What is TK20? Tk20 is an online data collection assessment tool that houses information/documents/assessments/etc. for our teacher education students. Be sure you purchase the education not nursing version of TK-20 for TAMUC. You only buy TK-20 once, if you have purchased this at a previous institution, please contact Jill.Woodruff@tamuc.edu and she can transfer your account at no cost.

Where can I buy TK20?

The syllabus/schedule are subject to change.

You can purchase TK20 either through the campus bookstore or directly from the vendor. For pricing contact the bookstore or visit the TK20 vendor link. If you plan to purchase TK20 directly from the vendor visit www.tamuc.edu/teacher and then click on the Tk20 link. Otherwise, purchase it at our local campus bookstore. You can reach the bookstore at 903-886-5830.

Course Description
Knowledge and skills concerning the unique needs of all learners, including but not limited to inclusion and English learners, are emphasized in this course. In addition, structure, organization, and management of the American school system, as well as legal and ethical aspects of teaching will receive attention. *Thirty clock hours of professional field experiences are required. Failure to complete 30 hours of EFE may result in failing the class.*
Prerequisites: Sophomore standing must have passed TSI, and a minimum overall GPA of 2.5.
Prerequisite or Co-requisite: ELED 1301.

Goals: *Introduction to Teaching* is the initial course in the professional education sequence and is designed to acquaint prospective teachers with
- significant influences on education, and what 21st century teachers and schools are like;
- become knowledgeable of the executive, interactive, and organizational functions of teaching;
- the curriculum of Texas public schools: The Texas Essential Knowledge and Skills [TEKS]
- beginning level skills in teaching; i.e., planning, delivering, and evaluating instruction, and
- effective strategies for all learners including but not limited to English learners and special needs learners

The syllabus/schedule are subject to change.

Student Learning Outcomes

The learner will:

1. successfully complete 30 hours of Early Field-Experience Observations within classrooms to gain an understanding of elementary teachers and the diversified needs of all learners in addition to ELLs and learners with special needs.
2. be an active and engaged participant in small and whole group discussion forums by analyzing, constructing/creating, and evaluating information presented within the textbook, external readings/resources, student research, class activities, and field-experience.
3. study the process of creating clear expectations and positive classroom management, the processes of designing curriculum and lesson plans, and standards driven rubrics and assessments.
4. become reflective practitioners, by analyzing and connecting with each of the Units, Teacher standards, PPR (Pedagogy and Professional Responsibilities) competencies, and early field experience by writing learning reflections and applications.
5. become aware of teacher certification requirements, state certification exams, and minimum grade point average to be eligible for internship and clinical residency.
6. begin the application process for admission to Educator Preparation Program-Teacher Certification.

Technology Applications for All Teachers Standards

Standard I: All teachers use and promote creative thinking and innovative processes to construct knowledge, generate new ideas, and create products.
Standard II: All teachers collaborate and communicate both locally and globally using digital tools and resources to reinforce and promote learning.
Standard III: All teachers acquire, analyze, and manage content from digital resources.
Standard IV: All teachers make informed decisions by applying critical-thinking and problem-solving skills.
Standard V: All teachers practice and promote safe, responsible, legal, and ethical behavior while using technology tools and resources.
Standard VI: All teachers demonstrate a thorough understanding of technology concepts, systems, and operations.
Standard VII: All teachers know how to plan, organize, deliver, and evaluate instruction for all students that incorporates the effective use of current technology for teaching and integrating the Technology Applications Texas Essential Knowledge and Skills (TEKS) into the curriculum.

COURSE REQUIREMENTS

Minimal Technical Skills Needed

Students will need to use: The D2L learning management system, Tk20 online system for Certification, using Microsoft Word, PowerPoint, or other presentation software, etc.

Instructional Methods

This course is made up of a series of assignments and assessments to assist you in achieving the learner outcomes. Much of our work will occur within cooperative groups of six or less. Please consider the following points:
- You will strengthen your own understanding through preparation and participation.

The syllabus/schedule are subject to change.

- The assignments, points allocated for each, and their contribution to your final grade are specified in the following section.

Student Responsibilities or Tips for Success in the Course

1. Purchase Tk20 – Required for course - failure to purchase by the **12th class day** will result in being administratively dropped from the course.
2. Participate **in thirty hours (30) of documented EFE Early Field Experience Observations.**
Note: The documentation will be either completed in or uploaded into Tk20.
MANDATORY - Participate in school practicum by observing 30 hours in an assigned district or virtual in order to a) observe lesson planning, delivery, and evaluation by the classroom teacher; b) identify various classroom management strategies used by the teacher; c) assist the classroom teacher in daily routines; and d) complete assignments to increase preparation for teaching. You should maintain the agreed on time frame for observing instruction in the assigned school, and will be evaluated on your work experiences by the assigned mentor teacher in the school. **Note**: It is your responsibility to give the original of the completed evaluation form and the field experience log for this course to the instructor. You must also complete the reflection questions online. Failure to do this will result in a failing grade and you will be required to repeat the course. You may give copies to instructors for other courses where field experience documentation is required.
3. Completion of all assigned readings from the text and any supplemental materials. The completion of all written assignments and projects exhibit your scholarship and professionalism. Some examples of assignments that may be expected of you are: written reflections, textbook content, documents within Modules, self-assessments, thoughtful participation in class/group discussions, group teaches or activities, module quizzes, lesson plan design, and module exams.
4. Take objective exams/quizzes via D2L system, as well as other assessments. Read all required assignments as the basis for tests.
5. Plan and implement Target Teaches, utilizing various teaching models – assessed by instructor and peer group members.
6. Apply for admission to the Educator Preparation Program for teacher certification.

GRADING

Final grades in this course will be based on the following scale:
A = 90%-100%
B = 80%-89%
C = 70%-79%
D = 60%-69%
F = 59% or Below

The syllabus/schedule are subject to change.
