COURSE AND UNIVERSITY PROCEDURES/POLICIES

Course Specific Procedures/Policies

Attendance: You're expected to attend class in person for every class period that you are able to. As you may have noticed in the Assessment and grading breakdown, attendance in class directly affects your overall grade in the class so please keep that in mind. If you do not attend class without giving me a reason for your absence ahead of time, you will receive a 0 for that day's attendance grade. Exemptions will be made for athletes who must miss class for their athletic events with the university or any other student who must miss class for a university sanctioned event with band/clubs/etc. If you are sick for any reason (regardless if it is actually Covid or not) I would also encourage you to stay home and let me know that you are unable to attend class and I will also excuse your absence for the day. But again, you must let me know by email before that day's class for this. A doctor's note is **not** required.

Cell Phones and other distractions: I will allow you to have your phones out during class, all I ask is that if you use them, you do not distract me or other students. Some examples of this being, watching a video in class with the sound on, listening to music so loudly that it can be heard through your ear buds, taking a phone call and having your conversation in class. I understand that sometimes you may receive important class, I simply ask that if you must take a call during class, you step out into the hall, have your conversation as quietly as possible, and return to class when you are done. If you are being a distraction, I will ask you stop once, and if you become a distraction with your phone a second time you will be asked to leave and you will receive a 0 for attendance for that day. This "distraction" policy also applies to other things such as talking to other classmates during class about something unrelated to class.

Late Work: Every major assignment will have a set due date unless I decide to change it. Work must be turned in by the set due date or you will receive a grade penalty for the late assignment. The penalty starts at -10 points for turning it during the first week after the initial due date. An additional -5 point penalty will be added for every week after the first that it is late so please make sure you turn your assignments in on time. Exceptions

The syllabus/schedule are subject to change.

can be made but you must inform me of why you are unable to submit an assignment on time at least 24 hours **before** the due date.

The syllabus is a guide. Circumstances and events, such as student progress, may make it necessary for the instructor to modify the syllabus during the semester. Any changes made to the syllabus will be announced in advance.
