no outside sources. Responses must contain evidence cited from the assigned reading in MLA format to receive a grade better than a C. You should reference the specific document either in the text (In Abraham Lincoln's Gettysburg Address he stated...) or using MLA format (Lincoln or American Yawp, Chapter 16, Section 2).

All written assignments are automatically filtered through Turnitin, a plagiarism detection application. Spelling and grammar must be accurate. Significant errors will result in grade reduction.

Each primary resource analysis is worth 50 points, for a total of 100 points. That's A LOT of points!

### **Remember:**

**Read and review the syllabus**

**Login to D2L consistently, every day if possible**

**Complete assignments by the due date, or select a date during the week that works best for you**

## **COURSE AND UNIVERSITY PROCEDURES/POLICIES**

**Interaction with Instructor Statement:**

Students are encouraged to email the professor with questions, concerns, or comments. Students must provide a valid return email address for replies. Unless otherwise announced, students can expect replies within 24 hours during the week. Response times may be longer on the weekends.

When sending an email always do the following:

1) Use a subject line. This tells me what the topic is and prevents your message from ending up in my junk mail.

2) Include your class and section (or class time). I need to know exactly which of my courses you are in. This course is Hist 1302.01W.

3) Use clear, formal English in your emails. Before sending ask yourself, "Would I send this email to my boss?" If not, revise it for professionalism.

3) End the email with your first and last name, that is "sign" your message. I need to know who you are. If you go by a name that is different than the roster, please let me know.

### **Course Specific Procedures/Policies**

All writing assignments should be in standard format – Times New Roman or Arial, 12-point font, one-inch margins, double-spaced.

Standard paragraphs are 6 to 8 sentences; short paragraphs are 4 to 6 sentences.

MLA citation style is parenthetical with author and page number; use for quotations and paraphrasing. It should look like this:

Jurgis is injured on the job and the doctor orders him to stay in bed for two months or risk lameness in his leg for life (Sinclair, 121). With this event and its economic consequences, the author highlights how catastrophic a workplace injury could be for workers in the nineteenth century with no financial safety net.

You can find a MLA quick style guide here:

[https://owl.purdue.edu/owl/research\\_and\\_citation/mla\\_style/mla\\_formatting\\_and\\_style\\_guide/mla\\_formatting\\_and\\_style\\_guide.html](https://owl.purdue.edu/owl/research_and_citation/mla_style/mla_formatting_and_style_guide/mla_formatting_and_style_guide.html)

### **Late Assignments:**

This course is designed so that you can work at your own pace. Therefore, there are no late assignment penalties as long as all work is completed by the end of the semester.

### **Extra Credit:**

There is no extra credit in this course. Students are encouraged to talk to the instructor early and often if they are having problems in the course.

### **Student Conduct:**

All students enrolled at the university shall follow the tenets of common decency and acceptable behavior conducive to a positive learning environment. (See current Student Guidebook)

### **Academic Honesty:**

In all courses, I expect that all work that you do and turn in is your own. It is the policy of the University, the History Department, and myself that no form of plagiarism, cheating, collusion, or any other form of academic dishonesty will be tolerated. Plagiarism is defined as deliberately taking the words or ideas of someone else and passing them off as your own. Cheating is obtaining unauthorized assistance on any assignment. Collusion is the selling of academic products with the intention that they be submitted to satisfy an academic requirement. Students are expected to uphold and support the highest academic standards at all times.

It is fine to use other people's words and ideas as long as they receive credit in citations. If you are unsure about the precise definition of plagiarism and/or think you may have committed this form of academic dishonesty, see the instructor or visit the Online Writing Lab before you turn in the assignment.

If a student commits academic dishonesty on any part of an assignment, the assignment will receive a zero with no possibility for make-up. Additionally, any incidents of academic dishonesty may be reported to the Office of the Provost by the Professor according to university policy 13.99.99.R0.03 Undergraduate Academic Dishonesty.

### **Writing Lab:**

The TAMU-Commerce Online Writing Lab is a valuable service free to any student. They can help you get started on a paper, help with drafts, and answer specific questions about citation style, grammar, and spelling. While they will not write the paper for you, they are there to give feedback and guidance.

### **Students with Disabilities Information:**

The Americans with Disabilities Act (ADA) is a federal anti-discrimination statute that provides comprehensive civil rights protection for persons with disabilities. Among other things, this legislation requires that all students with disabilities be guaranteed a learning environment that provides for reasonable accommodation of their disabilities. If you have a disability requiring an accommodation, please contact:

Further, an environment free from discrimination on the basis of sexual orientation, gender identity, or gender expression will be maintained.

### **Campus Concealed Carry Statement:**

Campus Concealed Carry - Texas Senate Bill - 11 (Government Code 411.2031, et al.) authorizes the carrying of a concealed handgun in Texas A&M University-Commerce buildings only by persons who have been issued and are in possession of a Texas License to Carry a Handgun. ### **Syllabus Change Policy**

The syllabus is a guide. Circumstances and events may make it necessary for the professor to modify the syllabus during the semester. Any changes made to the syllabus will be announced as soon as possible.

### **COURSE OUTLINE / CALENDAR**

There are textbook reading assignments and several primary resources. I expect you to read ALL of the textbook chapter and AT LEAST half of the primary sources (choose the ones you find more interesting). The Recommended Multimedia is just that, recommended but not required. However, they are interesting and will help you take a deeper dive into particular subjects.
